8. PRESENTATIONS

8.1 SFSS IT
- SFSS has hired SFU IT services to manage all of the societies computers.
- Al Murray from SFU IT represents the desktop support group, and is one of the main points of contact.
- All SFSS staff and members will be getting SFU computing ID’s shortly, and files will be shared on a server to ensure that everyone can use different machines around the organization.
- The computing ID’s will be used just for SFSS related purposes.
- For security purposes, only SFU IT will have the admin passwords.
- To ensure that files are not lost, there will be consistent snapshots taken of computer screens.
- If any SFSS staff or member needs assistance with downloading software or if they’re having any other technical issues, then they must put a help ticket in; without one, IT services cannot assist with the issue.
- In time, all machines will be switched to PC’s; twelve new PC’s have been ordered to replace outdated ones.
- Although some of the Mac’s are still in good condition, IT services plans on changing those to PC’s eventually.
- The total cost is approximately $470.00 per machine per year; for 41 machines a year the total cost will be estimated at $20,000.
- Plan is to bring 12-15 new machines every year.

** Blossom arrived at 10:43 am

8.2 SFSS WEBSITE DEVELOPMENT
- Communications department has been interviewing student stakeholders with regards to the functionality of the SFSS website.
- Feedback received from the stakeholders was:
  - Most stakeholders visit the site to look for minutes, refer to the Events calendar, book rooms, look up work orders, and use the catering form.
  - Found that it’s difficult or impossible to look for minutes and work reports or review the committee pages.
  - Visitors would like more functionality in being able to opt out of the health and dental plan, buy tickets for events online, and have updates organized by topics rather than dates.
- The Board members had the following further suggestions:
o Fix the issues with the granting process documents and make sure out-dated material doesn’t come up after a search.

o Have a ‘Get involved’ page.

o There should also be a page for the public to contact the SFSS with general questions (i.e. “Ask us” textbox for students to submit their question and email).

o For student clubs: Easier navigation to the grants page and the portal, and provide a link to student clubs social media and websites.

o For Council: have more relative information on what the committee does, and provide their minutes.

o There also needs to be a page that links visitors to the Translink website should they have any questions about the U-Pass program.

8.3 SFSS COMMUNICATIONS PLAN

• Communications Plan supports the Society’s aim to communicate effectively with internal and external stakeholders by the following:
  o Developing and implementing a communications plan.
  o Strengthening the SFSS brand.
  o Providing regular and meaningful opportunities to communicate with members.
  o Being an effective advocate for the members.

• Plan must first identify and define key stakeholders, core messages, appropriate communication channels, resources required, and the timeline to send out messages.

• Plan aims to communicate and work effectively with internal stakeholders such as student led groups, staff, Board of Directors, and SFU (core constituency).

• The communications strategies in brief (as expanded from the 2016-2019 Strategic Plan) are as follows:
  o Implement Communications Plan in order to make stakeholders more informed about the society’s mission, services, events and position on important issues.
  o Strengthen the SFSS brand to ensure internal and external stakeholders will better recognize it.
  o Provide regular and meaningful opportunities for stakeholders to communicate with members.
  o Be an effective advocate for the members (SFSS will strive to achieve progress on issues that are important to members).

8.4 SFSS REVISED GRANTING PROCESS

• The previous granting process possessed organizational risks because some segments of the membership had access to it whereas others didn’t.

• This new process aims to make granting more accessible, fair, transparent, and efficient.

