

Student Union Alcohol Policy

As SFSS provides core funding to student unions, the groups were previously able to use all of their core funding on the purchase of alcohol. Therefore, the SFSS Board of Directors passed a motion on Thursday July 21, 2016 to approve a new Student Union Alcohol Policy that limits core spending with an appeal process that provides some necessary flexibility. The new policy came into effect September 1st, 2016.

The policy reads that:

The new Student Union Alcohol Policy limits core spending to 30% with up to an additional 20% in order to provide some necessary flexibility.
