7. NEW BUSINESS

7.1 COVID-19 Emergency Fund Reallocation- MOTION EXEC 2022-02-08:03
SUBMITTED BY: Acting President “Corbett Gildersleve”
Corbett/Jess
Whereas the SFSS Board of Directors earmarked $400,000 in operational surplus to be used to support emergency COVID-19 funding (MOTION BOD 2021-01-29:10, MOTION BOD 2021-04-23:06);
Whereas the SFSS has not yet distributed these funds due to challenges in implementing a large-scale bursary system;
Whereas VP Events and Student Affairs Jess Dela Cruz and VP External and Community Affairs have developed a plan to reallocate a portion of those funds to go towards purchasing PPE to give to students;
Whereas it would be good to use some of these funds now for the purchase of N95-type masks for the membership to reduce the financial burden on the membership;

Be it resolved that the Executive Committee reallocate $30,000 from 861/20 COVID Response to a new line item titled "Membership PPE"  

CARRIED UNANIMOUSLY

- Need for more allocation of funding towards COVID-19, especially with rapid testing, to make sure that there are enough products and resources.
- Before allocating more funds, we need to plan ahead to assure that products do not expire and how much can be distributed daily.
- Use the leftover funds for COVID-19 products that might need to be purchased at a later date, as some people will continue to wear masks, social distance, and more beyond the pandemic.

7.2 COVID-19 PCR Test Reimbursement- MOTION EXEC 2022-02-08:04
SUBMITTED BY: Acting President “Corbett Gildersleve”
Corbett/Matthew
Whereas we are still in a COVID-19 pandemic;
Whereas from time-to-time staff have been sick and exhibited COVID-19 symptoms;
Whereas the SFSS has encouraged staff to work remotely when possible;
Whereas we would still like to reduce the chance of an outbreak among staff;
Whereas it would be good to know that a staff person who has recovered from being sick is covid-19 negative;
Be it resolved that the Executive Committee approve reimbursing staff costs for obtaining a covid-19 test as part of a return-to-work process.

POSTPONED UNTIL NEXT EXECUTIVE MEETING IN FEBRUARY 22, 2022

- Motion will be modified to include the Executive Committee members.
- The reimbursement will not be covered under the Health and Dental Plan.
  - Possibly counted as an unbudgeted expense.
  - Reallocate funds from another line item to cover the reimbursement.
- Need more clarity, detailed information, and actions needed before approving this motion.
  - Need clear guidelines on determining who has to undergo a PCR test and if that can be reimbursed.

7.3 Executive Committee Recommendation to Council Regarding SUB Closure - MOTION EXEC 2022-02-08:05

SUBMITTED BY: Acting President “Corbett Gildersleve”

Corbett/Matthew
Whereas the SUB closure motion is inclusive of Friday, February 18th and the SUB does not yet have weekend staff support;
Whereas Monday, February 21st is a stat holiday and as such the earliest the SUB could open is February 22nd;
Whereas Management have expressed that a transition to in-person work would be possible for a February 22nd opening;
Be it resolved that the Executive Committee recommend to Council to open the SUB for February 22nd, 2022 on the reduced capacity plan with the following conditions:
  COVID-19 Data like cases, test positivity, hospitalizations, etc. continue to either level off or trend down
  Booster numbers continue to rise
  SUB support staff are able to maintain a transition to working in-person

CARRIED UNANIMOUSLY

- Discussed under Discussion Item “8.3 Status of SUB Closure”.
7.4 IEC Legal Representation Support - MOTION EXEC 2022-02-08:06
SUBMITTED BY: Acting President “Corbett Gildersleve”

Corbett/Matthew
Whereas the IEC might need access to legal support for any election or referenda-based appeals for the Spring 2022 Executive Committee General Election and Referenda;
Whereas it is best to have a separate legal representative than that of the overall SFSS to provide independent advice;
Whereas our current legal counsel has forwarded to us another lawyer with relevant experience;
Whereas the President has contacted this lawyer with the work requirements and they have provided the SFSS with a retainer letter;

Be it resolved that the Executive Committee approve of obtaining Hunter Litigation Chamber on retainer;
Be it further resolved to task the President with signing the retainer letter by Hunter Litigation Chamber.

CARRIED UNANIMOUSLY
• Discussed in-camera.

- As SUB is designed to be a social space, time was needed to develop a plan for reduced capacity and how to keep staff and students safe.
- Devise a conditional recommendation for the Council to deliberate over if other conditions come up until the meeting in February 16, 2022.
  - Conditions that can be considered are the status of booster availability, downward trend of cases, and etc.

ATTACHMENTS: SFSS Vancouver Office Pilot Project

• There is limited funding for international students in Canada (not allowed to take loans, etc.) and the terms and conditions (full-time enrollment, limited work hours, etc.) do not allow students to afford the education in SFU.
• SFU scholarships and bursaries are also limited and depend on various academic achievements, making it hard to obtain them.
• Proposition of minimum of $75,000 / year going towards tuition support.
• Proposition of Work-Study programs where the money they make will be considered as bursaries and go towards their tuition.
  o SFSS unfortunately does not qualify as a Work-Study institution.

6. NEW BUSINESS

6.1 Update to Signing Officers-MOTION BOD 2021-01-29:04
Gabe/Matthew
Whereas signing officers were appointed at the Board meetings on April 15th and July 10th 2020;
Be it resolved that as per By Law 6, Powers Duties and Obligations of Council (Board of Directors),
Ayesha Khan, Operations Organizer, be appointed a Signing Officer effective January 29th 2021.
Be it further resolved that Lawrence Jones, Transition Manager, be removed as a Signing Officer
effective January 29th, 2021.
CARRIED UNANIMOUSLY

• Finalizing hires that Board wanted to make regarding the administrative restructuring.
• Operations Organizer is now officially part of the staff and should be added as a signing
officer as we move out of the transition period.
• Having some staff as signing officers along with some Board members gives flexibility as
more people have ability to sign cheques and have financial control.

6.2 Bargaining Committee-MOTION BOD 2021-01-29:05
Corbett/Matthew
Whereas the Collective Agreement between the SFSS and CUPE 3338 has expired;
Whereas the SFSS must make appointments to a Bargaining Committee to represent the Board of
Directors to engage in collective bargaining;
Whereas SO-16: HR and Personnel Committee in the SFSS Board Policies outlines the purpose of the
HR and Personnel Committee to include, but is not limited to negotiating the Collective Agreement
with CUPE 3338;
Be it resolved to appoint HR and Personnel Committee members Osob Mohamed, President, Matthew
Provost, VP Student Services, Corbett Gildersleve, VP Finance, and Ayesha Khan, Operations
Organizer to the Bargaining Committee, for the purpose of re-negotiating our Collective Agreement
with CUPE 3338.
CARRIED UNANIMOUSLY

• In the process of setting dates to go forward with the bargaining and has had a development
session on the Collective Agreement as well.
• Makes sense for these representatives to sit on the Bargaining Committee as it’s part of their
role as HR and Personnel Committee members.

6.3 NewMode Subscription-MOTION BOD 2021-01-29:06
Gabe/Corbett
Whereas the SFSS actively engages in different campaigns to advocate on behalf of the student body;
Whereas NewMode has been used successfully in a number of SFSS campaigns during the Fall 2020
semester;
Be it resolved to continue the NewMode subscription at our current pricing through to April 30th,
2021.
Be it further resolved to direct the VP Finance to include the NewMode subscription in the budget draft
for the 2021-2022 fiscal year.

CARRIED UNANIMOUSLY

- Passed a motion earlier this term regarding NewMode, and SFSS has been a huge asset for several campaigns.
  - Several Board members expressed that it was easy to use during the Our Decision, TMX and Senate campaigns and likely played a huge role in student involvement and success.
- It will also help support the upcoming Gondola campaign.
- Adding it to the budget draft will allow it to be renewed in the future without introducing a motion.

6.4 Burnaby Mountain Gondola Advocacy Incentives - MOTION BOD 2021-01-29:07

Osob/Haider

Whereas the Simon Fraser Student Society Strategic Plan outlines “enhanced student experience” and “successful advocacy campaigns” as indicators of success within our strategic priorities;
Whereas the successful completion of the Burnaby Mountain Gondola Project will greatly improve the transit experience for the more than 88% of our members who rely on public transit on a regular basis;
Whereas amplifying student voices through a successful digital campaign will have great influence on key decision makers, such as Burnaby City Council leading up to their meeting tentatively scheduled for February 22nd, 2021;

Be it resolved that the Board approves $529.94 to come from line item 820/18 (Advocacy Initiatives) for incentives to promote the Burnaby Mountain Gondola campaign.

CARRIED UNANIMOUSLY

- The gondola has been something the SFSS has supported for more than a decade.
- Getting very close to seeing the project move forward, but there are still a few hurdles, like the Burnaby City Council, and we need student engagement and voices to push it through.
- President and VP University Relations have been representing the student voice at various TransLink meetings. They have been advocating for route 1, sharing stories about concerns over safety during the winter months, and focusing on the sustainability of the project.
  - Gondola also costs a lot less and saves approximately $35 million over a 30-year period in taxpayer dollars.
- Have been working with SFU External Relations Office to get the campaign off the ground.
- SFSS has also written a letter to Burnaby’s Mayor and Council.
- Need a lot of hype, need students talking about gondola online and need students to attend the meeting.
- Motion passes some money to purchase incentives so students can win prizes for spreading the word, tagging friends etc.
- President and VP University Relations have been in discussion with Communications Department about the campaign to create graphics, video etc.
- President and VP University Relations will be at the February 22nd meeting but need students to come out and verbally express their support as well.
- VP Student Life noted that student incentives that work the best are UberEats, Iron Dog Books, Spotify, Skip the Dishes, and Starbucks gift cards.
- Getting Colin Fowler involved with student campaign because people know of him and he has become the face of the gondola campaign. SFSS has kept in contact with him and are very grateful for all his help and hard work.
• Potentially doing this with memes as well.
  • Faculty Representatives can share the briefing document with their DSUs to get them to help spread the word and see if they can attend the meeting as well.
  • One of the campaigns planned is getting students to submit videos of their transit experiences.
  • Submit videos and pictures of transit disasters/experiences to President if you have any.

6.5 Appointing Student At-Large Member to UAA -MOTION BOD 2021-01-29:08
Gabe/Balqees
Be it resolved to appoint Zoya Nari to the University and Academic Affairs Committee as a Student At-Large member.
CARRIED UNANIMOUSLY
• Zoya was a member of UAA Summer 2020 but was not able to join in Fall 2020 due to academic conflicts, but availability has changed, so would like to re-appoint her.

6.6 Pilot Funding for Social Justice Campaign Support Fund -MOTION BOD 2021-01-29:09
Corbett/Matthew
Whereas the last three years have seen a rise in student-led social justice campaigns within the SFU Community,
Whereas the costs to run, grow, and execute a campaign can be cost prohibitive for student organizers,
Whereas the relevant SFSS committees might not have the resources or capacity to collaborate with or take on a student-led campaign,
Whereas providing funding support to student organizers empowers them and helps build student power,
Be it resolved that the Board of Directors approve the pilot funding for a Social Justice Campaign Support Fund to be included in the 2021-2022 budget under Department 20 - Board
CARRIED UNANIMOUSLY
• VP Finance campaigned on this issue as he noticed over the years that there’s only so much student advocates can do by paying out of pocket and using free tools.
• This is going to be no different than an event grant, or any other grant, it’s just focused on social justice campaigns as there has been a rise in them over the last few years.
• The campaigns would have to comply to the Issues Policies and SFSS’s Constitution.
  o There will need to be more discussion about this and details to decide on, but this motion will put money aside for next year’s budget.
• Some committees have funds for advocacy and while students might be able to collaborate with them, there’s also the chance they won’t due to capacity, and in these cases student campaigners should still have access to funds.
• Costs is a big barrier for students who want to advocate for important issues, and this fund allows students to have a voice and opportunities to create meaningful change.
• A lot of campaigns in the past would have been a lot more successful if they had this financial backing, so with this, campaigns will be more successful and visible with increased reach.
• A key pillar of student unions is advocacy and facilitating collective action which is a part of SFSS’ Constitution as well, but for many years’ advocacy was lacking so this fund will help increase this capacity.
• This is a practical way to support student-led initiatives.
• Organizing is often done by marginalized communities as well, so this fund will help them immensely.
• This fund would also systemically ingrain support for grassroots initiatives and student organizing as future Boards may not be as active with advocacy.
• Opens the door to give students the access in how to start a campaign and give them resources to have a successful one as well.
  o Similar to event grants which have training resources etc., this fund would also have a similar set of documents. Can work with staff and committees to get these resources and compile them.
• Connect with VP University Relations and VP Finance if you are interested in helping with this as there is a lot of work to be done to set this up including how to accept applications and creating guidelines.
• Redistributing resources to students who are on the ground doing the work is important as well.

6.7 Spring and Summer 2021 Emergency COVID-19 Funding -MOTION BOD 2021-01-29:10
Corbett/Jennifer
Whereas the SFSS has updated their 2020-2021 annual budget;
Whereas we are predicting a surplus that could be used towards supporting students in financial need;
Be it resolved that the Board approve a Spring and Summer semester Emergency COVID-19 Funding of $200,000 per term from line items selected by the VP Finance;
Be it further resolved that the criteria for the funding be $500 per student and a 40%/60% split between domestic and international students;
Be it further resolved that the President and VP Finance work with relevant SFSS departments and staff to communicate and distribute this funding.
CARRIED UNANIMOUSLY
• VP Finance has been working on this since mid-Fall 2020.
• SFSS originally projected a deficit for this term due to lower enrollment, but fortunately enrollment stayed the same.
• The coming fiscal year is likely to be completely remote, so a lot of money is being saved on event grants.
• It is not great for student societies to have a large financial surplus, so it is best to find a way to support students during this difficult time.
• VP Finance worked with the Financial Coordinators on this and has concluded that the SFSS can safely give out $400,000 spread over two semesters.
• SFU prefers to use their bursary system as it’s easier for them, and the emergency funding they gave out in Fall using a different system caused issues later for them.
  o Using bursary system cuts out part-time students so using the SFU system limits who can apply for this funding.
  o VP Finance is also sitting on the Senate Committee that handles policy for scholarships, bursaries and awards, and there is a push to reduce or eliminate bursary credit and CGPA requirements but there’s technical issues with goSFU as they’ve frozen policy changes until October 2021.
  o As a result, VP Finance is exploring options for SFSS to distribute this money themselves, but there is more work to do to figure out the details to make this easier on coordinators.
• VP Finance has submitted a timeline and will form a working group that will create the forms, go through the technical requirements, work with Finance and hopes that it will be hashed out by late February/early March. The working group will meet in April to approve funds.
• There are several options listed in the briefing note
  o $200 to 1000 students per semester
  o $500 to 400 students per semester
  o $1000 to 200 students per semester.
  o VP Finance recommends $500 as it increase impact but allows for more students to receive money.
• The 40%/60% split between domestic and international students is due to international students likely needing additional supports to get back to Vancouver as classes resume in-person especially with the new quarantine and travel rules implemented by Canada’s Prime Minister on Jan. 29, 2021.
• Out on Campus will be setting up a similar fund that will support LGBTQ+ students that can be part of the process.
• A fund for self-identified disabled students should be feasible as well as their cost of living is generally higher, and they need additional accommodations as well.
• VP Finance is in discussion with Finance Coordinators regarding sending money to international students. SFSS usually sends cheques but there are barriers to this so looking into potential of electronic transfers.
• There will be challenges going through the approval process in April, so there may be more ways to talk to SFU to support the students whose applications are not approved.
• Will need quite a few Board members to help process application so that delays do not happen at the hands of the Board.
• Will need to consider other funding when developing criteria for funding.
• Keeping privacy and confidential information in mind as well and how SFSS can protect this information.
• Faculty Representative (Applied Science) left at 3:20PM.