• The new granting process is comprised of five steps:
  1. Proposal Submission
  2. Evaluation
3. Acceptance/Rejection
4. Appeals Process (if needed)
5. Final Report (on behalf of the person or group that received the grant)

- The appeals go to either the SFSS Grants administrators or the Board of Directors.
- The final report is to be submitted within two weeks of project completion, and is to include:
  1. Applicant Information
  2. Project description
  3. Intended outcomes
  4. Lessons learned and knowledge transfer
  5. Final budget report

- The granting guidelines attachment provides a clear description of the granting process.
- The grant program proposal form and grant program budget form are for the submission of the proposal along with the budget.
- The attached evaluation matrix provides applicants with a clear description on how their proposal will be evaluated.
- Note: the evaluation portion is not a subjective process; proposals are evaluated based on how relative they are to the SFSS mission and values.
- The final report includes the grant value, revenue generated (if any), impact on the SFSS membership, and knowledge transfer.
- Due to an apparent need to expand what is already in the granting system, the Granting Committee went further and recommended to the CEO that it would be beneficial to implement this process through a revised clubs grants portal.
- The granting submissions will be done through a software company called Gravity, and this in turn will enable anyone to request a grant online.
- During discussion amongst the Board members and presenters, the granting committee agreed that the thresholds for coordinators to approve grants should be increased.
- Groups that operate outside of the SFSS by-laws may also apply, however, their mission and values must be in line with those of the SFSS; If the demand for grants starts growing, privilege will go to members rather than external groups.
- The entire forms can be completed in as little as ten minutes, and some people may need up to an hour to complete them (depending on how experienced they are); there is also a tool where the form can be saved as a draft.
- The Granting Committee advised the Board that no privilege will be given to student groups; the goal of this new proposal is to make it accessible and attainable to everyone.
- Proposals are reviewed by the Granting Committee based on their number in the cue.
- The committee is also still working on how this new proposal will factor in cases where separate student unions pool their money together to request a grant.
- The Granting Committee is working on what the process will be in that case that the CEO isn’t available to approve grants.
• In addition, some personnel policies are also being developed to deal with events where a conflict of interest may arise due to a staff or board member requesting a grant that is under $500.00.
• The Granting Committee and Board Committee agreed that a threshold of $1,000 would be a more efficient amount for coordinators to approve.
• The Granting Committee has also advised the Board that they are still looking into ways to deal with what would happen in the event that individuals make errors in their proposal a year prior, and decide to apply again.
• It was noted that SFSS committees would not have to go through this granting process.
• Some of the language and weighting in the evaluation matrix may be revised to make it more accessible.
• This trial process is currently being implemented for the web accessible portal; the pilot launch will be at the end of August.
• Note: this new process does not affect core funding.
• After extensive discussion and various questions, Board and the Granting Committee decided that all further questions should be directed to the CEO as he may have better insight into these detailed questions.

8.5 REPORTS FROM COUNCIL CHAIR
• Looking at plans for upcoming fall semester, in terms of reaching out during club days.
• Professional development opportunities for council members are being developed as well.
• There was a discussion held on the sexual assault and prevention center and sexual assault policy.
• There was also a request for an update on the access review recommendations.
• Presentation from the Student Health and Advisory Committee regarding work that is needed on food safe options.

Which one of the four SFSS pillars does this event align with:
Social/ Health and Well-being

Description of Event:
The De-stress Day will serve as an opportunity for students at SFU to relieve their mind during the stressful time of exams. This event will be happening in the mezzanine at the SFU Surrey Campus. Throughout the entire day, we will have multiple stations with activities set up. We will have foosball and ping pong tables along with a large TV set up with FIFA. For food, we will have a Make-Your-Own-Sundae station, which will start at 10:30am. We will also have a popcorn machine available for those who want popcorn instead. At 1:00pm, we will close off all activities and put on a yoga video on the TV we have, and yoga will continue from 1:00pm to 2:00pm to finish off the day.

Resources required:
Staff support from the Surrey Coordinator for the booking of equipment and venue for the event. We will also need promotional support from our Communications Office in the shape of a Facebook Event Page and poster design.

Communications Plan
2016 - 2017

July 2016
COMMUNICATIONS PLAN 2016

This report was commissioned by the 2015/16 Simon Fraser Student Society (SFSS) Board of Directors to evaluate and improve the organization’s internal and external communication methods.

The SFSS is committed to a number of initiatives that will lead to important changes in how we engage, communicate and provide effective services to meet the ever-evolving needs of our members. The communication between the SFSS and its members, the undergraduate students at SFU, is an on-going dialogue. This plan is aimed at ensuring the SFSS communicates regularly and effectively with our members and other stakeholders.

