NP-3 Language and Safeguard Updates (Item 9.4):
- Intention of language clarification updates to policy.
- I (VP IAA) expressed that, for the amendment to NP-3.3(a), that hopefully we can come up with some sort of solution to encourage executives to remain involved with student groups (at their capacity) so they remain connected with the student body to the greatest extent, and this may occur through a different method than becoming a named Executive.

Ben called for an amendment to 13.3 since the language is not entirely clear.

- Intention to treat all Councillors equally for the same offense.

Minor Policy Changes (Item 9.7):

Council Movie Night
- Intended to be a monthly get-together with Council. Not intended to replace the Council retreat.

Student Q&A Period (Verbatim & Direct):
- Balqees Jama, a former SFSS Executive, asked a question accusing the current Council of issues of due process.
- **My Response**: "I will write here about the section of "why is a mental health and wellness working group being created" instead of improving practices. I have encountered significant negative mental health outcomes within Council during the time of the Progressive board, during the 2021-2022 term. There have been so many issues during previous Council terms, disclosed by past and current members of the Executive and Council. This is an issue of the legacy of the previous boards and how they have handled mental health, rather than a brand new occurrence from this Council and Executive in particular. We have to deal with these past structural issues during this term, which is obviously spilling out into this Council term. I am personally doing a significant amount to mitigate and protect the mental health and wellbeing of everyone involved in Council by planning methods of structural change, which will improve the outcomes of mental health in Council for years and years to come."
- Abigail Herd, a student, expressed disappointment in barring Rea and Eshana from speaking and is accusing the SFSS of a lack of transparency and a toxic work environment, and encouraged Council to focus purely on equity and diversity issues and preventing "young women of colour" from speaking their words and being investigated as a consequence.
- Councillor Ayooluwa disclosed that he is of Nigerian descent and expressed disappointment with Abigail’s suggestion that people of colour should not be investigated because of their skin colour. Ayoo expressed that Councillors are free to have opinions on whether people should or should not be investigated.
- Student Allyson expressed dissent to Ayoo in the chat.
- Balqees Jama (former SFSS Board Member) posted in the chat: "As a preface, I'm happy to paste my question in the chat and will provide context for my question given that discussion about amendment to raise concerns of

transparency and mistreatment is being actively stifled by the council today and acting like current Executives and council members aren't the ones actively bullying. So its a lengthy Q but would appreciate not being silenced. The SFSS has clearly shown today and leading up to today that there is an utter disregard for transparency and professionalism. This is supported by misuse of Society resources and power as demonstrated by: councilors resigning and blaming the toxicity of SFSS, selectively vague meeting minutes, unidentified use of ‘in-camera’ discussions, and sad very childish and condescending comments by Councillors directed at membership raising concerns about governance and transparency.

- Allyson, a student, accused that the Executives have silenced Rea and Eshana by shutting down their motion, and is wondering why Councillors did not want Rea and Eshana to speak up. Allyson says that Rea and Eshana's identity has “everything to do” with how they have been treated and have experienced “death threats and racism.” Allyson exclaimed, “so much for EDI.”
- Rea (VP Equity) claimed that their concerns have been swept under the rug. In response to Ayo, about bringing up issues only after investigations have been proposed, their thoughts have been swept under the rug. Rea claimed that herself and Eshana have been excluded by Helen, Judit, and Abhi. Claimed verbal harassment once coming into her position.
- Eshana (VP External) claimed that there are issues with composition of investigative committees, in-camera usage for non confidential matters, lack of communications with key SFSS contacts, and “Council resignation and toxic climates.” Eshana expressed a LOA immediately as of now, for two days.
- Chloe Arneson (they/she), a News Writer for The Peak, asked about R-5.2 and asked how this pertains to the vote and how certain members were concerned about respect, and wondering if it was an intentionally vague policy.
- Abby posted in the chat, on behalf of Allyson: From Abigail (she/her) to Everyone 08:01 PM
- On behalf of Allyson and for meeting minutes: “Very disappointing to see the gradual crumbling of SFSS democracy over these past months through silencing of execs (i.e., shutting down Eshana & Rea’s motion to speak), lack of transparency (which currently no one as addressed yet) all of which has been directed towards the VP External and VP Equity and Sustainability (Eshana and Rea) who have earned their positions and deserve to be treated as valued executives. This means actually listening to their experiences. All that is to say is current execs and more or less a few