6.8 Update Staff Liaison Officer -MOTION BOD 2021-01-29:11 Osob/Sude
Whereas Article 3.3 of the Collective Agreement allows for 2 Staff Liaison Officers to be appointed for the purposes of our Collective Agreement with CUPE 3338;
Be it resolved to appoint Ayesha Khan, Operations Organizer, as a Staff Liaison Officer effective January 29th, 2021.
Be it further resolved that Lawrence Jones, Transition Manager be removed as a Staff Liaison Officer effective January 29th, 2021
CARRIED UNANIMOUSLY
• Our Transition Manager, Lawrence Jones, will be leaving SFSS and the Operations Organizer will be the new Staff Liaison Officer.

7. DISCUSSION ITEMS
7.1 COVID-19 SFSS Space Protocol
• SFSS is using BC Thrive Health to assess COVID risk.
• There is a SUB access spreadsheet and only people signing cheques should be going in the SUB, and they need to be in communication with the SUB Building Manager.
• At SFU Surrey, security will not give Board member key unless they have heard from the Surrey Campus Coordinator, Shelley, and the member has completed the assessment first.
7.2 SFSS Burnaby Mountain Gondola Campaign

- President and VP University Relations are working with SFSS Communications team on creating and posting several videos for the Gondola clip.
  - The main campaign video will be going out on February 5th featuring VP University Relations and President and various other videos.
  - They will be looking for 30 second clips of Board members talking about why they support the gondola soon that will hopefully launch on February 10th.
    - Faculty Representatives (Communications, Arts & Technology and Arts & Social Sciences) will send videos for sure.
  - Three points of campaign: Safety, efficiency, and eco-friendliness.

- New Mode Campaign
  - SFSS has sent out a letter to the Burnaby Mayor and City Council which will be posted on the SFSS website shortly and act as a guideline for a NewMode Campaign.
  - Faculty Representatives (Environment and Sciences) will be meeting to talk about this on February 5th, so if anyone is interested in helping, please let them know.
    - Faculty Representative (Arts and Social Science) would like to join.

- If you would like the communications proposal for the campaign, let President know.

7.3 Webinar/Panel with Migrant Students United, GSS & TSSU

- Faculty Representative (Science) and VP External Relations met with these groups to talk about international student organizing and advocacy and trying to see if there’s places to work together.
- Migrant Students United advocates for international students in terms of open work permits, access to social services, permanent status, and also most recently the extension to the post graduate permit.
- Idea to host a webinar/panel
  - Rough title: "International Student Workers Fighting for Change: How the PGW extension was won?"
  - Gain support and get international students interested.
  - Planning for March 2, 2021 around 5-6pm.
- If Board is in support, costs to host the event would include speakers’ honoraria.
- Let people know that it’s possible to advocate on these issues and get wins.
- Faculty Representative (Science) and VP External Relations will be moving forward with this.

7.4 Events Committee Updates

- Encouraged to turn out post notifications for SFSS Events’ Instagram.
- Upcoming Events
  - Feb. 1 - Mental Health Monday giveaway
  - Feb. 5 - Brooklyn 99 Trivia Night and Global Talent Night
  - Feb. 9 - Grey’s Anatomy Trivia Night
  - Feb. 10 - Valentine’s Day origami rose and letter writing workshop
  - Feb. 12 - Harry Potter Trivia Night
- Good way to keep people connecting during this time.
7.5 Federal Mandatory COVID-19 Hotel Quarantine

- Justin Trudeau made an announcement that makes it mandatory to quarantine in a hotel for travelers who are coming in from abroad that is paid for out of their own pocket.
- This deters unessential travel, but it will cost travelers about $2000 which disproportionately impacts people who do have to travel which includes students.
- SFU has a CARES program (COVID Assistance and Remote Engagement Support) that provides support for students who need to quarantine through a local hotel, Accent Inns Burnaby.
  - It’s practical and meets public health requirements.
- The SFSS should work with SFU to lobby the government to recognize SFU CARES as an official and acceptable hotel for this quarantine.
- SFSS had donated 2000 masks for the CARES program earlier this year too.
- There were also notes that ex-RCMP officers and a security company would be conducting in-person check ins to ensure compliance with quarantine rules which is dangerous for BIPOC and other marginalized groups.
- Students with a valid study permit are deemed essential travel.
- Residence is not letting incoming international students quarantine there.
- Many students cannot afford to pay for a 14-day quarantine.
- There is StudentCare Travel Coverage that includes reimbursing costs related to quarantine and reads “Valid trip delay coverage also covers quarantine due to a positive COVID-19 test result, denied entry, or contact tracing while at the destination. Meals and accommodation are covered up to $200 per day, to a maximum of $5,000.”
- SFU is looking into whether SFU CARES would be included on the approved hotels list. There are lobbying efforts by University Canada, SFU Government Relations Team and the Canadian Bureau for International Education to make sure that it is included.
- VP University Relations has made it clear to SFU that they would like to be involved in communications and lobbying efforts.
- President and VP University Relations will do some fact finding this weekend to see what they can find out and will report back to the Board.

7.6 BC FS Knockout Interest and Student Loans Campaign

- Last semester SFSS supported this campaign, and VP External Relations will send in a work order to Communications Coordinator to start posting about it again.
- Campaign materials has been updated. They have started posting on social media and all documents are ready to go out.

Briefing Note - Social Justice Campaign Support Fund - Pilot

ISSUE

Undergraduate students who wish to receive funding to support a campaign have few options. I propose that the SFSS develop a budget line item to support students who need additional funds to pay for larger expenses such as t-shirts, transportation, and other large campaign costs.

BACKGROUND

The SFSS has seen a number of student-led campaigns over the last three years, some against SFSS Board decisions (e.g. SUB Space Campaigns) or pushing SFU to make changes (e.g. I Am Not Your Clansman, Our Decision SFU, Let Us Speak, Tuition Freeze Now, etc.)

Depending on the type of campaign, its length, and escalation steps, they can be quite expensive to run. Expecting students to cover the all costs of materials, t-shirt printing, booking buses to transport students to location, etc. prevents them from developing and engaging in larger campaigns.

Current alternatives are for these students to bring issues to a relevant committee such as Accessibility, University and Academic Affairs, or External and Community Affairs to ask them to take on or collaborate with the campaign. They each have funding that can support such costs, however not all campaigns might fit into the purpose of each committee, nor would they always have the capacity to properly support these campaigns. So, having a general social justice campaign support fund would be preferable.

COST BREAKDOWN/BUDGET ESTIMATES
I propose setting aside $10,000 in the SFSS budget under the Board department as a pilot to see what kind of financial support is needed next year when we move into in-person classes and engagement. This line item should be reviewed in the following fiscal year to see if there’s financial need for expansion of funding. This amount is similar to the budgets for the University and Academic Affairs, and the External and Community Affairs committees.

KEY CONSIDERATIONS

An applications process and spending policies would have to be developed by FASC and the Governance Committee. It could mirror our current proposal policies and processes for grants and special funding. Successful applications should be limited to campaigns that stay within our issues policies and organizational purpose as laid out by the SFSS Constitution. Further policy development can be explored by the relevant committees.

CURRENT STATUS

This proposal, if approved, can be added to the 2021-2022 budget development process.

MOTION

Whereas the last three years have seen a rise in student-led social justice campaigns within the SFU Community,

Whereas the costs to run, grow, and execute a campaign can be cost prohibitive for student organizers,

Whereas the relevant SFSS committees might not have the resources or capacity to collaborate with or take on a student-led campaign,

Whereas providing funding support to student organizers empowers them and helps build student power,

Be it resolved that the Board of Directors approve the pilot funding for a Social Justice Campaign Support Fund to be included in the 2021-2022 budget under Department 20 - Board
Briefing Note - Spring and Summer Emergency Funding

Author: VP Finance Corbett Gildersleve

ISSUE

Due to the pandemic impacting the number and cost of events, initiatives, and programs we support, we have additional unspent funds that could be used in another COVID-19 emergency fund for both this spring term and the summer term.

BACKGROUND

The 2019-2020 Board contributed $150,000 to SFU’s Emergency COVID-19 Fund in the spring semester to support domestic and international students under a 50/50 split. These funds were used to support technology purchases, plane tickets home, and other things to help adapt to remote learning in the summer. An additional $60,000 was provided to FIC students.

After discussing this with the Board in November and December, I contacted SFU Finance and Awards to talk about options for SFU distributing these funds like they did last spring. They were only interested in using their bursary system. The problem is that the bursary system doesn’t allow part-time students to apply. This would affect up to 4000 students in the spring term and 8000 students in the summer. As a member of the policy committee on Senate for bursaries, there’s progress on removing the credit and CGPA limits, however due to hard technical issues with GoSFU, those changes won’t be implemented until later Fall 2021 or Spring 2022. Being that the spring 2020 Emergency COVID-19 Funding was open to all students, we should not use a system that restricts sizable numbers of our members from seeking support.

Due to this issue, I have already started discussing the feasibility of distributing this funding ourselves with the Board and staff. This will take considerable effort in outreach, selection, and distribution of funding. Fortunately, I have received support from some staff and board members about helping with this process. I am still discussing options with our finance office.

## KEY CONSIDERATIONS

1. Criteria for distributing to students
2. How much of the funds goes towards domestic and international students
3. Any additional funds to support FIC students
4. How much per student

## MEDIA AND COMMUNICATION

Our Communications department will need to develop campaign and notification materials.
TIMELINE

1. Board approves the funding and criteria
2. VP Finance forms an Emergency Funding Working Group with staff and board members to develop the selection and funding distribution process
3. Communications department develops messaging and coordinates with SFU Financial Aid and Awards to coordinate communication pushes
4. Students are made aware of the funding opportunity
5. Working group and the Finance Office distributes the funds and report back
   a. Distribution would occur during the last month of each term.

OPTIONS/RECOMMENDATIONS

I recommend that the Board approve a disbursement of funds to support students in financial need of $400,000 split equally between the spring and summer 2021 terms.

Criteria Options:

Amount:
Option 1: We provide $200/student, allowing us to support up to 1000 students per semester
Option 2: We provide $500/student, allowing us to support up to 400 students per semester
Option 3: We provide $1000/student, allowing us to support up to 200 students per semester

Breakdown:
Option 1: We do an equal 50/50 split between domestic and international students like the 2019-2020 Board did
Option 2: We do a 40/60 split between domestic and international students because of the increased government funding options for domestic students (provincial and federal grants), as well as supporting international students who might be flying to Canada for the summer or fall terms.

I recommend we provide $500/student with a 40%/60% split for domestic and international students, as it will have a greater impact but still help 400 hundred students per semester.

RECOMMENDED MOTION(S)

Whereas the SFSS has updated their 2020-2021 annual budget
Whereas we are predicting a surplus that could be used towards supporting students in financial need
Be it resolved that the Board approve a Spring and Summer semester Emergency COVID-19 Funding of $200,000 per term from line items selected by the VP Finance.
Be it further resolved that the criteria for the funding be $500 per student and a 40%/60% split between domestic and international students.
Be it further resolved that the President and VP Finance work with relevant SFSS departments and staff to communicate and distribute this funding.
Briefing Note: Burnaby Mountain Gondola Campaign

Author: Osob Mohamed, President

January 29th, 2020

Background

The Simon Fraser Student Society (SFSS) is a student-led non-profit organisation that represents over 25,000 undergraduate students across the three campuses of Simon Fraser University (SFU) in Burnaby, Vancouver and Surrey, British Columbia. Over 88% of our members regularly use public transportation to commute to class, and nearly 95 percent of SFU undergraduate students consider reliable TransLink services important or very important.

In January 2020, we hosted a Gondola Open House, in which we shared information and gathered feedback from our membership on the Burnaby Mountain Gondola (BMG) project over 2 days. The SFSS has been in support of a BMG for more than a decade, and the project has been making significant progress over the past two years.

Of the students who participated in the open house, 84% indicated that their preference was for the route directly from Production Way station to SFU, and was considered the most efficient and effective option. The route connected through Lake-City way station was the least preferred, as it had the longest travel times and was an inconvenient option for students coming from the East. In the Translink 2018 feasibility study, it was quoted that 50,000 hrs of diesel bus operations would be eliminated, reducing greenhouse gas emissions by 1700 tons a year. The BMG will also cost less to run than the current fleet of diesel buses, saving taxpayer money to the tune of approximately $35 million over a 30-year period.

Translink has led a two-phase community consultation process, in which the SFSS has played a part in encouraging students to complete the survey. We also attended stakeholder meetings, in which we shared the student experience dealing with public transit, and why the efficiency, safety and eco-friendliness of the BMG. The next step is the Burnaby City Council meeting (tentatively scheduled for February 22nd), when the Mayor and Council will vote to recommend whether or not to move forward with the project, and by which route. Student voices right now will be crucial leading up to this date, and we have developed a communications plan in collaboration with the SFSS Communications department for February to get students talking about the gondola and their transit experiences, with incentives to encourage students to share and spread the word via social media.
The incentives will accompany graphics, videos and the hashtag #GiveStudentsALift, as we try to create some buzz around the BMG project in upcoming weeks.

## Motion

Whereas the Simon Fraser Student Society Strategic Plan outlines “enhanced student experience” and “successful advocacy campaigns” as indicators of success within our strategic priorities;

Whereas the successful completion of the Burnaby Mountain Gondola Project will greatly improve the transit experience for the more than 88% of our members who rely on public transit on a regular basis;

Whereas amplifying student voices through a successful digital campaign will have great influence on key decision makers, such as Burnaby City Council leading up to their meeting tentatively scheduled for February 22nd, 2021;

Be it resolved that the Board approves $529.94 to come from line item 820/18 (Advocacy Initiatives) for incentives to promote the Burnaby Mountain Gondola campaign.

7. NEW BUSINESS
7.1 Council, Administrative Policies Repeal and Replace-MOTION BOD 2021-04-23:04

Gabe/Osob

Whereas, on May 1st, 2021, the SFSS By-Law changes approved at the October 2020 SFSS Annual General meeting will be taking effect.

Whereas, the SFSS has adopted various policy documents that must be consistent with the SFSS By-Laws.

Whereas, the Transition Steering Committee – Governance Working Group has conducted a review of all Society Policies, in order to ensure they are consistent with the new SFSS By-Laws.

Be it resolved that the Board of Directors repeal the current SFSS Board Policies, Accessibility Policy, and all other Administrative Policies, including the Communications Policies, Corporate Records and Information Policies, Finance Policies, Investment Policy, IT Policies, Member Services & Groups Policies, Office Administration Policies, Orientation and Retention Policies, Personnel Policies, Privacy and Information Management Policies, Property Management Policies, and Retail Services Policies.

Be it further resolved that the Board of Directors replace these repealed policies with the attached SFSS Policy Manual, Council Policies, Accessibility Policy, and new Administrative Policies, which includes the Communications Policies, Corporate Records and Information Policies, Finance Policies, Investment Policy, IT Policies, Member Services & Groups Policies, Office Administration Policies, Orientation and Retention Policies, Personnel Policies, Privacy and Information Management Policies, Property Management Policies, and Retail Services Policies as attached.

Be it further resolved that these changes come into effect on May 1st, 2021.

CARRIED UNANIMOUSLY

• Chair mentioned that this is a sweeping motion that will change language in the policies from “Board of Directors” to “Council”. These changes will also reflect current Executive positions and add duties to merged or new Executive positions. Additionally, the changes include clearer language on the jurisdiction of the Board of Executives and Council.

• Many Board members spoke up in favour of the motion.

7.2 SFSS Issues Policies-MOTION BOD 2021-04-23:05

Matthew/Balqees

Whereas, the SFSS approved a development plan to create more SFSS Issues Policies on a variety of social, economic and political issues;

Whereas, it is typical for student societies to employ Issues Policies to establish stances on certain issues;

Whereas, many Board members, in consultation with SFSS Board Committees and student groups, have created multiple draft Issues Policies for approval by the Board of Directors.

Be it resolved that the Board of Directors repeal and replace the SFSS Issues Policies as attached.

CARRIED UNANIMOUSLY

• Chair clarified that these policies would allow the SFSS to entrench intersectional and equitable stances in SFSS policy and to prevent further harm to marginalized communities. He acknowledged the harm that the SFSS has caused in the past to
marginalized students and communities on campus by failing to consider how the operations, events, and governance of the SFSS might further perpetuate harm.

- VP Student Services mentioned that he is proud of the work that 2020-21 Board has accomplished this year. He recalled when 4 years ago he was told, as a member of the FNSA Board, that this was not possible. VP Student Services hopes that these policies will do good and support students facing systemic issues and systemic barriers. He mentioned that as leaders in the community, it is important to reduce harm.