As the representation for the undergraduates on campus, it is crucial that our organization speaks to its members with one clear, familiar voice through all our channels.

CONTEXT:

The SFSS organized its first strategic planning process in the fall of 2015. The document briefly outlines the internal and external environment for the Simon Fraser Student Society, reviews the processes that we used to gather information from key stakeholder groups and outlines our Strategic Plan for the next three years, along with the outcomes we expect to achieve in each year.

Some of the key themes and commitments of the strategic plan include finding new and better ways to engage with members on all campuses, linking advocacy efforts to member needs and interests, and building a stronger sense of community among the undergraduate students.
We have a number of communications-related challenges that we need to address as we move forward, including:

- Defining and strengthening our relationship with key stakeholders
- Addressing the implications of being seen as a “commuter” university
- Being distributed across a multi-campus environment
- Building brand strength and awareness with members
- Improving our internal and external communications

The Society is looking toward a new direction and structure to drive student engagement, requiring a communications plan to manage relationships with more than 25,000 undergraduate students and multiple external parties from professional associations.

We must ensure what we say about ourselves is consistent by what we do in practice.

**Mission:**
The Simon Fraser Student Society exists to improve the health and well-being, social, academic, and financial conditions of our undergraduate students.

**Goals:**
The Communications Plan supports the Society’s aims to communicate effectively with internal and external stakeholders by:

- Developing and implementing a communications plan
- Strengthening our brand
- Providing regular and meaningful opportunities to communicate with members
- Being an effective advocate for our members

To achieve these goals, the Plan must first identify and define:

1. Key stakeholders
2. Core messages
3. Appropriate communications channels
4. Resources required
5. Timeline to send out messages

COMMUNICATIONS STRATEGIES IN BRIEF (EXPANDED FROM 2016-2019 STRATEGIC PLAN):

1. Implement Communications Plan.

   Stakeholders will be more informed about our mission, services, events and our position on important issues.

Strategies/Timing:
   - Develop an internal communications plan for Board and staff (2016/17 – estimated completion date: August 2016)
     - See Appendix D for internal communications plan working draft
   - Build key relationships with local and regional media leaders (ongoing, beginning 2016/17)
     - Have better relationship with on-campus and community media (The Peak, CJSF, Burnaby Now), and build core relations with larger news organizations across the Lower Mainland including CBC, Global News, Metro Vancouver
   - Publish stories on relevant student issues (ongoing, beginning 2016/2017)
     - Form relationship and informal agreement with Peak to publish more consistently (estimated completion date: end of August, beginning of September 2016)
     - Use relevant data and feedback from student engagement opportunities to determine important, current student issues (October 2016, annually)
   - Develop and share stories that profile our services and our people (ongoing, beginning September 2016/17)
     - Start by profiling our services and Board of Directors, then continue on to profiling students with interesting stories to tell
       - Allow students to write their own stories and feature it as a weekly/monthly section for newsletter or social media distribution (start January 2017)
Develop social media strategy (2016/17 - estimated completion date: September 2016)
  - See Appendix C for Social Media Policy working draft

2. Strengthen our brand.

Our stakeholders will better recognize the SFSS brand.

Strategies/Timing:

- Appropriate signage will be prominently displayed at all SFSS events (pub nights especially) and in all SFSS offices, meeting rooms, conference rooms and food and beverage locations. (ongoing, beginning November 2017)
  - Use Club Days and SUB site as a testing ground to increase signage and awareness of SFSS departments and events (September 2016)
  - Make better use of SFSS signs and promotional signs for meeting room and FBS events
  - Develop Sign Plan (August 2016)
    - Communications Coordinator will look into restrictions, consistent designs, best suited pantone colours, sizing, pricing and potential mockups

