INTRODUCTION

PURPOSE OF THIS MANUAL

The SFSS Issues Policies shall serve to clarify the stance of the Society on social, political and economic issues relating to student life and post-secondary education that are important to the SFSS membership. The SFSS Issues Policies shall also serve as a resource and a guide to assist in the development of campaigns, stakeholder relations and media strategies employed by the Society.

The SFSS shall limit its Issues Policies to issues directly pertaining to student life and post-secondary education. The issues covered by these policies are developed through member engagement activities.

POLICY REVIEW AND APPROVAL PROCESS

Each policy will be reviewed annually. Where no change is required, the policy will remain in its current state. Where need or opportunities for improvement arise, the policy shall be created, changed, or repealed as outlined in the SFSS Board Policies R-1.

IP-1: REPRODUCTIVE RIGHTS

Preamble

The United Nations 2030 Agenda for Sustainable Development calls for “ensuring universal access to sexual and reproductive health and reproductive rights”. It supports [individuals] in “mak[ing] their own informed decisions regarding sexual relations, contraceptive use and reproductive health care”. These reproductive rights provide individuals with choice. The SFSS is a trans-inclusive organisation thus, this policy does not just apply to cisgender women. This policy uses the term **trans-inclusive** as an umbrella term to mean inclusive of transgender, non-binary, genderqueer, gender neutral/agender, and gender non-conforming identities and experiences.

The SFSS recognizes that debate, discourse, and access to information about sexual and reproductive health and reproductive rights (including abortion, contraception and pregnancy) is a commonplace – and important – part of campus life. This debate includes individuals who adopt beliefs that are pro-choice and pro-life.

Pro-choice is the view that individuals with reproductive capacity should have the right to make decisions on their own sexual and reproductive health, and advocates for personal autonomy and self-determination over their own bodies.

Pro-life is the view that opposes the practice of abortion and its legality, and advocates for supporting the right to life of a fetus. Some supporters believe there are some cases where abortion should be permitted, while others do not.

Both pro-choice and pro-life are broad viewpoints with no clear definition. Not all prochoice nor all pro-life supporters maintain the same position with respect to access to abortion.

Policy

1. The SFSS supports:
 - a. The provision of non-judgemental information on sexual and reproductive health and reproductive rights (including abortion, contraceptives and pregnancy), and support for students, parents and families in making decisions relating to their sexual and reproductive health;
 - b. Discourse regarding sexual and reproductive health and reproductive rights, and in particular, that recognizes students' rights to physical and mental well-being, integrity, dignity, privacy and access to reproductive health services; and
 - c. Information to access safe, publicly-funded health services including but not limited to reliable contraceptives, abortion services and family planning information and services.

2. The SFSS opposes:
 - a. Campaigns, actions, or lobbying activities (including the posting or distribution of materials) that interfere, intimidate or attempt to intimidate students from making informed decisions about sexual and reproductive health and reproductive rights;
 - b. Distribution of disturbing photographs, media or other materials, including materials that cause (or have the potential to cause) mental distress or are intended to shock, disturb or harass students into adopting a particular belief with respect to sexual and reproductive health and reproductive rights (including abortion);
 - c. Any policy, rule or law that fails to recognize students' entitlement to access to health care, including abortion services and contraception;
 - d. Harmful medical practices and procedures, such as female genital mutilation and forced sterilization.

3. The SFSS will not recognize as a club or provide any SFSS resources to groups who do not demonstrate their respect and commitment to the principles set out in paragraphs 1 and 2 above. Providing SFSS resources includes but is not limited to funding, facilities booking, staff time, and other organizational or financial resources