- “Also the fact that the only darker-skinned women of colour whom are also the youngest on the Board have had these awful experiences at the hands of execs and a few council members is deeply disturbing and shameful. Not to mention these women have had to deal with death threats and racist comments during their campaigns. What is being done for their safety?”
- “The SFSS clearly does not provide a safe space or resources for our marginalized folks to work, and instead create toxic cultures and environments that further marginalize them...shameful. So much for EDI.”
- “But my question for VP Equity and Sustainability and VP External → what concerns did you want to raise earlier that was shut down? I would very like to hear from them.”
- I posted in the chat: “Although this isn't the best of circumstances, I wanted to express gratitude for those who spoke today, even if I don't agree with them individually. It is the nature of dialogue that will solve issues and I believe in this. Thank you so much everyone.”
- Shariq Ahsan (CSSS) expressed that there was not adequate time to go through the material, as Councillors, to prepare for today's discussion. In his opinion, Shariq said that this circumstance is not an issue of transparency because it does not allow Councillors adequate time to dissect the material and adequately understand it. Shariq said that I put out my motion for my working today and saw the interest in it, and it is a good way to address the issues, and it takes time to do so, and Shariq expressed us being patient.
- I responded in agreement to Shariq and I expressed that it is great that we had dialogue today, even though it may have not been the right place to do so, and that I hope through the working group I have created that we can create long-term systemic change for the SFSS to improve mental health and wellbeing outcomes.
- In response to my statement, these Councillors expressed support: Arthur Lee (SASU), Rastko Koprivica (FCATSU), Daniel Alder (PSA), and Ayooluwa Adigun (SUS)

Check-In with Abhi Parmar, Wednesday July 20 2022, 9:00-9:30pm

Parties Attending
Abhishek Parmar (VP Finance and Services)

Meeting Length (Hrs)
30 minutes

Reason
- Discussion of how to best meet access needs for completing retroactive work reports due to medical issues at the beginning of the term.
- Discussion of the practical and philosophical considerations of work reports.
- Conversation regarding best practices surrounding Committees and how to manage the difficulty in managing conflicting schedules of members and the two week notice deadline.

Summary and Outcome
- Abhi and I discussed and had a debrief on how medical issues at the beginning of the term impacted the completion of work reports. Abhi was empathetic, compassionate, and in agreement with the difficulty of completing work reports when undergoing medical issues.
- Abhi mentioned that he is happy to provide extensions wherever possible, but it would be best if I can complete the first work report retroactively sometime soon.
- I also debriefed Abhi on my discussions with several other Councillors regarding their expressed difficulty with work reports. There seems to be a pattern that those councillors that have lived experience with neurodiversity find work reports increasingly difficult.
- Based on our conversation, ideally Abhi would like the first work report to be submitted soon (the May 1st-15th work report), and I said I can get that one done by this upcoming Monday July 25 2022.
- He says that, for the other May one, by the end of that week would be good.
- He recommends looking for minutes on the drive.
- Abhi agreed with the difficulty of retroactively completing work reports. Abhi gave me suggestions to control-F search on other work reports to check which meetings I’m named in.
- We discussed the practical and philosophical reasons around the purpose of work reports, and Abhi said that it’s a layer to add to transparency.
- Abhi suggests using Google Calendar and the draft minutes uploaded to Google Drive.

Work Report Discussion & Accessibility:
- Discussed the difficulty of work reports for Councillors with neurodiversities.
- I discussed that retroactive work reports are the most difficult to complete because of needing to always switch between tabs and go back-and-forth to cross reference different dates, as well as trying to map out what happened during particular times in the past.
- Overall, work reports, especially retroactive ones, are characterized by requiring a significant amount of task management.