- Develop and stage signature events (ongoing, beginning 2016/17, starting with Fall Kickoff in September 2016)
  - Annual events such as Pub Kick-Off, Fall Kick-Off, First Year Orientation
  - Work with SFU to evaluate additional assistance required

- Distribute useful, SFSS-branded promotional items (ongoing, beginning 2016/17 – estimated start date: July 2016)
  - Use cost-efficient promo items that our members actually want or will be beneficial for them
  - Survey their needs and wants for outreach supplies

- Redevelop logos for all SFSS services (2016/17 – estimated start date: September 2016)
  - All SFSS department logos need to relate back to our main logo through our name or branding (September 2016)
- Start with Women’s Centre and Out on Campus logos (August 2016)
- Ensure that all club promo materials incorporate the SFSS logos and not one club members created (September 2016)
- Finalize Tagline (August 2016)

3. **Provide regular and meaningful opportunities to communicate with members.**

   Members will be informed about key issues and will have the opportunity to shape their student society.

**Strategies/Timing**

- Stage annual engagement opportunities to encourage members to provide SFSS with feedback (annually, beginning in 2016/17 – estimated time: September 2016)
  - Can be a part of our annual signature event.
  - Need to student feedback for advocacy efforts, events, outreach supplies and concerns on campus,
- Regularly determine member views on key issues (multiple times each year, beginning in 2016/17 – August 2016)
  - Suggest a few key issues as recommended by Board, in addition to giving students the opportunity to voice key issues that are overlooked
- Incorporate feedback opportunities into annual general meetings (annually, beginning 2016/17)
  - Have surveying tools and questions ready for events such as AGMs
- Provide members with the opportunity to provide direction, by referendum, on potential changes to member fees, bylaw changes and other significant matters (annually, beginning 2016/17 – September 2016)
  - Give members with all the resources they need to make informed decisions
  - Be prepared for the meetings with talking points and information

Note: To provide regular and meaningful opportunities to communicate with members, the communications department has identified three principles to guide student communications: consistency, use communication vehicles consistently based on the
type of message; consolidation, aggregate messages using communication vehicles such as websites, portals and newsletters; and simplification, make it easy for students to find what they need.

4. **Be an effective advocate for our members**

SFSS will achieve measurable progress on issues that are important to members

**Strategies/Timing**

- Facilitate and convene dialogues that address key issues (twice annually, beginning 2016/17 – September 2016)
  - Qualitative in-person survey or event similar to Town Hall to grasp a better understanding of issues on campus

- Involve members in determining key advocacy campaign efforts (annually, beginning 2016/17 - September 2016)
  - Use committee sign-ups as a way to interest the memberships to get involved (May 2017, annually)
  - Have committee engage with members on a regular basis to determine key issues and report back with updates
    - Let members know they can be part of a mailing list for a particular issue instead of all advocacy efforts (Club Days – September, May)

- Bring member issues to relevant stakeholders and achieve tangible results (annually, beginning 2016/17 – September 2016)
  - Act as a liaison, clarify roles and who will be tasked as an information and referral point (Board Members)

- Communicate our results to our members (regularly, as results occur, beginning 2016/17 – November 2016)
  - Use current and upcoming channels to show the active efforts by the SFSS to address their concerns

A. COMMUNICATION TOOLS (APPENDIX)

Electronic communication through e-mail, social media, and the website provide opportunities for interactive, two-way communication and reduced response time in the distribution of information by the Society to its members and the receipt of timely feedback from its members. Any communications in this manner must be done in a responsible and respectful manner so as to promote and maintain professionalism within our organization, and in our exchanges with our members.

Whenever possible, SFSS communication vehicles will be standardized in form, function and esthetic. The communications coordinator is responsible for developing content and ensuring it is delivered to the audience. The protection of an individual’s privacy is vital. Confidential matters are never to be communicated.

Our current communication tools and management systems are as follows:

• Facebook
  o SFSS main page
  o Highland Pub
  o Women’s Centre
  o Out on Campus
  
  Responsibility: Final content developed by Communications Coordinator with input from the Women’s Centre Coordinator, Out on Campus Coordinator and Food and Beverage General Manager.

