<b>Summary and Outcome</b>	<p>We discussed the process for SFU 350 to submit a bylaw for vote on by members. The timeframe for an AGM vote is too short right now. Recommend that they try for the spring referendum. The board can approve to add a referendum question as can Council. I recommended to go that route instead of trying to collect 1500 signatures because the board has approved a fossil-free investment policy in the SFSS and so they'll most likely be in favor of the bylaw question as long as it's similar to the current policy.</p>

Internal policies and processes are lacking and that we need to fix that in order for this to happen <ul style="list-style-type: none"> <li>● Ex. Some FSUs like SASS could raise hundreds of thousands in fees. Need accountability and auditing to be built in.</li> </ul> </li> </ul> </li> </ul> </li> <li>● Special Resolution 4 <ul style="list-style-type: none"> <li>○ Recommended removing bylaw clauses that gave education and business additional seats as the reasons for their inclusion are not as relevant <ul style="list-style-type: none"> <li>■ Discussion that some faculties could have additional seats through creating student unions (business, education, health sci are examples)</li> <li>■ Discussed if faculty student unions should have additional seats based on proportional representation <ul style="list-style-type: none"> <li>● Support in the group, but we don't have the time to develop a pop rep system for it. Next year.</li> <li>● Concerns were brought up about the size of Council with more FSU reps. Might be too big.</li> </ul> </li> </ul> </li> </ul> </li> </ul>

## Projects and Events

<b>Project/Event Title</b>	SUB Space Allocation
<b>Updates and Upcoming Plans</b>	Two items: 1) CJSF has asked to switch out with Embark for space allocation as they need additional space. Embark is willing to switch, and we realize that it is probably not the best idea to have a radio station between DNA and the napping room. I have submitted a motion for the September 18th board meeting. 2) CJSF and SFPIRG need additional time to move out of their space. I have contacted the relevant people at SFU and they have agreed to draft up extensions for these two groups.
<b>Relevant Strategic Priorities</b>	N/A
<b>Total Time (Hrs)</b>	2 hours

<b>Project/Event Title</b>	SUB Subleases and Letters of Agreement
<b>Updates and Upcoming Plans</b>	With the SUB's completion, I need to submit a draft of the leases to the independent student societies. However, the first draft we received was not in the direction that two SFSS boards wanted to go in. I have been trying to find a middle ground between

	<p>readability and respecting the restrictions of the SFSS-SFU SUB Head Lease. Additionally these agreements also need to include language around institutional relationships, fee services, and other things that existed in past agreements with these groups but not present ones. This has been very time consuming and challenging as I have had to read about 7 different leases and agreements over the last 15+ years. Additional discussion and meetings with people, emailing, etc.</p> <p>Currently, I have provided a WIP draft along with the Head Lease and previous unsuitable draft sublease documents to the groups for review and comment. Additionally, letters of agreement for DNA, SOCA, and FNSA were sent to the groups for comment.</p>
<b>Relevant Strategic Priorities</b>	N/A
<b>Total Time (Hrs)</b>	25 hours

<b>Project/Event Title</b>	Administrative Restructuring
<b>Updates and Upcoming Plans</b>	I am on the hiring committee for the Operations Organizer and we have started to meet during this period. I expect the total time for the hiring would be around 6 weeks. 2-3 weeks to collect resumes, 1 week to review, and 2 weeks to interview.
<b>Relevant Strategic Priorities</b>	Organizational Development
<b>Total Time (Hrs)</b>	2 hours