- President mentioned that the Issues Policies were previously repealed and expressed excitement to see them return. She expressed that the repealing of these policies left students unclear as to what the SFSS stood for as the SFSS moved towards a business model and away from a student advocacy model in 2015-2016.

- Faculty Representative (Science) mentioned a previous Issues Policy regarding Student Space for Departmental and Faculty Student Unions. He expressed hope that the incoming 2021-22 Board will work on this Issues Policy and other Issues Policies to protect marginalized students and communities off and on-campus.

- Faculty Representative (Science) emphasized the specific Issues Policies being voted on: Tuition Affordability, Disability Justice, Living Wage and Union Rights, Climate Justice and Sustainability, Indigenous Inclusion and Reconciliation, Anti-Racism, and Police Anti-Militarization.

- Faculty Representative (Science) asked future Boards to consult with impacted community members on future Issues Policies and thanked the FNSA and DNA for their work consulting on current Issues Policies.

- Representative At-Large (BJ) reflected on the Second Issues Black History Month that was passed earlier in 2020.

- Chair mentioned that some of the people who have worked on the Issues Policies include: Balqees Jama, Jess Dela Cruz, Marie Haddad, Serena Bains, Corbett Gildersleve, Matthew Provost, Jennifer Chou

7.3 SFSS COVID-19 Emergency Funds-MOTION BOD 2021-04-23:06
Corbett/Osob

Whereas the SFSS is not yet ready to disburse the COVID-19 Emergency Funds,
Whereas the funding was approved from this fiscal year's budget but the disbursement will now fully happen in the following fiscal year's budget;

Whereas creating an internally restricted fund allows the Society to designated specific funds for future spending;

Be it resolved that the Board create an internally restricted fund within the General Fund called "COVID-19 Emergency Funding"

Be it further resolved that the Board approve contributing $400,000 from the 2020-2021 operational surplus to the internally restricted fund

CARRIED UNANIMOUSLY

- VP Finance stated that the creation of this internally restricted fund will allow for an accurate reflection of expenses and increased transparency regarding the use of funds.
- Delays in this motion have been due to consultations with a Tax lawyer to ensure that funds are being used appropriately.
7.4 International Student Advocacy Office Establishment - MOTION BOD 2021-04-23:07
Samad/WeiChun

Be it resolved that, SFSS endorse the attached proposal to establish an International Student Advocacy Office in Greater Vancouver. This is not an endorsement of the financial contributions suggested in the proposal which will be approved at a later date by participating student societies.

Be it further resolved that, SFSS make a one-time contribution of $1000 to hire part-time staff for a 4-month position that will work on behalf of the founding committee to coordinate communication, presentations of the proposal and support the fund-raising for the project.

CARRIED UNANIMOUSLY

- VP External Relations mentioned that the SFSS has been working with the GSS to establish an International Student Advocacy Office that will provide individual and collective support to International Students regarding immigration issues. The SFSS will be a founding member of this Office. He mentioned that this will be in-collaboration with the UBC Student Union and that Student Unions from Capilano and Douglas expressed interest in collaborating.
- President expressed support for the motion and voiced need for an independent office for international students.
- Faculty Representative (Science) voiced support for the motion. He stated that the SFSS should financially support this motion that would allow for specific help for international students.
- At-Large Representative expressed support and voiced the need for an advocacy hub for International Students.

7.5 Policy and Research Coordinator Hiring Committee - MOTION BOD 2021-04-23:08
Osob/Matthew

Whereas the SFSS is seeking to hire a Policy and Research Coordinator, Be it resolved to appoint Gabe Liosis and Corbett Gildersleve to the Policy and Research Coordinator Hiring Committee as the employer representatives

CARRIED UNANIMOUSLY

- President mentioned that the Policy and Research Coordinator Role is currently vacant and mentioned that there is currently interest into expanding this office and services offered. She mentioned that the previous role had been split into Policy and Research Coordinator and Mobilizing Coordinator which will allow for increased advocacy and ability to do campaigns.
- Chair emphasized that splitting the role into two portfolios allow the opportunity to expand advocacy.
- President mentioned that job description will soon be forwarded to union to be reviewed.

7.6 Approval of the 2021-2022 Budget 4th Draft - MOTION BOD 2021-04-23:09
Corbett/Matthew

Whereas the Finance Office and the VP Finance has developed a draft budget for the 2021-2022 fiscal year,

Whereas the draft budget has been reviewed and recommended by FASC on April 20th, 2021 for the Board of Directors to approve
Be it resolved that the Board of Directors approve the “2021-22 Budget - 4th Draft” as a preliminary budget for the 2021-2022 fiscal year.

CARRIED UNANIMOUSLY

- VP Finance mentioned that the detail regarding this Budget was sent out in the Briefing note. He expressed that the delays in this Budget are a result of the pandemic impacting revenue projection, challenges associated with the SUB relating to funding, as well as additional work with a lawyer to ensure that services are appropriately paid and staff to ensure that new roles associated with the SUB are clearly defined.

- VP Finance highlighted that since collective bargaining is ongoing, the Budget tries to ensure a surplus. He expressed that it is hard to predict some revenues as the SUB has yet to be opened. VP Finance mentioned that the surplus that has been placed in VanCity for investment can only be withdrawn in a year so most revenue comes from enrolment fees which will be impacted by enrolment numbers.

- VP Finance highlighted that due to the plan to return to in-campus education in Fall 2021, the budget is overbudgeted so that any changes will be financially affordable.

- VP Finance that the reason for shifting of expenses within departments is due to governance and administrative changes. He discussed the change in the admin team which allowed for $400 000 to be used for hiring Student Support Staff Coordinators for Black Student Support, A Student Advocate, and Accessibility Advocacy.

- VP Finance highlighted the amount of work that has been done this year and discussed the restructuring of Board Service to focus more on Student Advocacy.

- In terms of Committees, VP Finance mentioned that the Chair of each Committee is responsible for the Committee budget but will be overseen by staff which will mirror governance policies and make it easier to track Individual Committee and Council Expenditures.

- VP Finance discussed specific changes in the budget including the addition of the Mobilization Coordinator, increase in the Women’s Centre funding by $10 000 due to higher demand, as well as the $85 000 decrease in administrative costs covered by the general fund as it has been covered by the Build SFU fund (should not have been covered by the General Fund). Some adjustments on historical line items that have freed up funds.

- VP Finance mentioned that the 4th Budget has been approved and recommended by FASC but the incoming Council will be able to make changes.

- VP Finance that the incoming Board will still have some say in the Budget as the Final Budget will be approved by Council in May, but the previous Board typically sets the Budget as they have the experience to do so.

- VP Finance discussed the importance of Committee stipends as committee members do a lot of work. He mentioned that $35 000 has been set aside to provide honorariums to these students to respect their labour. However, VP Finance highlighted that this is not a lot of money as there are up to 20 Committees with up-to 5 Student At-Larges per committee that meets at least once a month. He mentioned that this is tied in with the Living Wage Issues Policy and expressed hope that, going forward, student labour will be respected and fairly compensated.
8. DISCUSSION ITEMS

8.1 MBC, SUB Keys Return

- President mentioned that Board members should be prepared to return keys and mentioned that there might be a mail-in system set up for those who are unable to return their keys in-person. She mentioned that keys will most likely need to be returned before the term is over.

*Nafoni Modi and Ashley Brooks left the meeting at 3:30PM

8.2 Board Portal Search

- VP Finance mentioned that the team compiled a list of possible options for a centralized software for easy document retrieval and tried out and had demos of software that was shortlisted. However, many of these softwares had core uses that would result in more administrative work, as well as a voting system that was non-compliant with SFSS policies. Most were not designed for a grass-roots democratic society with a Board that changes annually.
- VP Finance stated that the recommendation from the search is not to purchase a Board Portal but to use current resources better including improving GSuite, using Zoom for voting and using a JotForm for additions to the agenda. As of May 1st, 2021 there will be a centralized shared drive.

Summary
We looked for a platform that would bring the highest value and maximize efficiency for the SFSS, and that would allow for growth of the organization. While we spent quite a bit of time and effort exploring the available options, we concluded that using G-Suite’s features more fully and finding a voting tool would meet the Council and Executive’s needs. Moving forward, finding a low-cost voting tool is the most cost-effective way to increase the efficiency of Council. Additionally, by using the resources and features available through G-Suite in a more efficient and effective manner, we will address the SFSS’s need to run large meetings. Comparing all the platforms Boardable was the best option, but still not the best in terms of efficiency and from a financial point of view. In particular, the voting tool was not advanced enough to meet the SFSS’s needs.

While a lot of effort and time was spent on this project, we were able to come to a conclusion that would be most beneficial for the SFSS. The assessment leads to the conclusion that none of the available platforms are worth the transition as they tend to be created for corporations and private non-profits. Because of the democratic nature of the SFSS, the platforms would require customization to meet our organization’s needs and requirements. These customizations would take additional time and money and in the meantime we would have to use workarounds with these tools. In addition, more advanced platforms would require more training and also the adaptation of SFSS’s current processes which may cause unnecessary disruption, and overextend labour capacity.

The Decision Making Process
First, we collected a list of 20 possible programs we could use that might conceivably fill our needs. This was done in January. At each stage, we met and reconsidered our progress and delegated the work.
We then examined all obligations and requirements as laid out in SFSS by-laws and policies for core functions necessary for a potential software. This included things like the capacity for adding council alternates to meetings, requirements for minute taking and voting, and timelines for agenda construction. We also examined the key stakeholders and perspectives of users for this project. We used these rules to identify the minimum functions a software would need to possess to be considered. We then further clarified these requirements as critical or desired, and examined those requirements from an administrative, user, and organizational lens.

We took that list of key functions and re-examined all possible programs to determine whether they could meet that criteria. We ranked each according to that metric and selected the highest ranking programs to continue examining. At this stage, our highest ranked programs were:

- Boardable
- BoardSpot
- BoardPAC
- BoardPro
- AzeusConvene

All others were discarded for failing some key need we identified, or never provided us with enough information to make a judgement. That list of key functions was also used to determine a list of questions to be answered. We contacted sales representatives from each of the top-5 ranking companies and sent them that list of questions, as well as sat through demonstrations with their sales team.

Finally, we spent two weeks exploring free trials of the three remaining suitable programs. We examined them in relation to actual meetings that were happening concurrently, and made mock meetings to fully flesh out how the programs might be used, and the associated standard operating procedures administration would have to put into place to facilitate the programs. Based on this analysis, we came to our final conclusion.

**Recommendations**

We do not recommend purchasing software for a board portal. This is because:

1. Many programs charge per user, and we expect to have a number of users that make the cost prohibitively expensive for the value generated. Currently, there is little-to-no cost to adding, removing, or changing a committee. Using these tools would put a price tag on changes. Looking at the number of potential voters in each committee and Council, the cost for most tools would be between $6,000-$12,000 a year.

2. Using a hybrid system, where a board portal platform is used for some meetings, but not for others, would mean that prohibitively significant demands for labour would be placed on the administration department of the SFSS. Staff would have to both manage the software and its associated upkeep, while also continuing to use
traditional organization and agenda and minute creation for almost all other staff and committee meetings. Moreover, monetary cost savings would be negligible because the most crucial body, Council, is also the largest.

3. Many programs were designed for static non-profit or private corporate boards that have very low turnover. As such, they are not designed for membership-based democratic organizations, with many users, and therefore the composition of committees and subcommittees turning over in less than 2 years.

4. It was not clear to us that the efficiency gained by streamlining the distribution of meeting minutes and agendas outweighed the additional burdens and complication of training and administration by users and committee chairs
   a. In cases where the systems might generate efficiency and streamlined distribution, it was not clear that the financial costs would be worth it.

5. Efficiency for the elected user may come at the cost of an increased burden on SFSS staff, at this moment we may not have the labour capacity to administer such software at the necessary level.

We recommend beginning an investigation of software specifically for tracking and streamlining voting.

   5. Zoom Polling

We recommend exploring procedural changes that can allow for meeting documents to be hosted on a cloud.

   1. For example, placing links to important meeting documents inside Google calendar event descriptions, and using Jotforms to streamline the compilation and submission of agenda items.
   2. We think programs we are already using may have the potential to further streamline document distribution.

Next Steps

Our Administrative Assistants have already begun planning out the above recommendations and have created Jotforms for creating and amending agendas. We will be creating a centralized Council Google Shared Drive shortly. We will test out this modified process on a few committees until the end of April and adjust the process based on feedback.
ISSUE

As part of the SFSS annual budget development process, the Board needs to approve a preliminary budget before the end of their fiscal year, April 30th, 2021.

BACKGROUND

The SFSS began drafting the annual budget in late January and has gone through 4 drafts so far. During this period, there has been an information session with the Board and Council, consultation with department coordinators, administration, and constituency groups such as the Students of Caribbean and African Ancestry (SOCA), First Nations Student Association (FNSA), and the Disability and Neurodiversity Alliance (DNA).

This particular budgeting process has taken longer than expected due to a combination of the COVID-19 pandemic, the Student Union Building (SUB), and the Collective Agreement (CA) Bargaining. All three areas have a financial component that impacts the 2021-2022 budget.

As the pandemic continues, it impacts the number of enrollments at SFU and the Fraser International College (FIC), which affects the size of our membership, the fees they pay and our revenue that pays for the operations, services, advocacy, and overall mission of the SFSS. While SFU has seen stable enrollments during the 2020-2021 year, FIC has had reduced enrollment numbers which resulted in a reduction in our revenue by around $100,000 this year. With the pandemic still continuing into the 2021-2022 fiscal year, we expect FIC will continue to have lower enrollments, and so a slightly lower amount of revenue in the following fiscal year.

The SFSS received provisional occupancy of the Student Union Building in early October 2020. We had already begun payment on the loan but occupancy led to paying for the operating costs of the SUB and ending the costs for the Rotunda and MBC spaces. Additionally, the SFSS needed to increase their insurance coverage for the SUB, but fortunately that is covered by the Build SFU fund. However, early in the budget development process, a question was raised around the language of the Build SFU levy language and if the fund could be used to pay for the HR costs to support the building, for instance the wages and benefits for the Building Manager, future Building Coordinators and assistants. After checking with both our lawyer and auditor about the language of the referendum, they agreed that it was reasonable that the fund could
pay for those specific HR costs. This reduced budgeting pressure on our general fund, which traditionally covered all HR costs.

Collective Agreement bargaining began on February 22 and has not yet concluded. As the agreement covers a wide range of items, from wages and benefits, hours of work, vacation pay, leaves, and other matters that have a financial nature, the results of bargaining will impact the 2021-2022 budget. As such, I expect the final budget approved by Council in May will be different than this budget assuming bargaining is completed.

BUDGET BREAKDOWN

Revenue

General Fund revenue is expected to be similar to the 2020-2021 fiscal year due to the continuing pandemic impacting FIC revenue. We will also be receiving rent revenue from our commercial tenants in the SUB and the MBC Food Court premiums, which will be less than usual due the MBC cafeteria being closed. The SUB can provide future revenue generation in the form of booking rooms to external clients through SFU Meetings, Events, and Conference Services, vending machines, and income from our Investment Plan. However, all of that will take a while before seeing dividends and as such will not appear on this budget.

Revenues are projected to be around $3,170,000.

Expenses

The 2020-2021 year saw a significant decrease in some expenses, especially funds that would normally go towards events and activities due to the pandemic. Due to this expected surplus, the Board has already approved $400,000 to go to an Emergency COVID-19 Fund to support students. Because the pandemic is still occurring, it’s expected that some similar underspending will occur for the summer term at the very least. This will be tracked by the next VP Finance and Services as well as the Finance Office.

Expenses are projected to be around $3,130,000.

Changes
New Departments

With the allocation of space in the SUB to SOCA and DNA, and with the Board’s approval of hiring dedicated staff for an Accessibility Centre and Black Student Support Office, we have created departments in the budget to track costs. We have also added $10,000 for each department under a ‘programming’ line item to pay for events, initiatives, supplies, and other items. I have consulted with both SOCA and DNA about these funds. Currently, we have budgeted for both a coordinator and an assistant for the Accessibility Centre due to the coordinator position being unfilled at the moment. Once that occurs, the office’s budget will be amended.

