

# ACCESSIBILITY VENDOR LIST

This is a list of vendors that the SFSS works with whenever students require accessibility services. Some pricing estimates are given here, which may help you estimate the cost of accessibility services you request. If these pricing estimates do not apply to you, please contact the vendors using the given website and contact information.

This list is incomplete and will expand over time. If you have feedback on these choices, or options for additional accessibility services you would like us to cover, please contact the Accessibility Assistant at [accessibility@sfss.ca](mailto:accessibility@sfss.ca)
