7. PRESENTATION

7.1 Information on the nature of DNA and Accessibility Committee

SUBMITTED BY: Disability and Neurodiversity Alliance “Aiden Cumming-Teicher”

PRESENTED BY: Board Organizer “Ella Droko”

ATTACHMENT:

- As a CG, the DNA serve as the official voice for disabled and neuro-divergent undergraduates. (DNA Constitution, DNA-SFSS LOA).
- The purpose of Constituency Groups shall be to represent and serve its members who share an experience or condition of oppression and systemic discrimination and/or barriers such as, but not limited to homophobia, sexism, racism, classism, colonialism, ableism, or ageism (SFSS By-Laws).
- DNA is a student led network of community members who identify as disabled, autistic, neuro-divergent, deaf, mad and / or as having a disability, chronic illness, long-term condition, or mental illness (DNA Constitution).
- The DNA – SFSS letter of agreement is a legal binding document that takes precedence over SFS motions or policies (DNA-SFSS LOA).
Only A SFSS constitutional change brought forward during an Referendum would take precedence over this binding document.
- Outlines DNA’s administration of the DNA resource centre and support staff.
- Outlines DNA’s structure as a constituency group and its relationship to the SFSS.
- Establishes the SFSS responsibilities to the DNA.
- The SFSS shall allow DNA the sole use and occupation of the organizational space consisting rooms 1300 and 1301 in the Student Union Building at the Simon Fraser University.

- DNA has a protected lease of the space; cannot be evicted without an alternative space, cannot be charged rent, needs notice of changes to the space.
- Terms of lease is for 50 years (same as the SUB).
- DNA and SFSS must hire at least one staff person for DNA Resource Centre office.
- Office supports DNA; SFSS Board is the employer and pays wages, but DNA governs office independently.
- SFSS cannot discipline staff for supporting DNA's political positions.
- Staff are unionized with CUPE local 3338.
- Currently as SFSS members are constituents.
- When someone applies to be a member, DNA executives approve or deny the request.
- Membership is only denied if in the reasonable opinion of the executives, the person does not have the group's interest at heart while determining suitability and the person's level of commitment to the organization's overall goals' (SFU DNA Constituency).
- Member at a DNA meeting can overturn approvals or denials by 2/3rds or quorum.
- In reference to the accessibility motion being proposed in the old business item, SO-11 dictates that Accessibility Committee is chaired by VP Equity and Sustainability or another Accessibility Committee member upon Accessibility Committee recommendation.
- Someone who is not on the Accessibility would first have to be voted into the Accessibility before they became the chair, then Accessibility could appoint them.
- Accessibility Committee members as voted on June 8th: the DNA Councillor "Vivian Ly" (resigned), the FCAT Councillor "Rastko Koprivica", the BPK Councillor "Gurleen Grewal", the Political Science Councillor "Brydan Denis", and the President "Helen Sofia Pahou".
- Intends to appoint the VPUAA and the Sociology and Anthropology Councillor as chair and vice-chair of the Accessibility Committee

(respectively), and change the role of the Accessibility Committee to focus more on advocacy.

- The policy outlined in the Accessibility Committee terms of reference (SFSS Council Policies SO-11) conflicts with this motion.
- DNA were not informed of the motion prior to the release of the August 17th meeting agenda, conflicts with LOA 3) iii).
- If the Accessibility Committee becomes primary or privileged voice of disabled students, would conflict with LOA 3) ii).
- Shift of Accessibility Committee to provide more advocacy and support without DNA consultation conflicts with LOA 3) iv).
- The recommendation to council is that the SFSS president (as ex-officio member of the accessibility committee) strike the first meeting of the Accessibility Committee and have committee members begin the work and/ or vote democratically to replace the VP Equity as the Chair while working within the confines of the terms of reference.

8.1 Accessibility Needs Provision – MOTION COUNCIL 2022-08-24:05

SUBMITTED BY: VP University and Academic Affairs “Nicole Kirigin”

ATTACHEMENT: SFSS Organizational Charts (1).pdf

Nicole / Abhishek

Whereas the Simon Fraser Student Society is tasked to advocate for the accessibility needs of the undergraduate student membership through the Accessibility Committee;

Whereas the current Vice-President Equity and Sustainability has not convened a meeting of the Accessibility Committee during the entirety of the Summer 2022 semester during the entirety of the Summer 2022 semester, since beginning their term on May 1 2022;

Whereas there are significant unmet accessibility concerns within the SFSS Council that need to be resolved as soon as possible;

Whereas a Councilor has stepped down, citing unmet accessibility needs as a primary concern to their equitable participation within the SFSS Council;

Whereas there are significant unmet accessibility concerns within the University community that need to be resolved as soon as possible;

Whereas numerous students have reached out to the Vice-President University and Academic Affairs in-confidence regarding their ongoing and unmet accessibility needs;

Whereas the Accessibility Committee has been led in the past by the University and Academic Affairs portfolio;

Whereas the Accessibility Committee currently remains under the joint jurisdiction of the University and Academic Affairs portfolio based on the official SFSS Organizational Chart provided during orientation;

Whereas the Accessibility Committee's Terms of Reference (TOR) expresses an explicit provision to prioritize its internal composition based on lived experience with disability (Council Policies, 11.5);

Whereas principles of disability justice are relevant to matters regarding accessibility within the SFSS and explicitly state that voices must be prioritized based on the multiplicity of disability, to which voices with the highest degree of lived experience are prioritized;

Whereas the current Vice-President University and Academic Affairs is the sole member of the Executive Committee that has a multiplicity of lived experience with a disability and neurodiversity;