We have also created a Student Advocate department to house the Student Advocacy Coordinator.

Administrative Office

The SFSS Board conducted an administrative review and approved a restructuring that resulted in the administrative team shrinking from six people to three with new roles, job descriptions, and responsibilities. I also removed redundant line items which resulted in an administrative office budget savings of just over $400,000 from the previous year’s office budget.

Board/Council

The SFSS went through two big governance changes this year, one in the summer when we changed from a Policy Governance/Carver Model structure to a Governance-Administrative model that saw the Board take on more operational oversight and administrative responsibilities. In October, at the Annual General Meeting, the membership approved four special resolutions that changed the bylaws of the SFSS which included a significant governance change to change the composition of the Board of Directors to remove Faculty and At-Large Reps, increase the number of Executives to seven, and merge those with the Council. This changes the total amounts for stipend costs.

Currently a remuneration proposal is going through a consultation process that would increase the stipend amounts for all the new Board members to have a basis in a living wage. As that amount is higher than the current stipend model, this budget has included it as if it passed. If the proposal is not accepted by the Board then that will just free up funds to be used elsewhere.

Board/Council Committees

The governance model changes has board members, especially executives, overseeing operational and administrative matters which includes committee work and budgets. These committee budgets used to be under the Board department, but were moved out over the past few years to be put in various coordinator-led departments. This has been returned under a new
subsection of the Board department budget titled “Committees”. This area lists standing committees of the SFSS and tracks their budgets (if they have any). I believe this is clearer than the previous system where some committees shared line items and there was confusion over who oversaw what. The process for spending the funds in each of those committees is the same and staff is still tasked with supporting those committees, keeping track of spending, etc. but they also report to the committee chair as to the status of the budget. Additionally, some of the committee budgets were split off and provided to the supporting coordinator to spend on their own projects and initiatives.

Departmental Changes

- Added a Campaign Mobilizer coordinator to the department to the Campaigns, Research, and Policy Department
- Increased the Womens’ Centre budget by around $10,000 for various programming and supply purchases
- Around an $85,000 decrease in the Administrative Department (different than the Administrative Office) due to some items being covered by Build SFU and reductions to match historical spending

CURRENT STATUS

This is the 4th draft and has been reviewed and recommended by FASC on April 20th, 2020 for the Board to approve as a preliminary budget. There is currently a small surplus projected. The 2021-2022 Budget will be reviewed and updated throughout the year with monthly reports given to Council.

MEDIA AND COMMUNICATION

A PDF of the consolidated budget will need to be uploaded to the SFSS website upon approval of the budget.

RECOMMENDATIONS

I recommend that the Board accept this draft budget as the preliminary budget.

MOTION/RECOMMENDED MOTION(S)

Whereas the Finance Office and the VP Finance has developed a draft budget for the 2021-2022 fiscal year,
Whereas the draft budget has been reviewed and recommended by FASC on April 20th, 2021 for the Board of Directors to approve

Be it resolved that the Board of Directors approve the “2021-22 Budget - 4th Draft” as a preliminary budget for the 2021-2022 fiscal year.
APPENDIX

2021-2022 4th Draft Budget (Comprehensive)
Briefing Note
April 22, 2021

International Advocacy office

Background
International students faced several challenges while pursuing their education in Canada. Some of the challenges include 3-4 times higher tuition, higher international medical fees, immigration issues, and overall lack of support both from government and educational institutions. Due to the lack of constant international student advocacy ECAC proposes to support the establishment of an international student advocacy office.

The office will work in collaboration with Migrant Student Worker and several other student organizations in BC. The office will be responsible for providing collective advocacy on behalf of international students in BC at the federal, provincial and municipal level. The office will also provide students with individual immigration support.

The International Student Advocacy Office would:
- Operate a hotline for students, and would provide direct support, legal information and one-on-one advocacy to International Students in the Greater Vancouver Area;
- Deliver presentations and information to societies and International Students on campuses when requested or required;
- Support the formation of chapters and committees on campuses to identify ISAO advocacy priorities, and create spaces for mutual support for International Students;
- Carry out advocacy campaigns at institutions and with federal, provincial and municipal governments as identified by chapters and committees.

Please visit the following link for a detailed proposal:
https://docs.google.com/document/d/1QJnvLiBn4KOqZzOSU6Y5CBiiW8vQqOjfMkCtBORY27c/edit?usp=sharing
Recommendation:

ECAC proposes to endorse the establishment of an International student advocacy office and participate in the program as founding members. ECAC also recommends contributing $1000 towards the hiring of a part-time employee to support administrative work.

Motion

Whereas international students face several challenges such as immigration, higher tuition, higher medical fees. These issues create barriers for students who are trying to pursue higher education in Canada. Establishing this advocacy office will create long term positive results in advocacy for international students.

Be it resolved that, SFSS endorse the attached proposal to establish an International Student Advocacy Office in Greater Vancouver. This is not an endorsement of the financial contributions suggested in the proposal which will be approved at a later date by participating student societies.

Be it further resolved that, SFSS make a one-time contribution of $1000 to hire part-time staff for a 4-month position that will work on behalf of the founding committee to coordinate communication, presentations of the proposal and support the fund-raising for the project.
International Student Advocacy Office Proposal

The student societies and teaching unions are seeking to establish an International Student Advocacy Office (ISAO) in the Greater Vancouver Area to support post secondary international students. The office would be in partnership with Migrant Workers Alliance for Change / Migrant Students United. The goal of the office is to provide individual advocacy and support for students dealing with issues stemming from their immigration status at their schools and with other services (such as work, housing and healthcare). The office would also provide collective advocacy on behalf of current and former international students by pursuing policy changes within all institutions and levels of government that impact the lives of international students.

Student Societies in the Greater Vancouver Area are requested to participate in the project by providing an annual contribution of at least $500-$1,000 per every 1,000 students for the establishment of an International Student Advocacy Office.

For questions about this proposal, please contact: Advocacy@sfugradsociety.ca or coordinator@tssu.ca

Why an International Student Advocacy Office?

International students now form approximately 20-30% of the student population at most post secondary schools in BC. There were over 144,00 active study permits in BC on December 31, 2019. And in the majority of cases these students are paying significantly higher tuition for their education. Colleges and universities have become dependent on the revenue from international students in order to balance their budgets. While international students are in many ways subsidizing post secondary education they have been rendered extremely vulnerable to exploitation.

Students often face greater abuse, mistreatment or exploitation at their educational institutions because of the pressure they are under to maintain their immigration status, and the many barriers they face as a result of systemic racism. Furthermore, due to the extremely high rates of tuition and living costs in the lower mainland they are expected to pay they are also working off campus in some of the most exploitable low wage work where they are also unlikely to speak up about their working conditions. Finally, there are policies at the provincial and federal level that have limited their ability to access services.

Meanwhile, academic institutions have established in some cases extensive international student services on campus. These services, however, are not positioned to advocate for individual students or international students more generally. These services are compromised by being embedded within the institution that must be pressured for policy
changes or to support particular students. And these services have not been established or positioned to have campaigns aimed at policy changes at various levels of government.

Students societies and unions have understood the need for independence and autonomy from academic institutions to effectively advocate and the same conditions are needed to advocate for international students.

Establishing an International Student Advocacy Office

We propose a single ISAO established in the Greater Vancouver Area, initially with one or two staff organizers.

The International Student Advocacy Office would:

- Operate a hotline for students, and would provide direct support, legal information and one-on-one advocacy to International Students in the Greater Vancouver Area;
- Deliver presentations and information to societies and International Students on campuses when requested or required;
- Support the formation of chapters and committees on campuses to identify ISAO advocacy priorities, and create spaces for mutual support for International Students;
- Carry out advocacy campaigns at institutions and with federal, provincial and municipal governments as identified by chapters and committees.

A single International Student Advocacy Office is appropriate at this time because:

- It decreases costs for each student society by establishing a new position to serve International Students;
- The ISAO can collectivize experiences of students from different campuses to better identify advocacy campaigns;
- The ISAO can learn from experiences of different students, and create spaces for students to support each other across different campuses;
- Many international student concerns are outside of campuses (work, access to healthcare, housing, etc). A single ISAO allows for more effective responses to the breadth of International Student concerns.
- A community office model facilitates more effective collaboration with allied organizations that can support international students in areas where student societies lack expertise. For example, as many international students are precarious workers there is a need to work with existing organizations that work with migrant workers in order to raise the profile of the experiences and needs of international students as workers and tap into expertise and resources that can support them. Similarly healthcare advocates, foodbanks, tenancy advocates and many others can help provide integrated support to students.
Location:
- An office space would be established in a central and transit-accessible location in Greater Vancouver and would also be prominently advertised by participating student societies and unions at their campuses.

Structure of the International Student Advocacy Office:
- Organizers would be hired, trained, and supervised by the Migrant Workers Alliance for Change, and funded by Student Societies. The organizer would work directly with MSU staff to ensure alignment with campaign strategy and objectives. This would ensure the work of the International Student Advocacy Office would be connected with similar student initiatives across the country and to campaigns for policy change at the federal level.
- Over the first two years, chapters and committees would be created on campuses coordinated by ISAO organizers. These chapters or committees would provide support to international students and create space for students to collectivize their concerns. Chapter coordinators would form a Leadership Committee to represent International Student interests and provide overall direction to ISAO's work going forward.
- Advisory Board: An Advisory Board would be created with 1 representative of every Student Society funding the International Student Advocacy Office. The Advisory Board would meet once a year to receive an annual report with data and updates about the International Student Advocacy Office.
- Founding Committee: Starting in April 2021, a Founding Committee with representatives from GSS@SFU, SFSS Capilano, MWAC and other student societies will be established that will be responsible for initial setup of ISAO including raising funds, securing space, and hiring staff. The Founding Committee has a limited term, and will be disbanded within 6 months of the launch of the ISAO. The Founding Committee may hire a staff person to assist with their work.

Why a partnership with Migrant Workers Alliance for Change / Migrant Students United?
- The Migrant Workers Alliance for Change (MWAC) supports current and former International Students through Migrant Students United (MSU). MSU has a dedicated staff person based in Ontario carrying out activities similar to the proposed ISAO across Canada.
- In 2020, MSU hosted webinars for and provided one-on-one support to more than 3,000 current and former International Students. MSU supported campaigns to reduce tuition fees and access healthcare for International Students on over a dozen post-secondary campuses. MSU also campaigned for and won a one-time renewable Post-Graduate Work Permit which stopped the mass deportation of 52,000 former study permit holders. MSU has established a network of supporters...
and committees on campuses throughout Ontario while also responding to provincial policies that impact international students.

- Migrant Workers Alliance for Change is the secretariat for the Migrants Rights network, the largest network of migrant-led and migrant serving organizations in Canada with membership from coast to coast. This reach has allowed MSU to have access to support and expertise to meet the needs of students for academic, immigration and workplace advocacy across the country.
- Finally, the organization has established channels of influence with the federal government that have proven to be extremely effective. At the provincial level, while resources and capacity exists in Ontario, there is no equivalent in BC.
- Because of the combination of previous experience, established networks and history of successful advocacy, the Migrant Workers Alliance for Change and Migrant Students United would be the ideal host organization to help administer and manage this office in British Columbia. This model also would allow for student societies to avoid more significant costs for administration.

**Annual Expected Budget**

With approximately 11 post secondary institutions in the Greater Vancouver Region, an annual donation of $500-$1,000 per every 1,000 students from student bodies would be sufficient to establish the International Student Advocacy Office. Policy Coming-into-Force Date

The SFSS Accessibility Policy shall come into force one year after it is approved by Council.
Policy Review and Approval Process

This policy shall be reviewed annually or upon significant changes to the organisation.

Where no change is required, the President shall sign the policy indicating it has been reviewed. No changes shall be made to this policy without considering the impacts of those changes on people with disabilities. Students with disabilities shall be consulted before any changes are made to this policy.

Where need or opportunities for improvement arise, policy shall be created, changed, or repealed in the following way:

1. The office responsible for the policy outcome shall propose amendments to the Executive Committee.
2. The Executive Committee shall review the proposed changes with the department head.
3. The proposal shall then be submitted to the Accessibility Committee (AC) for comment, review, and approval. The Committee shall consult with students with disabilities, including clubs, constituency groups, and other student groups with a mandate to improve and/or advocate for improvements to accessibility for students with disabilities.
4. Where deemed acceptable by the AC, the proposal shall be submitted to Council for review and approval.
5. Any new, amended, or repealed policy shall be signed by the President.
Policy Statement
The SFSS Accessibility Policy (hereafter referred to as the "Policy") establishes a framework for compliance with the Simon Fraser Student Society (SFSS) commitment to accessibility.

The SFSS is committed to preventing, reducing and removing barriers to accessibility for all SFSS members, staff, guests and other visitors through our service and resource provision, including through representation and advocacy efforts. The SFSS shall strive for universal design wherever possible, providing or facilitating accommodations in a timely, respectful and confidential manner in other instances.

Purpose
The purpose of this policy is to establish accessibility standards in the areas of communication & information, physical space, customer service, events & meetings and employment & training.

Application & Scope
The Policy applies to SFSS staff, Council, Council Committees, in the areas of SFSS spaces, communications, services and events and meetings. SFSS Student Unions, constituency groups, and clubs are not subject to these policies, but are encouraged to follow them in the interest of inclusivity. Employment and training policies apply to SFSS staff and Council members. This policy is intended to reduce barriers to people with any disability or disabilities, and uphold the BC Human Rights Code as it pertains to people with disabilities.

Principles
The fundamental principles underlying this policy include:

- Freedom from discrimination,
- Respect for diversity of ability,
- Respect for dignity and independence through ensuring accommodations meet the unique needs of the person requesting them, while also striving for universal design for all persons,
- Respect for a person’s need for accommodation, regardless of whether their disability is apparent,
- Respect for privacy and confidentiality,
- Shared accountability, and
- Universally accessible post-secondary education.

Accessibility Committee
Please see the SFSS Council Policies – Standing Order 11 – Accessibility Committee for more details of the role of this committee in ensuring an accessible SFSS.
General Requirements

The Policy shall be made available on the SFSS website.

The SFSS has procedures in place to receive and respond to feedback, which shall be posted on the SFSS website. Feedback on the accessibility of SFSS communications, services, spaces, events and meetings are welcomed and shall be incorporated into the continuous improvement of the Policy. Feedback may be provided via telephone, email, in person, or other method and shall be accessible to people with disabilities through the provision of accessible formats and communication supports upon request.

Feedback, including requests, questions, comments, or concerns about this policy may be directed to the SFSS Accessibility Committee (AC) at afac@sfss.ca.

When conflicting access needs arise, the SFSS shall make decisions on a case-by-case basis, and strive to accommodate all parties.

Requests for accommodation or accessible formats
Requests for accommodation can be made in one of two ways: through the Accessibility Fund Grant Request Form, if members would prefer to access the Accessibility Fund to book assistive technology or devices, or through the Accommodation Request Form, if they would prefer the SFSS to book assistive technology or devices through a preferred vendor or vendors of that service or services. Upon request, both of these forms shall be offered in an accessible format that suits the unique needs of the person requesting.

Accessible formats are available upon request. Accessible formats that cannot be produced by the SFSS, such as Braille documents or text transcripts of audio or visual information, may require additional time to process. These accessible formats may either be requested through Accommodation Request Form, or through following the feedback procedure.

Communications & Information Standards

The SFSS is committed to meeting the communication needs of people with disabilities. Upon request, the SFSS shall provide or arrange for the provision of communication supports for people with disabilities in a timely manner if requests through the Accommodation Request Form are received within the posted deadline, if applicable. If members would like to book communication supports themselves, they must submit an Accessibility Fund Grant Request Form within the posted deadline. The suitability of an accessible format or communication support shall be determined by consulting with the person making the request.

If the SFSS determines that information or communications are unconvertible, it shall provide the person requesting the information or communication with an explanation as to why the information or communications are unconvertible. The SFSS shall educate staff that interact with students on how to communicate with people with different disabilities.
Website
The SFSS website, which is controlled both directly by the SFSS and through a contractual relationship, shall conform to the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines 2.0 at Level AA.