• Email/Newsletter
  o SFSS Club members list
  
  Responsibility: Sent out by General Office Admin Assistants, and SFU Student Services Communication. Content reviewed by SFSS Communications Coordinator. Newsletter is typically sent out monthly; however, standalone notices, regarding topics such as recruitment deadlines and security updates, will run as standalones email. It is the General

  o SFSS Student Union members list

B. SOCIAL MEDIA POLICY (APPENDIX)

Simon Fraser Student Society - Social Media Request Guidelines

The Simon Fraser Student Society has the following social media accounts:
- Facebook: https://www.facebook.com/sfss1
- Twitter: https://twitter.com/sfss1
- YouTube: https://www.youtube.com/user/SFUSFSS
- Instagram: https://www.instagram.com/simonfraserstudentsociety/
- Snapchat: Pending

The main goal of these channels is to:
1. Enhance transparency by keeping membership up to date on the work of the Society
2. Provide information and content that is relevant to our membership
3. Encourage greater opportunity for engagement

We achieve those goals through strategic, innovative and effective messaging. All social media accounts are managed and administrated by the Communications Department unless directed otherwise. If you wish to promote a particular event or campaign through our social media channels, requests are to be submitted via email to communications@sfss.ca.

NOTE: requests should be submitted at least a week in advance to ensure adequate time for posts to be scheduled. Anyone can post an event on the SFSS Events Calendar (sfss.ca/events).

Social media requests for the following will be accepted (and reviewed on a weekly basis):
- Society initiatives, including initiatives of individual committees and departments
- Appropriate messaging

Any requests that are not Society initiatives will be evaluated case-by-case based on the
following criteria at the discretion of the Social Media Assistant and Communications Coordinator:

- Relevance to the Society’s membership
- Financial accessibility to the Society’s membership
- The origin of the event/campaign

Social media requests for the following will NOT be accepted:

- Any initiatives that have no relation to the Society or benefit the membership
- Anything advancing business interest outside of the Society’s mission

When submitting a social media request, please ensure that you’ve either filled out a work order form.

- The name of the event or campaign being promoted
- A brief description of the event or campaign
- Any relevant dates or locations
- What you want to achieve by advertising through social media
- The date until which you want posts to be scheduled
C. INTERNAL COMMUNICATIONS POLICY (APPENDIX)

Our services to the Board of Directors and SFSS Departments include communications planning, social media marketing, media relations, event planning, development and distribution of news releases, media monitoring, advertising, graphic design, survey creations, website design, multimedia services, video production, photography, editorial services, writing, printing, publishing, and related services.

We work on projects from concept to delivery as well as consult on major campaigns and programs. The staff generates ideas and visual strategies for various projects, and aims to help you to best achieve your messaging needs. We continually strive to convey clear and accurate information through high-quality, effective communications devices.

We work with our internal stakeholders to ensure that their projects remains in line with the overall vision, while advising on best practices and offering a variety of creative options.

How to request work from the Communications Office:

All work from the Communications Office begins with the completion and submission of a work order form. Staff and Board members are requested to submit the filled Communications Work Order form; the form will be sent out in May every year. Work request forms must to be submitted at least a week in advance. Additionally, the form can be found on the SFSS website: http://bit.ly/SFSScmns

Communications with Media and External Vendors:

In order to provide accurate and timely information to our members and to the public generally, only the CEO and President are authorized to speak to media sources on behalf of the Society. The President may appoint a spokesperson on specific issues. Staff, Coordinators or Supervisors, or any other Council members will not speak to the media on behalf of the Society without prior authorization of the President or the CEO. All e-mail inquires should be directed to mediainquiries@sfs.ca.
When working with a vendor, please consult with our office. We can help ensure your messaging is in line with other SFSS priorities.