What’s The Issue?:
- Theorized that the root cause of the difficulties with work reports for neurodiverse individuals (particularly ADHD) is that the style of completing

Meeting Length (Hrs) | 1 hour

Reason | - Meeting to discuss the possibility of adding Duncan Booker as another Associate Vice President, University and Academic Affairs

Summary and Outcome | - For the Fall 2022 semester, Duncan indicated that his current schedule is not finalized. His plan is to have his schedule as light as possible. This will be his last semester before graduating, if he switches to a Cognitive Science minor.
- Currently, Duncan is doing a double major in Philosophy and Cognitive Science, but is looking to switch the Cognitive Science major to a minor.
- Duncan's current Fall 2022 plan is to take classes on Mondays, Tuesdays, and Thursdays, but he is looking to drop PHIL 320 on Tuesdays which would free up time between 2:30-5:20pm.
- Right now, as of the Summer 2022 semester, Duncan has a class from 2:30-4:30pm on Tuesdays. Duncan indicated this class is likely online for the rest of the semester and won't be on campus on most Tuesdays. He says he is usually free after 4:30pm on Tuesdays.
- He indicated that more than 50% of students in his class contracted COVID-19 during the semester so that is the rationale for the class moving online for the rest of the semester.
- Duncan says 5:30pm on Tuesdays works for him for the Summer 2022 semester.
- Went through the SFSS Council Policies, Section V: Executive Officers, R-17: Associate Vice-Presidents
- Duncan indicated interest in being appointed to the Associate Vice President, University and Academic Affairs position.

Next Steps | - Touch base with Duncan Booker on Saturday July 23 2022.
- Submit a motion to elect Duncan Booker as Associate Vice President, University and Academic Affairs.

Meeting Length (Hrs) 1 hour and 15 minutes

Reason
- Check-in and strategic planning meeting related to the University and Academic Affairs Committee.

Summary and Outcome
- Discussion on policies related to the UAAC.
- This policy describes some provisions in electing members-at-large.
- Discussion to check-in with those elected Councillors that expressed contention at the recent SFSS Council Meeting, before the meeting, to ensure they are in the right mental framework and to avoid increases in temperature during Committee meetings.
- Arthur Lee suggests getting the Vice-Chair election out of the way as soon as possible to ensure that someone can run meetings if UAA is unable to.
- For the number of members-at-large, we are allowed to have a maximum of 7 members-at-large as voting members. After that, they are allowed to come but they are not voting members.
- The problem is, on SFSS Council Policies, SO-1, 1.10, quorum is 50% of seats filled. If we elect a large number of members-at-large, and they don't show up, we could have issues with meeting quorum.
- We asked Judit, Ben, and Abhi for feedback, suggestions, and solutions.
- Arthur said he can come in-person for the first UAAC meeting.
- Arthur says that his other Committees have not called meetings (Equity and Sustainability Committee).
- Arthur says that he's already in two Committees which is more than required.
- In the Fall 2022 semester, Arthur says that he will likely be taking 3 classes, as well as volunteering in Peer Mentoring, Council, two committees, three working groups, so he doesn't think he can sustain more commitments in the Fall.

Bridging for Future Initiative:
- Discussed the draft email to the membership of the Society.
- The email that Arthur is drafting is to invite the membership of the Society (students) to join and participate in the initiative, and to educate them on what we are working on.

- Discussion on policy.
- Further discussion on working with Helen.

**Summary and Outcome**

- Discussion on current events within the SFSS (ex-camera).

- As per R-9, SFSS HR matters are in-camera.
- Regarding R-5 and R-9 in-camera, since in-camera can be an HR manner, this can be interpreted because of the vagueness of the by-laws, as an SFSS HR manner. Anything that can be interpreted as an SFSS HR manner is grounds for in-camera based on our policies and by-laws, as well as the BC Societies Act.
- A breach of in-camera based on SFSS policies and by-laws is also a breach of the BC Societies Act, according to the lawyer and legal expert.
- Internal and work emails are considered to be SFSS property.
- A dispute between executives can be considered to be an HR matter and therefore would be in-camera.
- Privacy Acts no longer apply if the matter is within the public domain.

- Schedule a follow-up meeting with Emilio to discuss AVP planning and the UAA portfolio.