Emergency Information
Any emergency procedures or plans made available to all SFSS members or available in SFSS-controlled spaces, shall be provided in an accessible format or through the use of communication supports, as soon as practicable, upon request.

Events & meetings
For all applicable SFSS events or meetings, the SFSS shall use social media and/or the SFSS website to communicate the following:

- Description of the Space
- Map of the Space
- Detailed Physical Access Guide
- Guest Guidelines

Please see Appendix E for more information. Accessible formats of these documents are available upon request.

Physical Space Standards
The SFSS strives to make SFSS-controlled physical spaces accessible to everyone. Where barriers cannot be removed, a Description of the Space shall provide information on the barriers. A Detailed Physical Access Guide and Map of the Space will be provided on the SFSS website in order to assist people with disabilities in accessing and navigating the physical spaces.

Customer Service Standards
The SFSS is committed to serving all of its members, including people with disabilities, in a way that respects their dignity, autonomy, and specific needs.

Accommodations
Accommodations may be requested by or on behalf of people with disabilities members of the SFSS through the Accessibility Fund Grant or the Accommodation Request Form. The use of assistive devices, assistive technology, support persons and service animals shall be accommodated when a person with a disability is obtaining an SFSS service. It is the responsibility of the person using the assistive device, technology, support person or service animal to ensure the support is operated and/or controlled in a safe manner at all times. Exceptions may occur in situations in which the support may pose a risk to health and safety of the person with a disability, or others in the space. For example, where an assistive device could put the user at risk due to its poor condition, another option will be discussed with the user.
Fees
People with disabilities shall not be charged more to access SFSS services than any other SFSS member.

Notice of Temporary Service Disruptions
The SFSS shall provide notice of disruptions to the following services:

- Food Bank Program
- U-Pass BC
- Health and Dental*
- Grants
- Free Legal Clinic
- Surrey Campus Services and Resources
- Out on Campus
- Women’s Centre

*contingent on Studentcare Health and Dental reporting service issues to the SFSS

Event & Meeting Standards
The SFSS is committed to making events and meetings accessible to all members, including people with disabilities, so all members can participate in and engage with the SFSS. The SFU Inclusive Events Checklist shall be used to ensure events are inclusive and accessible to all members.

Scope
This standard applies to the following meetings and events:

- Council meetings and events,
- All Council Committee meeting and events,
- Members’ Meetings,
- SFSS general election debates, and
- Other SFSS-hosted events.

Groups, which includes clubs, student unions, and constituency groups, are encouraged to follow this standard. Upon request, event and meeting accessibility support shall be offered.

Communication supports
Communication supports are available upon request through the Accessibility Fund Grant Request Form or the Accommodation Request Form. Please see Appendix A for more details on what communication supports may be available.

Accessible formats
The SFSS shall provide meeting agendas for Council and Annual General Meeting (AGM) meetings in the SFSS standard accessible format. Accessible formats for other documents, and additional styles of accessible formats, including Braille documents, are available upon request.
Support persons
When an admission fee applies, a support person shall be permitted to attend at no charge when they are assisting a person with a disability.

Service animals
A water dish for service animals shall be available, upon request. The closest outdoor area for the animal to relieve itself shall be indicated on the relevant map.

Employment & Training Standards
The SFSS has procedures for employment and training standards, including customer service training, for SFSS staff.

SFSS staff training shall include training on understanding people with disabilities, universal design, accommodations, how to communicate with people with disabilities, inclusive language, this Policy, and the Accessibility Fund. Incoming staff members shall be informed of the SFSS commitment to recruiting and welcoming people with disabilities to the staff team, and the SFSS commitment to serving people with disabilities.

**Definitions**

7.1 “Territorial Acknowledgement” is the act of acknowledging the history and on-going act of colonialism, and that we work, play and operate on the traditional, ancestral, and unceded territories of these First Nations. Unceded means that this land has never been surrendered, relinquished, or handed over in any way. This acknowledgement shall be made by the Chair at the beginning of every meeting before any other meeting business is conducted. We recognize that these acknowledgements are only one small part of disrupting and dismantling colonial structures, and that we must also actively center and prioritize all of the Society’s work around standing in solidarity with Indigenous student groups and Host nations. Standing in solidarity includes but not limited to advocating for Indigenous rights and sovereignty, showing up for Indigenous led actions, amplifying Indigenous voices, and building reciprocal relationships. For more information and education on Land Acknowledgements read Native Land Digital’s resource on “Territory Acknowledgement”.

7.2 “Pronouns” means what is used to refer to someone in lieu of using their name. Ensuring people’s pronouns are respected pushes the Society towards actively breaking down the enforcement of societal gender norms. We recognize that respecting people’s gender identity, especially for queer, gender non-conforming, non-binary, Two-Spirit, and transgender people, that may not conform to societal binary standards is important in making a safe and inclusive space in the Society. Pronouns can include but are not limited to He/Him, She/Her, They/Them, Ze/Zir, and Xe/Xem

7.3 “Access Needs” means something a person needs to communicate, learn, and take part in an activity, such as a meeting or an event. Everyone has access needs, which may be met or unmet depending on the situation. An individual may communicate how their access needs
can be met either publicly or privately to the Chair of a meeting. The members of a meeting shall do everything in their power to ensure that the access needs of each individual person present at a meeting, whether virtual or in person, are met. Conflicting access needs between multiple individuals will be addressed collaboratively on a case-by-case basis to ensure that all individuals can communicate, learn, and take part in meetings and events.

7.4 “Roll Call of Attendance” means the act of the Chair of a meeting calling off a list of names to determine whether there is a quorum; and each member of a meeting, when called upon by the Chair, sharing their name, pronouns, and access needs.

7.5 “Consent Agenda” means the practice of grouping routine business items which do not require substantive discussion or debate into one agenda item, requiring unanimous consent to be approved.

Equity & Sustainability Committee

9.1 Council shall maintain the Equity and Sustainability as a standing committee. Any change to these terms shall be at the discretion of Council with proper consultation with all student groups that have a representative on this Committee.

Purpose

9.2 The purpose of this Committee shall be to center historically-excluded students in the community at Simon Fraser University within the framework of the Simon Fraser Student Society. These spaces have been notoriously governed by dominant figures in societies while excluding the most marginalized people, such Black, Indigenous, Persons of Colour; poor or low socio-economic status; immigrants; international students; sex workers, women, queer, transgender, gender non-conforming people and other LGBTQIA2S+ communities; youth and the elderly; and people with disabilities, mental health exceptionalities, and drug-addictions, etc. The SFSS acknowledges that knowledge and experience of marginalized individuals who have lived experience are key in order to properly practice anti-oppression and Equity, Diversity, & Inclusion (EDI).

9.3 This Committee’s purpose is to work towards dismantling intersecting forms of systemic oppression which includes but is not limited to: classism, ableism, capitalism, colonialism, anti-Blackness, misogyny, gender-based violence, xenophobia, Islamophobia, anti-Semitism, ageism, homophobia, transphobia, fatphobia, the various types of racism, etc.

Definitions
General Definitions

9.4 "Constituency Group" shall have the same meaning as in the SFSS By-Laws.

9.5 "Marginalization" refers to a process of social devaluation that serves to justify disproportional access to scarce social and material resources. It is a process that pushes a group or groups of people to the edge of society by not allowing them an active voice, identity or place in it. It does this through the exclusion or isolation of people from being able to participate in political, social and economic mainstreams than others in society who hold power and privilege can participate in.

9.6 "Intersectionality" is coined by Scholar Kimberlé Crenshaw, the term means that all systems of oppression are connected. Intersectionality recognizes that an individual is never just one thing, but a collection of identities and experiences. In many, if not most cases, it also acknowledges that one person can hold both privileged identities as well as identities that are marginalized. Furthermore, the theory states that there are various established identities that depend on demographics like gender, sexuality, age, race, ethnicity, religion, socioeconomic status and in this - different individuals or groups experience specific types of systemic oppression and discrimination.

9.7 "Barrier" is defined as an overt or covert obstacle; used in equity-based approaches, to mean a systemic obstacle to equal opportunities or outcomes; an obstacle which must be overcome for equality to be possible.

9.8 “Equality vs Equity” Equality is the ideology that everyone has access to the same opportunities. Equity recognizes that not everyone has the same advantages and attempts to close those gaps. The idea of equity is that we cannot all be equal until we recognize the differences that privilege some and disadvantage others. In more practical terms, equality would be giving everyone the same sized shoe whereas equity would be giving everyone a shoe that fits their particular size.

9.9 "Privilege" is defined as systemic advantages based on certain characteristics that are celebrated by society and preserved through its institutions. These can include, but are not limited to, being white, having money, being straight, or not having a disability. People are often unaware that these characteristics can act as privileges as they are so effectively normalized. Privilege is not earned but is awarded automatically based on characteristics and traits of an individual.

9.10 “Anti-oppression” is defined as work that involves dismantling the various systems of oppression (the “isms”) that are deeply embedded into the fabric of society and advocates for the deconstruction of those systems and works to redress their consequences.
Race/Culturally Related Definitions

9.11 “BIPOC” is defined as Black, Indigenous, People of Colour. This is an acronym that makes the distinction of racialized individuals who face disproportionately more barriers than other groups including, but not limited to, systemic oppression, colonization, racism, capitalism, dispossession.

9.12 “Racialized” refers to anyone who experiences racism because of their race, skin colour, ethnic background, accent or culture. Racialized people are people of colour, Indigenous peoples and ethnic and cultural minorities.

9.13 “Racism” is defined as a system of disadvantage based on race. It empowers people with the ability to act on the belief that people of different races have different qualities and abilities, and that some races are inherently superior or inferior. Racism manifests in many ways, from dislike and avoidance of people based on their race to discrimination against them on an institutional level to acts of race based violence. It also exists on various level:

(a) “Individual Racism” defined as racism may be expressed in an overt manner but also through everyday behaviour that involves many small events in the interaction between people. This is often described as “everyday racism” and can be subtle in nature.

(b) “Institutional or Systemic Racism” defined as racism is evident in organisational and government policies, practices, and procedures and “normal ways of doing things” which may directly, indirectly, consciously or unwittingly promote, sustain, or entrench differential advantage for some people and disadvantage for others.

(c) “Societal Racism” defined as racism is evident in cultural and ideological expressions that underlie and sustain dominant values and beliefs. It is evident in a whole range of concepts, ideas, images and institutions that provide the framework of interpretation and meaning for racialized thought in society. It is communicated and reproduced through agencies of socialisation and cultural transmission such as mass media, schools, colleges and universities, religious doctrines and practices, art, music and literature. It is also reflected in everyday language.

9.14 “Anti-Black Racism” refers to the pervasive and systemic nature of racism that actively targets Black bodies and communities. It is the recognition that even within racialized communities Black people are seen as the furthest from whiteness and are viewed as inferior. Anti-Black racism can take the form of underrepresentation of Black people on college and
university campuses, high rates of police violence in Black communities or the maintenance of negative stereotypes that regard Black people as dangerous, lazy or criminal.

9.16 “Anti-Indigeneity” is defined as the manifestation of hatred and violence against the original people of any given territory being colonized.

9.17 “Colonialism” is defined as the establishment, maintenance, acquisition and expansion of colonies through violence in one territory by people from another territory. The way in which colonization manifests itself may vary depending on the global location. In all forms, colonialism creates an unequal relationship between the dominant colonial state and between the Indigenous peoples of the colonized territory.

9.18 “Whiteness” is defined as a socially and politically constructed ideology based on beliefs, values, behaviours, habits and attitudes which result in the unequal distribution of power and privilege based on skin colour. Whiteness is a marker of social, political and economic status that is always changing based on historical context.

9.19 “White Privilege” refers to the systemic advantages afforded to white people with European ancestry around the world over those who are racialized and/or have ancestry that is not European. In a white supremacist system, white privilege and racial oppression are two sides of the same coin. White privilege is an historically based, institutionally perpetuated system of:

(a) Preferential prejudice for, and treatment of white people based solely on their skin colour and/or ancestral origin from Europe.

(b) Exemption from racial and/or national oppression based on skin color and/or ancestral origin from Africa, Asia, Oceania, the Americas and the Middle Eastern world.

(c) Institutions and culture (economic, legal, military, political, educational, entertainment, familial and religious) which privilege peoples from Europe over peoples from Africa, Asia, the Americas and the Middle Eastern World.

9.20 “White Supremacy” is defined as a historically based, institutionally perpetuated system of exploitation and oppression of continents, nations, and racialized peoples by white peoples and nations of the European continent for the purpose of maintaining and defending a Eurocentric system of wealth, power and privilege.

Physical and Mental Definitions
9.21 “Ableism” is defined as stereotyping, prejudice, discrimination, and social oppression toward people with disabilities. Ableism is a system that places value on people’s bodies and minds based on societally constructed ideas of normalcy, intelligence and excellence. These constructed ideas of normalcy, intelligence and excellence are deeply rooted in anti-Blackness, eugenics and capitalism. This form of systemic oppression leads to people and society determining who is valuable or worthy based on people’s appearance and/or their ability to satisfactorily produce, excel & “behave.” Importantly, you do not have to be disabled to experience ableism.

9.24 For appointment of Councillors, Council shall take into consideration Councillors with lived experience and those who identify as marginalized when appointing members to the Committee.

10.1 Council shall maintain the Black Indigenous People of Colour Committee as a standing committee. Any change to these terms shall be at the discretion of Council with proper consultation with BIPOC student groups and communities.

Purpose
10.2 The purpose of this committee is to ensure and prioritize the voices of the Black, Indigenous and People of Colour (BIPOC) community at Simon Fraser University within the framework of the Simon Fraser Student Society, and that the lived experience of racialized folks is always considered, recognized and acknowledged. Historically Black, Indigenous, and People of Colour disproportionately face more barriers due to the constructs that have been established without BIPOC folks in mind. Academia and university settings are not exempt to the mistreatment and misappropriation of BIPOC voices.

Preamble
10.3 Academia as we know has been used as a tool to assimilate and indoctrinate racialized voices. This committee is to ensure that Black, Indigenous and People of Colour have the ability to speak on issues that directly affect our BIPOC communities within SFU and their educational experience. This committee shall work with Council and the SFSS to properly support racialized students from a BIPOC perspective. The role of this committee should be to support, voice opinions and give advice to where the SFSS and SFU are lacking and to close the gaps and barriers that racialized students face in their university experience.

10.4 The SFSS prioritizes Indigenous voices, and we acknowledge that the SFSS is located on the traditional, unceded territories of the Coast Salish peoples, including the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish), Sélíwitulh (Tsleil-Waututh), kʷikʷəƛ̓əm (Kwikwetlem) and q̓ic̓əy (Katzie) Nations.

FP-13: HEALTH AND DENTAL PLAN RESERVE FUND

Policy

13.1 The Health and Dental Plan Reserve Fund was established in order to ensure that the Society has the resources necessary should the cost of the Health and Dental Plan exceed the Student Society Fee established. This Fund is also accessible to members requiring a psycho-educational assessment through an extra-contractual arrangement between the Society and the insurer (the Society’s health and dental plan provider) that utilizes the Health Plan Reserve Fund to allow students to be reimbursed for psycho-educational assessments (PEAs).

Definitions

Psycho-educational assessment: These assessments involve psychological testing to analyse a person’s mental processes that underlie their educational performance. A Psycho-educational assessment can help students in need identify areas of strength and weakness in their learning profile and obtain a deeper understanding of their educational abilities, as well as assisting with any academic accommodations they may wish to request through SFU’s Centre for Accessible Learning. Psycho-educational assessments may cover learning assessments for Specific Learning Disorders, and assessments for other conditions such as ADHD.

Health Plan insurer: Pacific Blue Cross is the Health Plan insurer for the Society.
Standards

13.2 The Society will work to maintain the fund at $500,000.

13.3 To request and receive academic accommodations through SFU’s Centre for Accessible Learning (CAL), a PEA may be required for students. Academic accommodations are used to provide support to students encountering academic barriers. Students that do not request academic accommodations through CAL but would still like to undergo a PEA may also do so, regardless of diagnosis.