**How to respond to feedback or complaints:**

NOTE: The communications department will develop a feedback policy

**Internal Communications between Members, Staff and Board:**

NOTE: The communications department will develop an internal communications policy
D. MEDIA AND BRAND (APPENDIX):

Identity embraces all aspects of our appearance and how we communicate with internal and external audiences. Our aim is to ensure that we present the Society to its best advantage - with consistency. These guidelines will enable you to understand the individual elements that combine to create our identity and will also provide detailed instructions and advice for when you are producing marketing materials for Simon Fraser Student Society.

Our logo, name and the way we present ourselves says a lot about who we are and what we stand for. This guide is for our internal stakeholders (clubs and student unions) and our approved list of other supporters (SFU administration), and we would urge staff (Women’s Centre, Out on Campus, General Office, Copy Centre, Food and Beverage Services, Student Union Organising Office) to liaise with their central marketing representatives at the Student Society to ensure that all our promotional materials adhere to this set of guidelines.

The logo should **not** be altered or re-drawn in any way. To ensure your materials are compliant with SFSS Sponsorship Regulations and Branding Requirements, we recommend consulting with the SFSS Communications Department.

**TYPEFACE**

The Simon Fraser Student Society’s typeface is District Pro. It is at the heart of our identity and is the foundation to all our branding. It is available in a variety of weights to express both contemporary and classical qualities to form a suitable solution across a wide range of communication.

**COLOURS**

Colour plays an important part in the building of a brand. It is vital we consider the use of colour across all our communications. The Society uses two colours: PANTONE 114-8C and PANTONE 63-16C.

PROGRAM PURPOSE
The purpose of the Simon Fraser Student Society (SFSS) granting program is to provide an opportunity for members and non-members to support the mission of the SFSS:

\[ \text{The SFSS exists to improve the academic, social, and financial experience, as well as the health and wellbeing of undergraduate students at Simon Fraser University.} \]

The SFSS recognizes that its members are an exceptionally diverse group, with different needs, hopes, and plans. To provide each member with the opportunity to see their needs, hopes, and plans reflected in the work of the SFSS, the SFSS provides its members and the broader community with an opportunity to take a leadership role in achieving its mission.

The SFSS Grant Program makes financial and logistical support available to anyone interested forwarding its mission. While priority is given to its own members, where the broader community shares a common goal with the SFSS, the SFSS will endeavour to meaningfully contribute to those projects.

INFORMATION SESSIONS
The SFSS provides semesterly, open information sessions to communicate in person the content contained in these guidelines as well as some helpful hints in ‘getting to yes.’ Where an interested person is unable to attend the regularly scheduled information sessions, it may be possible to book an additional meeting with an SFSS coordinator.

1. REGULARLY SCHEDULED SESSIONS
An open session will be schedule within the first third of every semester. All members will be notified by email, and all notifications will be posted on SFSS web and social media platforms.

2. AD-HOC INDIVIDUAL SESSIONS
To book an ad-hoc information session, go the the SFSS Burnaby General Office in room 2250 of the Maggie Benston Centre, call 778-782-3870, or email go@sfss.ca.

FUNDING CATEGORIES
While all grant requests will be submitted by an individual, that individual may or may not be submitting the proposal as a representative of a groups or set of groups. As the SFSS prioritizes the projects of its members, it is important to identify precisely who is submitting the grant, and on whose behalf.

The proponent will fall into one of the following categories:

1. Individual SFSS member applicant
2. Individual non-member applicant
3. Individual SFSS Staff person
4. SFSS group applicant
   a. Board of Directors
   b. Board Committee
c. Club
d. Student Union
e. SFSS Representative Group
f. Ad-Hoc Student Group
5. Non-SFSS group applicant
   a. SFU
   b. SFPIRG
c. Embark (Sustainable SFU)
d. Peak
e. CJSF
f. Etc.
6. SFSS Department
   a. Communications
   b. General Office
c. Women’s Centre
d. Out on Campus
e. Etc.

ELIGIBILITY
1. Proposals must clearly demonstrate a link to the SFSS mission, vision, and core organizational values.
2. Projects using grant funding must be open to all SFSS members.
3. Grant applications must be complete, correct, and duly submitted.

