Policy Coming-into-Force Date

The SFSS Accessibility Policy shall come into force one year after it is approved by the Simon Fraser Student Society Board of Directors.

Policy Review and Approval Process

This policy shall be reviewed annually or upon significant changes to the organisation.

Where no change is required, the Board President and Executive Director (ED) shall sign the policy indicating it has been reviewed. No changes shall be made to this policy without considering the impacts of those changes on people with disabilities. Students with disabilities shall be consulted before any changes are made to this policy.

Where need or opportunities for improvement arise, policy shall be created, changed, or repealed in the following way:

1. The office responsible for the policy outcome shall propose amendments to the ED.
2. The ED shall review the proposed changes with the department head.
3. The proposal shall then be submitted to the Accessibility Fund Advisory Committee (AFAC) for comment, review, and approval. The Committee shall consult with students with disabilities, including clubs, constituency groups, and other student groups with a mandate to improve and/or advocate for improvements to accessibility for students with disabilities.
4. Where deemed acceptable by the AFAC, the proposal shall be submitted to the Board of Directors or Executive Committee for review and approval.
5. Any new, amended, or repealed policy shall be signed by the ED and the Board President or designate.

Policy Statement

The SFSS Accessibility Policy (hereafter referred to as the "Policy") establishes a framework for compliance with the Simon Fraser Student Society (SFSS) commitment to accessibility.

The SFSS is committed to preventing, reducing and removing barriers to accessibility for all SFSS members, staff, guests and other visitors through our service and resource provision, including through representation and advocacy efforts. The SFSS shall strive for universal design wherever possible, providing or facilitating accommodations in a timely, respectful and confidential manner in other instances.

Purpose

The purpose of this policy is to establish accessibility standards in the areas of communication & information, physical space, customer service, events & meetings and employment & training.

Application & Scope

The Policy applies to SFSS staff, Board of Directors, Board Committees, and Student Council, in the areas of SFSS spaces, communications, services and events and meetings. SFSS Student Unions, constituency groups, and clubs are not subject to these policies, but are encouraged to follow them in the interest of inclusivity. Employment and training policies apply to SFSS staff and Board members. This policy is intended to reduce barriers to people with any disability or disabilities, and uphold the *BC Human Rights Code* as it pertains to people with disabilities.

Principles

The fundamental principles underlying this policy include:

- Freedom from discrimination,
- Respect for diversity of ability,
- Respect for dignity and independence through ensuring accommodations meet the unique needs of the person requesting them, while also striving for universal design for all persons,
- Respect for a person's need for accommodation, regardless of whether their disability is apparent,
- Respect for privacy and confidentiality,
- Shared accountability, and
- Universally accessible post-secondary education.

Accessibility Fund Advisory Committee

Please see the SFSS Board Policies – Appendix 2: Board Committee Structure – Accessibility Fund Committee for more details of the role of this committee in ensuring an accessible SFSS.

General Requirements

The Policy shall be made available on the **SFSS website**.

The SFSS has procedures in place to receive and respond to feedback, which shall be posted on the **SFSS website**. Feedback on the accessibility of SFSS communications, services, spaces, events and meetings are welcomed and shall be incorporated into the continuous improvement of the Policy. Feedback may be provided via telephone, email, in person, or other method and shall be accessible to people with disabilities through the provision of accessible formats and communication supports upon request.

Feedback, including requests, questions, comments, or concerns about this policy may be directed to the SFSS Accessibility Fund Advisory Committee (AFAC) at afac@sfss.ca.

When **conflicting access needs** arise, the SFSS shall make decisions on a case-by-case basis, and strive to accommodate all parties.

Requests for accommodation or accessible formats

Requests for accommodation can be made in one of two ways: through the **Accessibility Fund Grant Request Form**, if members would prefer to access the Accessibility Fund to book assistive technology or devices, or through the **Accommodation Request Form**, if they would prefer the SFSS to book assistive technology or devices through a preferred vendor or vendors of that service or services. Upon request, both of these forms shall be offered in an accessible format that suits the unique needs of the person requesting.

Accessible formats are available upon request. Accessible formats that cannot be produced by the SFSS, such as Braille documents or text transcripts of audio or visual information, may require additional time to process. These accessible formats may either be requested through **Accommodation Request Form**, or through following the feedback procedure.

Communications & Information Standards

The SFSS is committed to meeting the communication needs of people with disabilities. Upon request, the SFSS shall provide or arrange for the provision of **communication supports** for people with disabilities in a timely manner if requests through the **Accommodation Request Form** are received within the posted deadline, if applicable. If members would like to book communication supports themselves, they must submit an **Accessibility Fund Grant Request Form** within the posted deadline. The suitability of an accessible format or communication support shall be determined by consulting with the person making the request.

If the SFSS determines that information or communications are unconvertible, it shall provide the person requesting the information or communication with an explanation as to why the information or communications are unconvertible. The SFSS shall educate staff that interact with students on how to communicate with people with different disabilities.

Website

The SFSS website, which is controlled both directly by the SFSS and through a contractual relationship, shall conform to the [World Wide Web Consortium \(W3C\) Web Content Accessibility Guidelines 2.0 at Level AA](#).

Emergency Information

Any emergency procedures or plans made available to all SFSS members or available in SFSS-controlled spaces, shall be provided in an accessible format or through the use of communication supports, as soon as practicable, upon request.

- Map of the Space
- Detailed Physical Access Guide
- Guest Guidelines

Please see [Appendix E](#) for more information. Accessible formats of these documents are available upon request.

Physical Space Standards

The SFSS strives to make SFSS-controlled physical spaces accessible to everyone. Where barriers cannot be removed, a [Description of the Space](#) shall provide information on the barriers. A [Detailed Physical Access Guide](#) and [Map of the Space](#) will be provided on the **SFSS website** in order to assist people with disabilities in accessing and navigating the physical spaces.

Customer Service Standards

The SFSS is committed to serving all of its members, including people with disabilities, in a way that respects their dignity, autonomy, and specific needs.

Accommodations

Accommodations may be requested by or on behalf of people with disabilities members of the SFSS through the [Accessibility Fund Grant](#) or the [Accommodation Request Form](#). The use of assistive devices, assistive technology, support persons and service animals shall be accommodated when a person with a disability is obtaining an SFSS service. It is the responsibility of the person using the assistive device, technology, support person or service animal to ensure the support is operated and/or controlled in a safe manner at all times. Exceptions may occur in situations in which the support may pose a risk to health and safety of the person with a disability, or others in the space. For example, where an assistive device could put the user at risk due to its poor condition, another option will be discussed with the user.