13.4 In order to receive reimbursement for a PEA, the following qualifications must be met:

(a) Students who receive or are approved for student loans may qualify for provincial funding, which covers 75% of the cost of a PEA up to $1,700. If students do not qualify for provincial funding, the SFSS Health Plan will reimburse up to 80% of the cost, to a maximum of $3,000 annually (including the $500 Health Plan psychology benefits). This benefit is only available to members (SFU undergraduate students) directly enrolled in the Plan, and not available to dependents that may be covered under the Plan. For SFSS coverage, both positive and negative diagnoses are covered. Provincial funding, however, only covers if a positive diagnosis is identified. Members who qualify and are approved for provincial funding but still have an outstanding balance may apply for additional funding through the SFSS with necessary documentation.

13.5 The Society will implement an annual $50,000 reserve commitment cap for PEA reimbursements that may be re-evaluated should it be reached in any given policy year.

Process

13.6 Proposals for accessing the Health and Dental Plan Reserve Fund for reasons other than a PEA reimbursement are to be submitted in writing to the SFSS Vice-President Finance.

13.7 Members seeking a PEA may contact CAL to review histories and reports which may suggest the presence of a specific learning disability and thus the need for confirmatory testing. CAL does not specifically provide referrals but may recommend a first screening be conducted before a PEA. If a screening or PEA is required, students can choose to see either a registered psychologist in a private practice OR have the testing conducted by a certified school psychologist within their employment role. Payment for these services is done upfront. For members that have already undergone testing, please see Documentation Guidelines for Students with Disabilities, available from CAL, for a list of required documentation.

13.8 To receive reimbursement for a first screening and/or PEA, the following steps
must be taken:

(a) Members must submit their first screening and/or PEA claim under the psychology benefit of their SFSS Health Plan first, even if they have already exhausted the maximum psychology benefit amount for the policy year. Members must include:

   i. A completed Health Claim Form, and

   ii. A final receipt which includes the practitioner’s name and licensing information as well as a breakdown in the number of hours required to complete the assessment.

(b) Once the claim has been processed and paid (or denied) under the member's individual psychology benefit, the student will receive an Explanation of Benefits from the Health Plan insurer.

(c) Members shall then submit their claim to Studentcare for review and processing the extra-contractual benefit. Up to $500 shall be reimbursed to the member as part of their regular Health & Dental Plan psychology benefit, unless the member has already claimed the maximum of this benefit, in which case 80% of the cost up to $2,500 will be covered by the Health & Dental Plan Fund. The member must provide the following:

   i. A completed Health Claim Form,

   ii. A photocopy of the member’s detailed receipt from the registered psychologist who rendered the services. The receipt must include a breakdown of the number of hours required to complete the Psycho-Educational Assessment, and

   iii. A photocopy of the member’s ‘Explanation of Benefits’ received from the Health Plan insurer following the member’s submission under their individual coverage.

(d) Members may only claim reimbursement for PEAs conducted in the current fiscal year (September 1st to August 31st). Requests for reimbursement may be submitted
up to 90 days after the end of the fiscal year. Claimants must be members of the SFSS upon undergoing a PEA.

13.9 All claims for reimbursement of a PEA through the Health & Dental Plan Reserve Fund will be reviewed and approved on a case-by-case basis by the Society and the Health Plan insurer, in accordance with applicable privacy legislation and policies. In order to disperse funds from the Health & Dental Reserve Fund for the purpose of reimbursing students for PEAs, the following steps must be taken:

(a) Studentcare is responsible for completing the Extra-Contractual Cost-Plus Claim Form (without any personal information included to maintain the highest privacy standards), indicating the cost to the SFSS Operations Organizer and SFSS Finance Coordinator for review,

(b) A signing officer of the Society shall sign off on the form and return to Studentcare along with a cheque payable to the Health Plan Insurer (PBC) within 7 business days. Note that the Health Plan Insurer charges 10% administrative fees for processing Extra-Contractual claims (plus applicable taxes),

(c) Studentcare submits the claim package to the Health Plan Insurer on the member’s behalf, and the Health Plan Insurer will pay the member’s claim at the eligible amount.

(d) Should a claim be denied, any requests for information shall be directed to the SFSS Accessibility Assistant (accessibility@sfss.ca).
Policy
14.1 The Build SFU Fund is established for the construction, maintenance, and utility costs for the Student Union Building located on the Burnaby campus.

Process
14.2 The Build SFU Fund is administered according to the Fund Management Agreement, dated January 1, 2014.

14.3 The Build SFU Fund is comprised of the Student Society Fee – Build SFU Levy, which is held in trust by Simon Fraser University in the Build SFU Account.

14.5 The disbursement of funds from the Build SFU Fund requires the signature of one authorized representative from the Society and one authorized representative from the University.

INTRODUCTION
**PURPOSE OF THIS MANUAL**

The SFSS Issues Policies shall serve to clarify the stance of the Society on social, political and economic issues relating to student life and post-secondary education that are important to the SFSS membership. The SFSS Issues Policies shall also serve as a resource and a guide to assist in the development of campaigns, stakeholder relations and media strategies employed by the Society.

The SFSS shall limit its Issues Policies to issues directly pertaining to student life and post-secondary education. The issues covered by these policies are developed through member engagement activities.
POLICY REVIEW AND APPROVAL PROCESS

Each policy will be reviewed annually. Where no change is required, the policy will remain in its current state. Where need or opportunities for improvement arise, the policy shall be created, changed, or repealed as outlined in the SFSS Policy Manual.
IP-1: REPRODUCTIVE RIGHTS

Preamble
The United Nations 2030 Agenda for Sustainable Development calls for “ensuring universal access to sexual and reproductive health and reproductive rights”. It supports [individuals] in “mak[ing] their own informed decisions regarding sexual relations, contraceptive use and reproductive health care”. These reproductive rights provide individuals with choice. The SFSS is a trans-inclusive organisation thus, this policy does not just apply to cisgender women. This policy uses the term trans-inclusive as an umbrella term to mean inclusive of transgender, non-binary, genderqueer, gender neutral/agender, and gender non-conforming identities and experiences.

The SFSS recognizes that debate, discourse, and access to information about sexual and reproductive health and reproductive rights (including abortion, contraception and pregnancy) is a commonplace – and important – part of campus life. This debate includes individuals who adopt beliefs that are pro-choice and pro-life.

Pro-choice is the view that individuals with reproductive capacity should have the right to make decisions on their own sexual and reproductive health, and advocates for personal autonomy and self-determination over their own bodies.

Pro-life is the view that opposes the practice of abortion and its legality, and advocates for supporting the right to life of a fetus. Some supporters believe there are some cases where abortion should be permitted, while others do not.

Both pro-choice and pro-life are broad viewpoints with no clear definition. Not all prochoice nor all pro-life supporters maintain the same position with respect to access to abortion.
Policy

1. The SFSS supports:
   a. The provision of non-judgemental information on sexual and reproductive health and reproductive rights (including abortion, contraceptives and pregnancy), and support for students, parents and families in making decisions relating to their sexual and reproductive health;
   b. Discourse regarding sexual and reproductive health and reproductive rights, and in particular, that recognizes students’ rights to physical and mental well-being, integrity, dignity, privacy and access to reproductive health services; and
   c. Information to access safe, publicly-funded health services including but not limited to reliable contraceptives, abortion services and family planning information and services.

2. The SFSS opposes:
   a. Campaigns, actions, or lobbying activities (including the posting or distribution of materials) that interfere, intimidate or attempt to intimidate students from making informed decisions about sexual and reproductive health and reproductive rights;
   b. Distribution of disturbing photographs, media or other materials, including materials that cause (or have the potential to cause) mental distress or are intended to shock, disturb or harass students into adopting a particular belief with respect to sexual and reproductive health and reproductive rights (including abortion);
   c. Any policy, rule or law that fails to recognize students’ entitlement to access to health care, including abortion services and contraception;
   d. Harmful medical practices and procedures, such as female genital mutilation and forced sterilization.

3. The SFSS will not recognize as a club or provide any SFSS resources to groups who do not demonstrate their respect and commitment to the principles set out in paragraphs 1 and 2 above. Providing SFSS resources includes but is not limited to funding, facilities booking, staff time, and other organizational or financial resources.

Preamble
Black History Month started as Negro History Week in the United States in 1926, led by the work of African-American scholar Dr. Carter G. Woodson. In Canada, Black History Month was officially recognized by the Canadian House of Commons in 1995. This incredible milestone was spearheaded by the Honourable Jean Augustine, the first Black woman to sit in the House of Commons.

During Black History Month, it is important that the SFSS highlights the many Black achievements outside of trauma and struggle, and also focus on celebrating Black love, art, and joy. Celebrating Black History Month on a national-scale is crucial to fighting Black erasure and anti-Black racism in Canada.

Black erasure is the wide-scale marginalization and indifference of Black people, their history, and contributions across disciplines, rendering Black people invisible in society.

Anti-Black racism is deeply embedded passive or active discrimination specifically directed against Black and African-descent people in relation to their unique history with regard to colonization and enslavement. Anti-Blackness devalues Blackness, while systemically marginalizing Black communities, the issues that affect them, and the institutions created to support them.
The intentionality that the SFSS brings into Black History Month educating people on Black contributions in Canada should set the tone for how to appreciate Blackness all year-round, while recognizing the diversity of the Black community.

The SFSS passed a motion on February 1, 2019 to formally recognize Black History Month at Simon Fraser University. In addition, during June 2020, the SFSS took a stance by standing in solidarity with Black lives. It is important that we continue to tangibly uphold the statements that we made during this time, “working with Black student organizers and allies... holding our University accountable in any efforts for Equity, Diversity, Inclusion and Justice”. In doing so, the Society must celebrate the work and efforts of current Black people and organizations.

Policy

1. The SFSS supports:
   a. Proactively celebrating and supporting Black History Month efforts led by Black students and groups;
   b. Education, awareness, and solidarity with self-liberation efforts of Black and African peoples;
   c. Educators and students embedding Canadian Black history in post-secondary institutions;
   d. Recognizing Black people in areas outside of solely racism and social justice, and celebrating Blackness year-round;
   e. Black student representation and empowerment in student governing positions and continuous efforts for recruitment;
   f. Amplifying of Black student organizers and groups on campus, and amplifying calls for specific protection and supports for Black communities as it relates to policies, practices, programming, and resources within the SFU community; and
   g. The ethical collection of disaggregated race-based data and research that could inform prevention, intervention, and strategies to protect the human rights of Black communities, and support equity initiatives to reduce disproportionate impacts of anti-Black racism.

2. The SFSS opposes:
   a. Efforts to ignore or dismiss Black History Month initiatives or initiatives to support the equity and empowerment of Black communities;
b. The co-opting of Black advocacy initiatives without redress and recognition of the work Black communities have been doing and continue to do; and

c. Efforts to censor Black activism and advocacy, or diminish the role and history of marginalization, slavery, colonialism, and institutional oppression of Black communities.
IP-3: Tuition Affordability

**Preamble**
Tuition has become increasingly unaffordable over the past several decades as post-secondary institutions rely more on tuition fees for funding and less on government funding. Tuition costs remain one of the largest barriers for undergraduate students in receiving a post-secondary education.

The *Tuition Freeze Now! SFU Tuition Report* urges for tuition increases to be mitigated wherever possible by Simon Fraser University (SFU). Since 2000, the largest tuition hikes occurred between 2001/02 and 2004/05, and since the Government of British Columbia implemented a tuition increase limit cap of 2% in 2005, tuition has been consistently increasing by 2% for domestic undergraduate students up to, and including, the 2021/22 University fiscal year.

The SFSS Board of Directors passed a motion on October 4, 2019 to formally oppose undergraduate tuition increases and call for a tuition freeze at SFU. In addition, the SFSS Membership passed a motion at the October 26, 2020 Annual General Meeting, where over 600 students gathered to condemn SFU for tuition increases implemented in the 2020-21 academic year. The vote passed with 96% of SFSS Members in favour.

**Policy**
1. The SFSS supports:
   a. the University implementing a tuition freeze, and subsequently, lowering tuition for students,
   b. more public funding being provided to post-secondary institutions by the Government of British Columbia,
   c. collaborating with Simon Fraser University to lobby the Government of British Columbia for more public funding of post-secondary institutions,
d. implementing a tuition increase limit cap of 2% by the Government of British Columbia for international students,

e. facilitating collective action amongst students in British Columbia and Canada, including petitions, rallies, boycotts, and strikes, and other such actions to advocate for a tuition freeze, and subsequently, lowering tuition for students,

f. the SFSS being provided a budget draft from the University with a minimum of 30 days to review the draft budget and provide feedback.

2. The SFSS opposes:

a. campaigns, lobbying, or activities that advocate for an increase in tuition rates of domestic students,

b. the SFSS and undergraduate students being excluded from the University budget consultation process,

c. the University increasing the tuition rates of international students in order to supplement the cost of tuition rates of domestic students,

d. the privatization of post-secondary education.

**Preamble**
Disability Justice is a framework created in 2005 by the Disability Justice Collective in response to the exclusion of queer Black, Indigenous and people of colour from the mainstream disability rights movement. Disability justice goes beyond the framework of disability rights, as it recognizes that ableism and other forms of oppression are intertwined. Disability justice outlines ten principles: intersectionality, leadership by those most affected, anti-capitalism, solidarity across different activist causes and movements, recognizing people as whole people, sustainability, solidarity across different disabilities, interdependence, collective access, and collective liberation.

In 2017, the Canadian Survey on Disability showed that 1 in every 5 Canadians aged 15 or older have one or more disabilities. With the impacts of marginalization, climate change and other issues of contemporary life, this number shows no signs of decreasing. It is imperative that the SFSS recognizes that disabled people and people with disabilities are already a crucial part of our institutions, and that it is our responsibility to make sure that they are well-served by those institutions.

Accessibility is only the first step towards true disability justice, but it is a necessary one. All people need accessibility, but there are many people for whom their accessibility is considered by default.

When you have a disability, your accessibility is often unconsidered or treated as an afterthought. Legal requirements are insufficient and ignored, and organizations often fail to take the time necessary to include your needs in their plans.

The SFSS recognizes that accessibility must be a crucial part of their organization. It also recognizes that it cannot be the entirety of their commitment to disability justice and to serving disabled students and students with disabilities.
Definitions

Disability Justice is a framework that recognizes all bodies as unique and essential, that have strengths and needs that must be met. It also recognizes that all bodies are confined by ability, race, gender, sexuality, class, nation state, religion, and more that cannot be separated. Disability justice includes a vision borne out of collective struggle, where disabled people can flourish in a world that values and celebrates them. It involves a commitment to liberation from ableism, as well as liberation from all forms of marginalization. While a disability rights framework focuses on disability and the reduction of ableism, disability justice insists on solidarity with other movements for justice, and centres the interconnected nature of marginalization. Our understanding of disability justice follows ten principles, which can be found here.

Gatekeeping is the ableist belief that without proper diagnosis, documentation, visibility of disability, or experience of disability, one is not disabled or disabled enough for their experience to be recognized as one of a disabled person.

Disability is a broad category of physical, mental, intellectual, sensory and communication needs that interact with barriers to hinder a person’s full and equal participation in society. A disability may be long-term or temporary, and may or may not be easily apparent to others.

Ableism is a form of systemic oppression that places value on people’s bodies and minds based on societally constructed ideas of normalcy, intelligence, excellence and productivity. Ableism is hostile towards people with disabilities, and is deeply rooted in anti-Blackness, eugenics, colonialism and capitalism. You do not have to be disabled to experience ableism.

Access Needs are something a person needs to communicate, learn, and take part in an activity, such as a meeting or an event. Everyone has access needs, which may be met or unmet depending on the situation. An individual may communicate how their access needs can be met either publicly or privately to the Chair of a meeting. The members of a meeting shall do everything in their power to ensure that the access needs of each individual person present at a meeting, whether virtual or in person, are met. Conflicting access needs between multiple individuals will be addressed collaboratively on a case-by-case basis to ensure that all individuals can communicate, learn, and take part in meetings and events.

Accommodations are modifications made to a place, system, or service so that it can be accessed by a person facing barriers. SFSS groups must make themselves available for a person facing barriers to disclose their needs and seek accommodation.

Barrier is anything that prevents a person from fully participating in a particular environment or service because of barriers or structural oppression (ableism, racism, etc.) Barriers can be physical, architectural, communications-based, attitudinal, technological, a policy, or practice.