INELIGIBILITY
1. Grant resources may not be used to purchase alcohol.
2. Grant resources may not be donated to another organization.
3. Grant money may not be used for the purposes of a class project.
4. Grant resources may not be used to reimburse retroactive expenses.
5. Proposed project may not have already been allocated funds by the SFSS.
6. Individual proponent or affiliate group must have submitted a complete and acceptable Final Report for any previously awarded grant.
7. Proposals that are revenue generating must not be to the benefit of a private group or individual.

PROPOSAL GUIDELINES
As all funds and resources of the SFSS are contributions of the SFSS membership, the SFSS takes very seriously their use. To ensure that the all resources are used to the greatest benefit of the membership, and in a manner consistent with the wants and needs of the membership, all proposals must provide a clear account of the proposed project. There are 5 sections to the proposal submission. Each must be completed clearly and carefully to be considered for approval.

1. Applicant Information
All proposals, even when submitted by a group or external organizational, will require that one person submit themselves as the primary point of contact, and principle proponent of the proposal. The information you will have to provide will be the following:

- Name
- Student Number (if applicable)
- Email
- Telephone Number
- Affiliate SFSS Group or External Organization

2. PROJECT
In this section, you will be required to provide a fulsome description of the project for which you are seeking support. You will have to describe the following:

- Goals and objectives of your project
- Key activities that will comprise your project
- Projected timeline for each of the key activities that comprise the project
- Groups with whom you will partner
  - This includes both internal (e.g. student unions and clubs) and external groups (e.g. SFU departments, SFPIRG, community groups)

3. OUTCOMES
In this section, you will be required to relate your proposed project to the mission, vision, and values of the SFSS. This is an key part of your proposal. The SFSS has a clear purpose, and any of its work must be clearly in service of that purpose. In this section, you will have to describe the following:

- Aspects of the mission and vision of the SFSS to which your project will contribute
- Description of how you project will make that contribution
- Ways you will measure if your project is a success
- Ways you will capture those measurements

4. IMPACT ON SFSS MEMBERSHIP
In this section, you will describe the scope of your project’s impact on the SFSS membership. Because the SFSS is an organization with a long history, it has a keen interest in its future as well as its present. Consequently, you will be asked to describe the following:

- Impact you envision this project will have on the membership in the short and long term
- Whether this project will continue beyond the scope of this proposal
- Whether the project will expand and grow over time
- The benefit of this project to the members of the SFSS and the broader SFSS community

5. PROJECTED BUDGET
Finally, you will be asked to provide a detailed and accurate proposed budget for your project. Some information on approximate costs and possible projects requirements will be provided to you to help you establish a clear budget. Specifically, you will be asked to capture the project costs of the following items:
• Audio Visual Equipment
• Facilities Equipment
• Space
• Food and Catering
• Copies and Printing
• Accessibility Equipment and Services
• Communications and Design Services
• Other

REVIEW PROCESS

1. COMPLETION
All submitted documents in support of a grant proposal must be complete. Incomplete submissions will not be considered, and will be returned to the proponent, inviting them to submit a complete application.

2. CLARITY
All submitted documents must be clear. For instance, it is not sufficient to claim a proposal supports an organizational end. It must demonstrate how the proposal will support that end.

3. REQUIREMENTS VS PROPOSED TIMELINE
Each requirement contained in the grant proposal will bring with it certain scheduling requirements. Any proposal must be submitted far enough in advance to ensure that all time requirements may be met. Typically, it is best to submit proposals a month before any of the key activities are planned.

4. REQUIREMENTS VS PROJECTED BUDGET
Projected budgets will be evaluated for accuracy. Artificially inflated or shrunken budgets may result in the rejection of the proposed budget.

