RELAUNCH PACKAGE

simon fraser student society

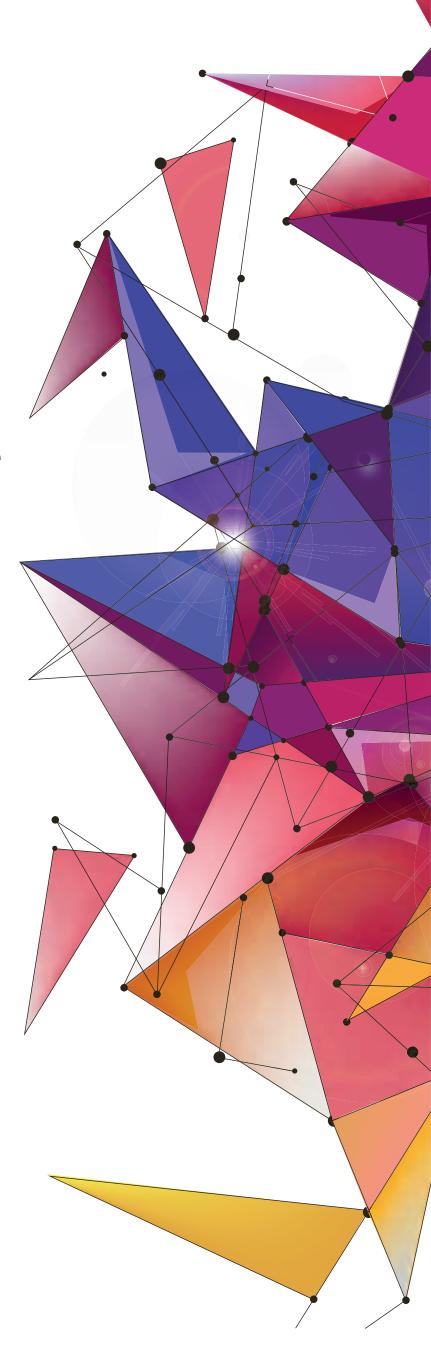

Women's Centre

We've created this package to create awareness and inform the SFU Community of the services offered at the Women's Centre.

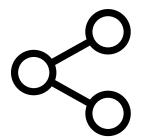

We wanted to relaunch our centre before we move into the new Student Union Building (SUB) to create more awareness of our services, our space, and the support that we are open and ready to offer students. We estimate that many of SFU students are not familiar neither aware of the Women's Centre. Your help is very important to us.

By sharing weekly or biweekly these important images on your social media and blog post you'll start to help our SFU community to access safer spaces on Campus.

This package includes:

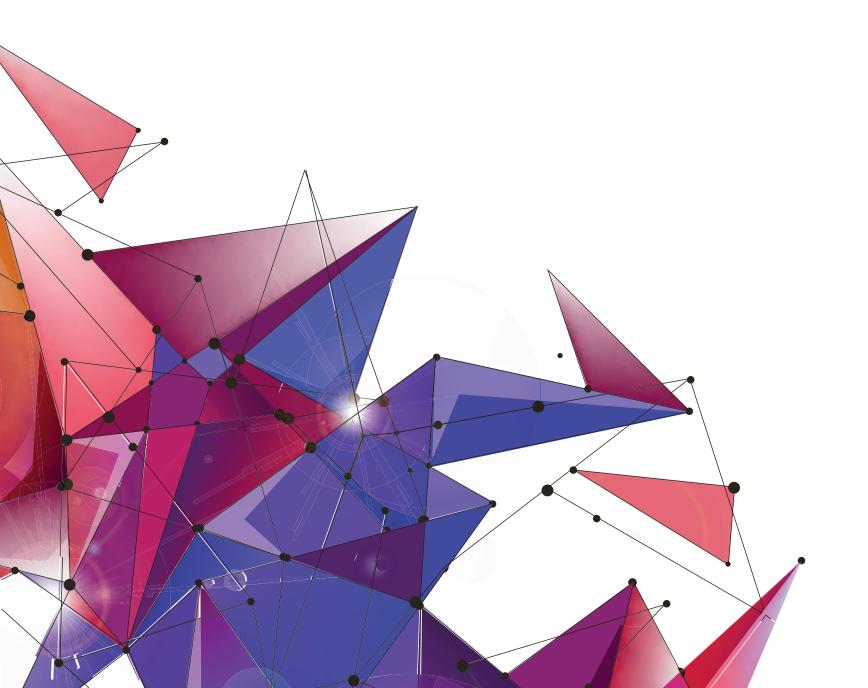

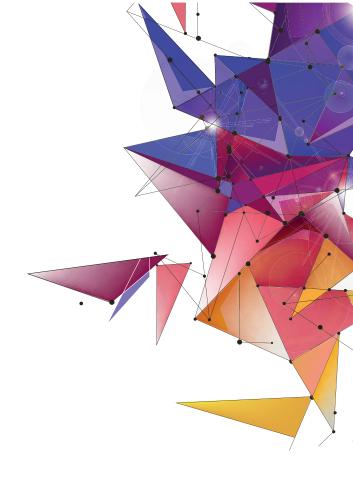

Social media icons/integration

10

Regular size electronic images to print

Electronic images to use on social media

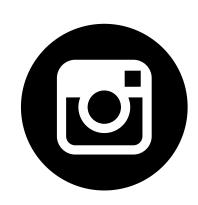

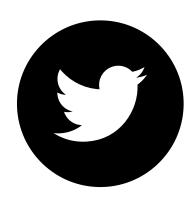

Social Media Icons

@sfsswomenscentre

@sfsswomenscentre

@sfsswomensctr

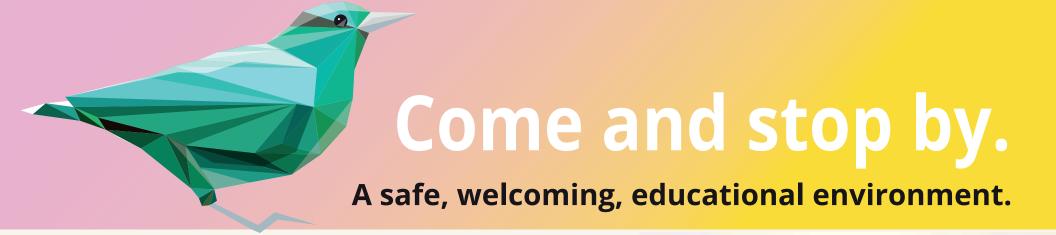

We offer a subscription to friendly updates, reminders, and information on all our events and exciting new programs.