Intersectionality a lens for examining how different forms of marginalization interact with one another and exacerbate each other. Intersectionality focuses on the experiences of those who are
marginalized by multiple systems of power, and resists the notion that all forms of inequality happen independent of each other. It was coined by Kimberlé Crenshaw as a legal term focused on the experiences of Black women.

Universal Design is a design that works for everyone. Includes the expansion of current design parameters to be inclusive of a broader range of users, regardless of their disability, age, size, living situation or identity. 12 Universal design puts the onus on the group offering the service, rather than the person with the disability.

Person-first language is language that emphasizes individuality, putting a person before a diagnosis. An example would be “person with a disability.” Some people prefer using person-first language while others prefer identity-first language.

Identity first language is language that emphasizes the identity of a person. An example would be “disabled person.” Some people prefer using identity-first language because it subscribes to the social model of disability.

Social model of disability is a way of viewing the world that says people are disabled by societal and systemic barriers rather than an individual impairment or difference.

Equitable treatment/equity is fair treatment, access, and opportunity that acknowledges diversity and eliminates barriers that prevent certain groups from being included or being able to participate.

Diversity is recognizing that each individual is unique and has differences in their identity. Diversity includes visible and non-visible attributes, including but not limited to: disability, race, culture, gender, age, religion, sexual orientation, socioeconomic status, education level, marital status, language, and physical appearance.

Inclusion is the practice or policy of providing access to opportunities and resources for people who may otherwise be excluded or marginalized.

IP-5: Living Wage and Union Rights

POLICY TYPE: ISSUES POLICY
POLICY TITLE: Living Wage and Union Rights
POLICY REFERENCE NUMBER: IP-5

Preamble

A living wage is the minimum required full-time wage that covers living costs including housing, clothing, food, transportation, childcare, medical expenses, and other related costs. A living wage is calculated by examining the costs of basic goods and services and deriving the lowest possible income one could earn to be able to afford those necessities. A living wage is the lowest possible wage that protects the wage-earner from material poverty. It does not cover costs such as home ownership, credit card debt, savings, caring for elderly family members, etc. It is also calculated for a family of 4 with two children renting a 3-bedroom apartment. A living wage varies by location, with various towns and cities having a higher living wage than others. The living wage was set at $19.50/hr for Metro Vancouver in 2019.

Union rights extend to employees being able to form a union and collectively bargain for improved working conditions including better wages, benefits, and workplace safety. Unions can also advocate for larger societal issues including root causes of poverty, policy, and proper funding of social services like healthcare, education, public housing, childcare, and social assistance.

SFSS
The SFSS has been a living wage employer for its Union and administrative staff for well over a decade.

SFU
SFU employs students as co-ops, teaching assistants, research assistants, student temporary staff, and permanent staff. Some of these positions are paid a living wage, some are not, and some are volunteer.
SFU Co-op
Students gain valuable experience and income through the SFU co-op system. However, not all of these positions are paid a living wage. It would be resource-heavy to lobby each company that goes through the SFU co-op system.

Provincial Government
The provincial government is empowered to set the minimum wage for BC.

Policy

The SFSS Supports
1. Students earning a living wage from their employer
2. Undergraduate students earning a living wage from a co-op job
3. Partnering with living wage advocacy groups to help campaign for a living wage for students
4. The SFSS paying its student employees a living wage
5. Working with other pro-union employers, advocates, and organizations to lobby local, provincial, and federal governments for a living wage and improved working conditions for all students and workers
6. Research assistants, teaching assistants, sessionals, and SFU support staff unionizing and collective bargaining for better working conditions
7. Efforts with labour unions and student unions advocating for a living wage and improved working conditions for all students and workers

The SFSS Opposes
1. Unpaid Internships
2. Chronic underfunding of education and social services
3. Underpaid research assistants at SFU
4. Precarious working conditions
5. Overworked and over-exploited students

**Acknowledgment**
The Simon Fraser Student Society (SFSS) wholeheartedly acknowledges that the student union and Simon Fraser University (SFU) are located on the Unceded Traditional Territories of the Coast Salish People(s), including the xʷməθkw̓əy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish), Sel̓íl̓witulh (Tsleil-Waututh), kʷikw̓ał̓əm (Kwikwetlem) and q̓ic̓əy̓ (Katzie) Nations. Unceded means that these territories have never been handed over, sold or given up by these nations, and we are currently situated on occupied territories.

In recognition of being on the Unceded Traditional Territories of the Coast Salish People(s), the SFSS acknowledges the importance of carrying out the principles of climate justice in a good and meaningful way by following the lead of Indigenous People(s). The SFSS commits to building relationships with Host Nations, and Indigenous students at SFU and as well as to amplify and support their work. The SFSS also recognizes that environmental and sustainability movements in Canada have been and still are predominantly white and privileged and so the SFSS seeks to amplify and support the work of Indigenous land and water defenders that have been protecting the land since time immemorial.

**Preamble**
The United Nations’ Intergovernmental Panel on Climate Change (IPCC) Special Report on Global Warming of 1.5 °C (SR15) calls for “rapid and far-reaching transitions in energy, land, urban and infrastructure (including transport and buildings), and industrial systems” to limit global warming to 1.5 °C. An increase in global temperature of 2 °C is predicted to result in catastrophic and irreversible effects such as massive loss in biodiversity and species extinction, more frequent extreme weather events, and major transformation of ecosystems. Additionally, these effects trickles down to our food, water, and health care system that will not just impact everyone globally, but as well as disproportionately impacting Black, Indigenous, and People of
Colour (BIPOC) and marginalized communities that are already experiencing existing inequalities and the on-going effects of climate change. Furthermore, Canada is also warming at twice the rate of global average and is one of the highest per capita emitters of greenhouse gases.

The SFSS represents over 26,000 undergraduate students that make up the majority body of SFU and as the next generation of youths that will be most impacted by climate change, has a responsibility to foster activism, advocacy, and civic engagement that are necessary to address climate change. In order to do so in a meaningful and equitable way, we must approach it through a climate justice lens, in close collaboration with racialized and marginalized groups on campus such as the First Nations Student Association (FNSA), Students of African and Carribean Ancestry (SOCA), and SFU Disability and Neurodiversity Alliance (DNA), that addresses the root causes of climate change that includes but not limited to the fossil fuel industry, extractivism, racism, capitalism, white supremacy, settler colonialism, policing, ableism and patriarchy. The SFSS has a role to investigate and act on SFU’s entanglement with these dominant systems of power in alignment with the university’s commitment to anti-racism, climate action, decolonization, and reconciliation. Lastly, the SFSS also has the responsibility to hold institutions and all levels of governing bodies on and off campus accountable when it comes to climate action, decolonization, and reconciliation as addressing climate change requires a global and collective effort.

The SFSS passed a motion on October 4th, 2019 recognizing that we are in a climate crisis, commit to reducing our collective carbon footprint on campus, stand in solidarity with students striking for the climate globally while also requesting academic amnesty for students, and call on SFU to divest away from fossil fuels. Additionally, the SFSS has also passed motions on February 5th, June 12th, 2020 and March 12th, 2021 to stand in solidarity with Indigenous land and water defenders that are facing colonial violence for protecting their unceded territory against the Coast Gaslink and Trans Mountain Expansion pipeline that are being built without the free, informed and prior consent of Indigenous Host Nations and communities. SFSS is well positioned to lead the way in creating a culture of civic engagement that supports students, staff and faculty in speaking out for climate justice and engaging in political advocacy.

**Definitions**

Reconciliation is defined as “establishing and maintaining a mutually respectful relationship between Aboriginal and non-Aboriginal peoples in this country. In order for that to happen, there has to be awareness of the past, acknowledgement of the harm that has been inflicted, atonement for the causes, and action to change behaviour.”

Climate Justice is defined as a concept that frames the issue of climate change as not only a purely environmental issue but also as an ethical, moral, and political issue. It acknowledges that the poorest communities and less-developed countries that contributed the least to climate change will bear the brunt of the effects of climate change. So the richest countries and most privileged communities that contributed the most to climate change have the moral and ethical responsibility to assist and uplift those that are most vulnerable to the effects of climate change.
Settler colonialism is defined as a form of colonization with the goal of removal and erasure of Indigenous People(s) from their land to be replaced by settlers and to profit off the land\textsuperscript{15}.

Patriarchy is defined as a social system in which men hold the majority of power and authority in political leadership, institutions and society, and reproduce the domination and oppression of women.

White supremacy is defined as the belief that white people are superior to Black, Indigenous, and People of Color (BIPOC) and supports the cultural, political and economic domination of BIPOC folks.

Decolonization is defined as “an act of reversing the process of colonization, generally by raising the consciousness or awareness of the oppressive state in which First Nations peoples find themselves” \textsuperscript{16}.

Free, informed and prior consent (FPIC) is defined as ensuring Indigenous People(s) are able to make decisions, freely without coercion or intimidation, based on full information on the scope and impacts of any development or projects on their ancestral lands, prior to the start of the development or project \textsuperscript{17}.

Extractivism is defined as the process of extracting natural resources for short economic profits at the expense and minimal benefit to the communities where the resources are being extracted\textsuperscript{18}.

LandBack is defined as the reclamation and returning of land, language, ceremony, medicine, and kinship to Indigenous People(s) \textsuperscript{19,20,21}.

The Simon Fraser Student Society (SFSS) wholeheartedly acknowledges that the student union and Simon Fraser University (SFU) are located on the Unceded Traditional Territories of the Coast Salish People(s), including the xʷməθkwəy̓əm (Musqueam), Skwxwú7mesh Úxwumíxw (Squamish), Selílwíth (Tsleil-Waututh), kʷikʷəƛ̓əm (Kwikwetlem) and q̓ic̓əy̓ (Katzie) Nations. Unceded means that these territories have never been handed over, sold or given up by these nations, and we are currently situated on occupied territories.

Skwxwú7mesh Úxwumíxw refers to Burnaby Mountain as Lhukw’lhuḵw’áyten, ‘where the bark gets peeled’ in spring.” The name is derived from the Skwxwú7mesh Úxwumíxw word for arbutus, lhulhuḵway, which comes from lhulhuḵ’ (peel), and means “always peeling”.

Indigenous people(s) have occupied these territories since time immemorial. When we recognize place names like Lhukw’lhuḵw’áyten we are acknowledging the original histories that have been here since time immemorial, prior to the colonization of these spaces we currently have the privilege of being a part of.

Preamble
The SFSS has committed to centering reconciliation efforts into the advocacy work that has occurred and is ongoing. The SFSS is committed to recognizing Indigenous People(s) inherent right(s) and title(s) to the land, as well as the right to self-determination in any capacity. Section 35 of the Constitution Act, 1982 reads:

1 See The Bill Reid Centre Website for more Information on Lhukw’lhuḵw’áyten - Burnaby Mountain
“The existing aboriginal and treaty rights of the aboriginal peoples of Canada are hereby recognized and affirmed.”

The Constitution Act of 1982 supersedes all other laws enforced in Canada. The SFSS upholds, affirms, and recognizes traditional and contemporary forms of Indigenous governance. We recognize that colonial forms of governance have been imposed and do not encompass the entirety of Indigenous ways of knowing and traditional forms of governance and decision making (i.e. through ceremonial practices or protocol). The ongoing harm that has been imposed through assimilation and genocidal practices on Indigenous People(s) has created systemic barriers that are entrenched within our western forms of governance. We acknowledge the complex histories that Indigenous People(s) have with the education system, governmental structures, justice systems, child and welfare, health care system, and other forms of Western structures that continue to contribute to the ongoing injustices.

The SFSS wholeheartedly supports Indigenous Control Over Indigenous Education which was formally outlined in Indian Control of Indian Education: 1972 Policy Paper (ICIE 1972) and amended in 2010 to First Nations Control of First Nations Education (FNCFNE), which was developed and brought forward by The National Indian Brotherhood now known as the Assembly of First Nations (AFN). We acknowledge and support the FNCEFNE since we believe that Indigenous students' experience is unique and there are systemic barriers that are specific to Indigenous People(s) while they are on their academic journey.

The objectives of the FNCFNE outlined are:
- Indigenous People(s) have adequate access to the education system that is rooted in Indigenous knowledge systems (i.e. Indigenous languages, values, & traditional knowledge)
- Federal, provincial, territorial & Indigenous nations must collaboratively work on ensuring that access to culturally relevant education systems is established to support Indigenous learners on their academic journey. This includes and pertains to infrastructure, funding, and accountability.
- Recognition of a fiduciary responsibility to ensure consultations between Indigenous communities and the federal and provincial governments commit to ensuring there are policy structures and strategic planning in place to support and commit to Indigenous folks’ prioritization of education.

The SFSS commits to ensuring that we support and amplify Indigenous Students’ voices as we believe that all students deserve to learn in an environment that does not cause harm. We also believe that reconciliation in an academic setting can not occur unless Indigenous students are supported and centered, this is how we ensure we do work with an open mind and open heart.

The SFSS commits to working towards supporting Indigenous People(s) during and throughout their academic journeys to ensure that reconciliation is prioritized within the student union and is ongoing.
Acknowledgements:

We acknowledge our place, positionality, and privilege while being able to do our work on Lhukw’lhuḵw’áyten. We recognize the importance of ensuring we are recognizing the lands we are uninvited guests on. The SFSS is committed to working on, establishing, and maintaining a relationship with the Host nations, this is and will be critical for any work that happens in the future. We also recognize how important it is to ensure that the work we do is centered on recognizing this in all capacities. The SFSS is committed to acknowledging the lands that are situated on all three campuses. We also understand that Indigenous community members have been and continue to work towards reconciliation and decolonization. It is not our place to co-opt but to ensure that we amplify and are in solidarity with Indigenous folks on all of our campuses.

Anti-Colonialism and Education:

Indigenous People(s) relationship to education and its entirety is complex, the Indian Act of 1876 made it attainable to enact forms of genocide and assimilation against Indigenous People(s). The Indian Act outlined assimilation practices that legitimized the notion of solving the “Indian Problem”. Under the guise of education, the Canadian government and religious organisations drove assimilation and genocidal practices against Indigenous communities that have created long-lasting impacts. The Indian Residential School (IRS) system attempted to eradicate Indigenous languages, culture, and customs by enforcing westernized views.

“1885 Residential schools were said to be necessary to remove children from their influence of the home as the only way “of advancing the Indian civilization”

(Lawrence Vankoughnet, Deputy Superintendent General, to Prime Minister Macdonald).

Indigenous People(s) today are still living with the intergenerational impacts that the IRS system left. The SFSS is committed to pushing back against colonial practices that still impact Indigenous students in post-secondary institutions and is committed to supporting Indigenous students to learn in a safe and supportive environment within SFU. This reconciliation commitment is also not limited to SFU, we acknowledge we must be in solidarity and recognize the work and commitments that Indigenous students have to finish their academic journeys.

“Postsecondary education is key to unlocking the full potential of Aboriginal British Colombians and their communities, and to British Columbia’s success” (BC Ministry of Advanced Education, 2012, p. 1).

Indigenous Governance and Sovereignty:

Governance and policy have been used as a tool to legitimize the harm that has occurred to Indigenous peoples. There have been countless ways in which Indigenous People(s) have been negatively impacted through colonial decision-making bodies and policies.
The SFSS is committed to recognizing and affirming Indigenous forms of governance and sovereignty. In order to fully commit and practice what true reconciliation is we must ensure that we acknowledge and practice wherever possible these decolonial ways of governance. We understand that western and colonial ways of governance have been imposed on Indigenous communities and that these ways do not and can not encompass true Indigenous forms of governance. We respect and commit to prioritizing traditional protocol and Indigenous ways of knowing in any circumstance possible. The autonomy must be left to the Indigenous communities’ discretion since we believe that Indigenous People(s) understand and know how to best support their community members. That being said, the SFSS has a duty to ensure, within their capacity, that these decision-making capacities exist within respective communities.

We uphold principles that are restorative and reciprocal; these are embedded in the frameworks of Indigenous governance, self-determination, and sovereignty. The relationship to the land, language, and ceremony are all encompassing and are the foundation of Indigenous traditional ways of knowing.