5. UNSTATED LOGISTICAL REQUIREMENTS
All proposals will be reviewed for implicit requirements beyond those captured by the proponents. Some examples of logistical requirements are:

• Insurance and liability requirements
• Liquor licenses
• Vendor contracts
• University agreements
• Food permits
• Space requirements (power outlets, ventilation, sound thresholds)
• Guest liability waivers
• Contracts
• Floor plans
• Schedule
6. PREVIOUS PROPOSAL
All proponents who have previously been awarded grants must have demonstrated good faith in all previous granting processes, and must have submitted all reports correctly and in a timely fashion to be considered for any subsequent grant.

Any group or organization affiliate with the proposal who previously failed to submit granting reports in a correct, complete, and timely manner may not be eligible for any subsequent grants.

APPEALS PROCESS
The SFSS Grant Program is an open, fair, and transparent process. It puts SFSS members (undergraduate students at Simon Fraser University) first. However, because even the best processes, and best intentioned administrators are subject to error, the SFSS makes available an appeals process to proponents who feel that their submissions were misunderstood, or feel due process was not followed.

Where applications are not accepted, instructions and conditions will be provided for appealing that decision as part of the formal, written email response to their granting proposal.

1. ELIGIBLE GROUNDS FOR APPEAL
Only two reasons are deemed acceptable grounds for appealing a decision.

1. The review process did not understand the proposal as it was submitted.
2. Due process was not followed.

2. INELIGIBLE GROUNDS FOR APPEAL
1. Changes were made to the proposal after its submission.
2. The terms of the proposal evaluation are contested by the proponent.

3. APPEAL PROCESS
The appeals process is two-tiered. That is to say, there are levels at which an appeal may be review:

1. Appeal to the SFSS Grant Program administrators
2. Appeal to the Board of Directors

A proponent who feels that their application was misunderstood or was not processed in a manner consistent with the process described here, may submit an appeal to the SFSS Grant Program administrators, detailing what features of the proposal were misunderstood, or what aspects of the process were not followed.

Should the appeal be rejected, and should the proponent feel that their appeal was not understood or given due consideration, the proponent may resubmit their appeal to the Board of Directors for further consideration at the next Board meeting.
REPORTING PROCESS

1. PURPOSE OF REPORTING
All approved grant applications must result in a clear and standardized report on the benefits of the project to the membership of the SFSS.

Where such reports are not duly submitted, the individual proponents as well as the groups with which those proponents are affiliated will not be considered eligible for any further grant either permanently, or for a period established by the SFSS Grant Program administrators.

2. REPORTING REQUIREMENTS
A standardized SFSS Grant Final Report must be submitted within two weeks of the close of any project supported by an SFSS grant. The report is comprised of six sections:

1. Applicant information
2. Project Description
3. Intended Outcomes
4. Projected Impact
5. Lessons Learned and Knowledge Transfer
6. Final Budget Report

3. PROJECT
   3.1 Please describe the original goals and objectives stated in your grant application. Did these goals and objectives change over the course of the project. If so, how? Why?
3.2 Describe the time of key activities undertaken in support of this project. Did these activities change from those you had originally projected for the project? If so, how? Why?

3.3 List the SFSS groups or external organizations with whom you partnered. Were these relationships productive? Were there any challenges with these partnerships?
4. OUTCOMES

4.1 How did your project aim to forward the mission and vision of the SFSS?

4.2 How many people were involved with your project as participants, volunteers, and project leaders?
4.3 How did you measure the success of your project? Do you believe your project was successful?

4.4 Were there unanticipated results?
5. **Description of Impact on SFSS Membership**

5.1 Describe the impact you envision this project will have in the short and long term.

- Will this project continue? If so, do you see it evolving or expanding?
- How will the members of the SFSS and the broader SFSS community benefit as a result of this project?

6. **Knowledge Transfer**

6.1 What lessons learned would you like to share with a person or organization trying to do similar work? How will you use the knowledge gained from this project to improve any other initiatives you may pursue?
6.2 Please share a testimonial or story that illustrates what you consider the most significant change that result from your project.

6.3 If applicable, please include attachments or additional information related to your project, such as:

- Resources and publications
- Media clippings
- Photograms
- Additional program evaluation or research if available.