Indigenous People(s) have been the original land protectors since time immemorial across Turtle Island. We believe that every living being has rights and responsibilities to fulfill their duties. The relationships and responsibilities are given context through Potawatomi Ethnobotanist, Plant Ecologist and Professor at SUNY College of Environmental Science, Robin Wall Kimmerer’s book *Braiding Sweetgrass.*

“Corn, beans, and squash are fully domesticated; they rely on us to create the conditions under which they can grow. We too are part of the reciprocity. They can’t meet their responsibilities unless we meet ours.”

Forms of traditional knowledge as shared above encompass our responsibilities to the lands we are on. When we uphold frameworks of Indigenous self-determination, sovereignty, and autonomy, we also address the right to protect the land. We acknowledge that we have a responsibility to be in solidarity with Indigenous communities when we address these issues that have occurred because of colonialism and other forms of systematic oppression. We acknowledge that movements need to be led by Indigenous People(s). We further acknowledge that by being on these territories we have a responsibility to amplify but not co-opt these movements.

We affirm that we need to work towards social equity and social justice. Climate crises and environmental genocide disproportionately impact Indigenous People(s) ability to practice and fulfill their rights and responsibilities to the land. There have been various harms caused and that are currently ongoing that directly impact Indigenous People(s). We recognise that through colonial practices such as capitalism and the commodification of the land for resources, there has been the forced dispossession of the land from Indigenous People(s). As a society, we need to redress the harm that has occurred and is ongoing.
Consultation and Commitments:

The SFSS is committed to ensuring that proper consultation processes and protocols are followed with Indigenous community members within the SFU community and community-at-large. This includes but is not limited to ensuring that when we are asking for support from the community to ensure we are following through with reconciliation commitments. We also acknowledge that while we undertake consultation work with Indigenous community members, we must commit to respecting and honoring community members in proper remuneration. Furthermore, we acknowledge the need for consultation to be put in the hands of Indigenous community members, students, and People(s).

The SFSS acknowledges that proper consultation must occur for reconciliation to happen. There have been many occurrences where decisions about Indigenous People(s) have been made on their behalf and with that, we have seen the harm that has occurred from that mindset. Unilateral decision-making when it involves Indigenous community members will not be tolerated, and we will work towards ensuring that Indigenous voices will always be prioritized when it comes to decision-making processes. We are committed to the ongoing work with Indigenous community stakeholders and that moving forward this will always be done in a respectful and timely manner to ensure no harm is caused in the processes.

Reconciliation and Decolonization:

The SFSS recognizes the importance of prioritizing reconciliation efforts not only within the SFSS but holding accountability to the reconciliation efforts that have been called to action at SFU.

The mandate of the Aboriginal Reconciliation Council (ARC) reads:

“To build SFU’s capacity to recruit, educate, and support Aboriginal students to be successful in their programs.”

We acknowledge the problematic tendency that comes with terms such as “reconciliation” and “decolonization.” We are committed to ensuring that this work is transformative, ongoing, and redresses the harms that have occurred against Indigenous People(s) within so-called Canada. Reconciliation should not be composed of empty promises and decolonization should not be seen as a checked box. The SFSS recognizes how important it is to center Indigenous students and community members in the ongoing work to ensure this is done with an open heart and open mind. The complexities of these concepts are much more than statements - they are calls to action. We believe there is a lifetime of learning required to ensure we support our commitments to Indigenous communities.

Celebrating Indigenous Resilience:

We acknowledge that Indigenous People(s) are not static and Indigenous resilience in all its forms should be celebrated and recognized. The ability for Indigenous People(s) and also Indigenous academics to continue their education is such a huge accomplishment in itself. Indigenous communities, teachers, advocates, creators, writers, and families are pushing back against the colonial systems that created these barriers for us to succeed in these spaces.

Justice Murray Sinclair said, “Education got us into this mess, and education will get us out of it.”

Everyday that Indigenous students step foot in a post-secondary institution is a statement against oppression. We commend the sacrifices and efforts that have been made by previous generations of Indigenous academics and staff for our current generation to be here. Indigenous students’ voices are central to reconciliation, decolonizing, and Indigenization of these institutions. Reconciliation in an academic setting cannot occur unless you include Indigenous students. It is our job to leave this place better than we left it so we can ensure the next seven generations can have a solid foundation to be successful and learn in an environment that was intended to support and foster their learning.

We acknowledge that there is work that is occurring and the commitments that need to be done. Celebrating Indigenous resilience is key to ensuring we are recognizing the hard work and accomplishments of our Indigenous community members.

Preamble
The SFSS recognizes that varying forms of oppression are connected, and that addressing racism also requires redressing all other forms of oppression and structures rooted in colonialism. Systemic barriers that prevent Black, Indigenous, and People Of Colour (BIPOC) from reaching their full potential within institutions are a direct result of the exclusion of racialized people from the creation and implementation of programs, policies, and practices.

There is a history of marginalization of Black, Indigenous, and People Of Colour (BIPOC) in SFU and SFSS’s decision-making processes, particularly of Black and Indigenous communities despite the fact that they are subject to unique forms of intersecting racism. The SFSS believes in working towards dismantling intersecting forms of systemic oppression, which includes but is not limited to; classism, ableism, capitalism, colonialism, anti-Blackness, misogyny, gender-based violence, xenophobia, Islamophobia, anti-Semitism, homophobia, transphobia, ageism, fatphobia, the various types of racism, etc.

Definitions

BIPOC is defined as Black, Indigenous, People of Colour. This is an acronym that makes the distinction of racialized folks who face disproportionately more barriers than other groups due to intersecting forms of systemic oppression, colonization, racism, capitalism, dispossession etc.

Racism is defined as systemic and individual discrimination through the institutional policies and practices of society that have inherently created disadvantages to Black, Indigenous, and People of Colour. Racialized refers to anyone who experiences racism because of their race, skin colour,
ethnic background, accent or culture. Racism involves groups of power shaping the cultural beliefs and values that support racist policies and practices.

**Anti-racism** is structured around conscious efforts and deliberate actions to provide equitable opportunities for all people on an individual and systemic level.

**Oppression** is defined as when a dominant group, whether knowingly or unknowingly, abuses a marginalized group. This pervasive system is rooted historically and maintained through individual and institutional/systematic discrimination, personal bias, bigotry, and social prejudice, resulting in a condition of privilege for the dominant group at the expense of the marginalized group. Various societal institutions such as culture, government, education, etc. are all complicit in the oppression of marginalized groups while elevating dominant social groups.

Definitions  
**BIPOC** is an acronym for Black, Indigenous and People of Colour.  
**Marginalized Communities** includes communities that have historically been marginalized economically, socially, and politically, including, but not limited to, BIPOC, low-income individuals, individuals with low socioeconomic status, immigrants, sex workers, LGBTQIA2S+ communities, youth and the elderly, people with disabilities, individuals with mental health exceptionalities, and individuals with drug addictions.

**Abolition of Police** advocates for replacing policing with improved systems of public safety systems that do not disproportionally impact marginalized communities.

**Defunding the Police** means ceasing investment in public or private money into policing and prison infrastructure.

**Transformative Justice** is a way of practicing alternative justice that acknowledges individual experiences and identities and works to actively resist the state’s criminal injustice system. Transformative Justice recognizes that oppression is at the root of all forms of harm, abuse and assault. As a practice, it therefore aims to address and confront those oppressions on all levels and treats this concept as an integral part to accountability and healing.

**Restorative Justice** is a process to involve, to the extent possible, those who have a stake in a specific offense and to collectively identify and address harms, needs and obligations, in order to heal and put things as right as possible.
**Oppression** means when a dominant group, whether knowingly or unknowingly, abuses a marginalized group. This pervasive system is rooted historically and maintained through individual and institutional/systematic discrimination, personal bias, bigotry, and social prejudice, resulting in a condition of privilege for the dominant group at the expense of the marginalized group. Various societal institutions such as culture, government, education, etc. are all complicit in the oppression of marginalized groups while elevating dominant social groups.

**Preamble**

Multiple studies have shown that police presence often leads to harmful consequences for marginalized communities. Police presence in schools lead to higher arrests, particularly among Black and Indigenous students, students of colour, and disabled students⁴. This places additional financial barriers on students and exacerbates health inequalities, contributing to the continued oppression of marginalized groups.

The SFSS recognizes that Black, Indigenous, racialized, and gender-oppressed people, migrants, those living with mental health issues and disabilities, people who use criminalized drugs, and people without housing have experienced disproportionate harm due to policing instead of receiving support. The SFSS also recognizes that the “violent infrastructure of prisons and policing also negatively impacts the land, water, air, and other-than-human beings through environmental degradation, disrupted relations, and capitalist extraction.”⁵

The SFSS stands in solidarity with Black Lives Matter, and with all Black lives that have been touched by state-sanctioned violence at the hands of the criminal justice system, the police, and the Royal Canadian Mounted Police (RCMP). We reject the notion that police violence is unique to the United States, as our Black and Indigenous communities continue to be over-policed and subject to violence at disproportionately high rates in Canada (BC Civil Liberties Association, 2020).

INTRODUCTION
PURPOSE OF THIS MANUAL

The Simon Fraser Student Society (SFSS) Personnel Policy should be considered in conjunction with the current Collective Agreement that exists between the Employer and the union. Where there is a discrepancy between those Collective Agreement and these policies, the Collective Agreement shall take precedence, and a review process will be initiated to bring the policies into compliance. Compliance with the policies is a requirement of employment with SFSS.

SFSS may change, add or delete part(s) of the Manual with the approval of Council. Any changes to the Manual shall apply to all existing and future employees. No contradicting statement by a staff member may be interpreted as a change in policy. This does not preclude from the introduction of new Standard Operating Procedures, terms of reference, or guidelines or a change in the policy in the future.

Should any provision in this Policy Manual be found to be unenforceable and invalid, such finding does not invalidate the entire Manual, but only the subject provision.

This manual replaces all other previous Personnel Policy Manuals for SFSS. Personnel Policy Manuals must be approved by Council and placed on the Society Website.

This manual was reviewed and signed off by the Executive Committee and will be in effect pending approval of Council.
POLICY REVIEW AND APPROVAL PROCESS

Personnel policies are reviewed annually by the Executive Committee and the HR & Personnel Sub-Committee, alongside the excluded personnel in consultation with staff and will be approved by Council. Once revisions are approved by the Executive Committee, an updated version of the Personnel Policy will be provided electronically to all staff members by the President and posted on the Society website. If there is no change to the policy upon review, the newly revised policy will include the date that it was revised on the cover page and on each policy page within the document.

Staff will also be instructed to take older versions of the policy, whether they are electronic or hard copies, out of circulation.

Process

1.2 In the event of inclement weather an employee who is unable to attend work, or who feels that it would be unsafe to attempt to attend work, will receive no pay for that day, unless specifically instructed by the Operations Organizer or their designate to not attend work.

SFSS has employees and volunteers from all walks of life, with political views and other opinions that are diverse and strongly-held. While individual employees or volunteers may wish to support particular parties or candidates, such support may not be positioned as "support from the SFSS."

(b) It does not bring SFSS into disrepute;

(c) It is not performed in such a way as to appear to be an official act or to represent SFSS opinion or policy; and

(d) It does not involve the use of SFSS premises, services, equipment, or supplies to which the staff member has access by virtue of their employment.

Process

16.3 If the supervisor has concerns regarding a potential conflict or time commitment, the Employee and their Supervisor will work together to resolve the concerns so that the outcome is satisfactory to both. If they are unable to achieve this outcome, they will seek the involvement of the Operations Organizer, or the President when necessary.

PP-31: WHISTLEBLOWING

Policy

31.1 The Simon Fraser Student Society has put in place governance and management systems that it believes will ensure that its business practices and the delivery of its services will meet the highest possible standards. Council, employees, and volunteers are required to adhere to their applicable Code of Conduct. Nevertheless, the possibility that a breach of conduct may occur, either knowingly or unknowingly, will always exist.

31.2 The intent of this policy is not to supersede policies and mechanisms already in place that encourage accountable business and service delivery practices or the complaint processes that exist for people to voice their concerns. This policy is an added layer of protection to those who make a good faith disclosure of improper activity on the part of the SFSS Council, management, employees, or volunteers. A good faith disclosure is one in which the complainant is bringing forward information that any reasonable person would consider evidence of improper conduct.

31.3 Anyone making a good faith disclosure will be protected from any harassment or retaliation. Any allegation that a member of Council, management, employee, or volunteer of SFSS has harassed someone who has made a good faith disclosure will be investigated. If the allegation is proven, the person accused of harassment or retaliation will be subject to a disciplinary process. A complainant who is determined to be not acting in good faith will also be subject to a disciplinary process.

31.4 A person acting in good faith is anyone who has reasonable grounds to believe that the information they are bringing forward constitutes a breach of the code of conduct or is a violation of the law. This policy is not meant to protect someone who knowingly makes an allegation of improper conduct that they know is false.
**Process**

31.5 Complaints will be forwarded to the Operations Organizer. If the complaint is related to the Operations Organizer, then it should be forwarded to the President.

31.6 The complaint will be in writing and will provide details regarding the alleged improper conduct. The Operations Organizer or President shall meet with the complainant as required and will decide as to whether an investigation is required.

31.7 If an investigation is required, the Operations Organizer or President shall lead the investigation. Alternatively, they may choose to delegate this task to a third-party.

31.8 Once the investigation is complete, the results will be shared with the complainant and with the person named in the complaint.
PP-32: BULLYING AND HARASSMENT

Policy
32.1 The Simon Fraser Student Society (SFSS) promotes a work environment that is characterized by professionalism, collegiality, and harmony. This policy prohibits conduct defined below as either personal or sexual harassment or bullying. The SFSS will not tolerate personal or sexual harassment or bullying in any interactions connected to our work. Where such conduct is found to have occurred, the SFSS may take disciplinary action, up to and including termination. This policy is not intended to constrain normal social interactions, nor does it.

32.2 As per WorkSafeBC, “bullying and harassment should not be confused with a manager or supervisor exercising authority as part of his or her job. Examples of reasonable management action might include decisions relating to a worker’s duties, workloads, deadlines, transfers, reorganizations, work instructions or feedback, work evaluation, performance management, or disciplinary actions.”

32.3 This policy is not meant to protect someone who knowingly makes an allegation of improper conduct that they know is false.

Purpose
32.4 The purpose of this policy is to assist all employees in identifying and preventing personal and sexual harassment and bullying in the workplace, and to provide procedures for handling and resolving complaints. It is intended to promote the well-being of everyone in the workplace and to foster the values of integrity, trust, and respect that are essential for a sound organization.

Application and Scope
32.5 This policy applies to all bargaining unit staff, non-unionized staff, and management. This policy applies to all situations where activities are connected to work with, or completed on behalf of, the SFSS, including:
(a) Activities on the premises of SFSS;

(b) Work assignments outside of the premises of SFSS;

(c) Work-related training sessions, education seminars, and conferences;

(d) Work-related travel; and

(e) Work-related social functions that are sponsored or organized by SFSS.

Definitions

32.6 Bullying: Workplace bullying usually involves repeated incidents or a pattern of behaviour that is intended to intimidate, offend, degrade, or humiliate a particular person or group of people.

32.7 Harassment: Harassment in the workplace can include “engaging in a course of vexatious comment or conduct against a worker in a workplace that is known or ought reasonably to be known to be unwelcome”, or “any vexatious behaviour in the form of repeated and hostile or unwanted conduct, verbal comments, actions or gestures, that affects an employee’s dignity or psychological or physical integrity and that results in a harmful work environment for the employee.”

Process

32.8 Employees with bullying or harassment complaints should direct them to the Operations Organizer who will act as the initial investigator. Should the complaint involve union-excluded staff, the complaint should be directed to the President, who will act as the initial investigator. Complaints should be submitted in writing, be specific and include the names of possible witnesses.

32.9 Reported complaints are measured against the Bullying and Harassment Policy. If, after reviewing the complaint, it is deemed that an investigation is warranted, a third-party investigator may be appointed to develop and implement an investigation, which may require the implementation of interim workplace measures.

32.10 Investigations shall be conducted as quickly as possible, and a complainant will ultimately be informed of the outcome of the complaint process regardless of whether any action is taken against the alleged harasser.