Whereas the current Vice-President University and Academic Affairs has been an active member of the Accessibility Committee during the 2021-2022 SFSS fiscal year under the guidance of the former VP UAA (2021-2022);

Whereas the current Vice-President University and Academic Affairs has undergone significant training from the former VP UAA (2021-2022) for 20+ hours in preparation to chair the Accessibility Committee;

Whereas the current Vice-President University and Academic Affairs has had multiple discussions and meetings with the relevant SFSS personnel (Policy, Research & Community Affairs Coordinator and Campaigns and Mobilization Coordinator) and have drafted a plan-of- action for addressing unmet accessibility needs through ensuring the convening of the Accessibility Committee, as well as amendments to the AC's Terms of Reference;

Whereas the current Vice-President University and Academic Affairs is capable of convening and chairing Accessible Committee meeting effective immediately;

Whereas Arthur Lee, the Sociology and Anthropology Councilor, has volunteered to assist with convening of the Accessibility Committee meetings within the capacity of a Vice-Chair;

Be it resolved to appoint the Vice-President University and Academic Affairs, Nicole Kirigin as the Chair of the Accessibility Committee, effective immediately, for the remainder of the 2022/23 Council Term.

Be it further resolved to appoint the Sociology and Anthropology Councilor (SASU), Arthur Lee, as the Vice-Chair of the Accessibility committee, effective immediately, for the remainder of the 2022/23 Council Term.

Be it further resolved to task the Policy, Research, and Communities Coordinator, Campaigns and Mobilization Coordinator, the Vice-President University and Academic Affairs, and the University and Academic Affairs Committee, to continue their work on drafting a proposal for a longer-term solution in amending the Terms of Reference (TOR) of the Accessibility Committee, to ensure that accessibility needs are being met on an ongoing basis.

Be it further resolved, after the initial drafting process, to include the current members of the Accessibility Committee within the consultation process for the proposed TOR recommendations, wherever possible.

Be it further resolved, after the initial drafting and consultation process, to forward the proposed TOR recommendations to the Governance Committee for their guidance and approval.

Be it further resolved, after the approval from the Governance Committee, to forward the proposed TOR recommendations to the SFSS Council for their final approval and implementation, for a longer term-solution.

8.1.1 Move to Suspend the rule for limit on speaking time for motion

8.1- MOTION COUNCIL 2022-08-24:06

SUBMITTED BY: VP University and Academic Affairs “Nicole Kirigin”

Nikki / Abhishek

CARRIED

- The DNA Councillor, the History Councillor, and our VP External voted against the motion to suspend the rules".
- The VPUAA mentioned that they have been working hard to reinstate the SFSS Accessibility Committee, along with the assistance and support of several SFSS Councilors, Executives, and staff. They have been involved in the SFSS as a Councilor, starting in the 2021/2022 fiscal year. Since beginning their involvement, there has always remained a need to focus on improving accessibility. Within SFSS policies, the Accessibility Committee is the sole avenue of actively addressing and improving accessibility issues both within and external to the Society.
- They have been heavily involved in the Accessibility Committee, under the guidance of the former VP University & Academic Affairs, Serena Bains, receiving over 20 hours of specialized training in

preparation to chair the committee. They have been involved within the capacity of an elected member, as well as being trained and appointed as a Co-Chair.

- The Accessibility Committee has not met during this fiscal year, since the new Council term has started on May 1st 2022. This has been a significant issue as there are pending and significant unmet accessibility concerns. These concerns have been voiced within Council, as well as by our membership, the student body. Several students have reached out voicing several accessibility concerns, most prevalently, their issues with finalizing their accommodations with the Centre for Accessible Learning. This specific issue puts students at direct risk of not having their disability accommodations in-place before needing to complete tests and quizzes for their classes, which puts them at a significant disadvantage.
- The Accessibility Committee has the ability to address these urgent unmet accessibility issues that have been voiced by students, and there is a time-sensitive need for the committee to meet prior to the start of the Fall 2022 semester. They have already started the conversation and began discussing solutions with the Centre for Accessible Learning, and we need the assistance from the Accessibility Committee to continue this time-sensitive work. They have gathered the support of integral members of the SFSS staff, as well as Council to spearhead the reinstatement of the Accessibility Committee on a temporary basis, while we work to figure out a more permanent solution by working with the Governance Committee to amend relevant policy. This is only a temporary solution to address time-sensitive issues relating to the Accessibility Committee and unmet accessibility needs. They have received explicit policy interpretation and guidance that has allowed this specific provision as a solution to the inactivity of the Accessibility Committee.
- Unfortunately, there have been some issues voiced by some students in the previous Council meeting. They have received

threats by a member of Council and some members of the Disability and Neurodiversity Alliance for my intention to reinstate the Accessibility Committee and address time-sensitive accessibility needs. They have been blackmailed regarding a threat to release an internal letter concerning personal sensitive information if the DNA does not receive unilateral control over the Accessibility Committee. Although they have always intended to include the DNA within the Accessibility Committee, they strongly believe that the Accessibility Committee must maintain necessary separation from the DNA in order to ensure that there is a space for student voices to be heard, first and foremost, when making decisions.

- In relation to SFSS policy, they have worked closely with the Policy, Research, and Communities Coordinator, as well as the Campaigns and Mobilization Coordinator to review policy related to the Accessibility Committee. The Accessibility Committee remains separate as a legal entity from the Disability and Neurodiversity Alliance, based on the SFSS Council Policies. Although the DNA has assisted in an advisory capacity within the Accessibility Committee, it is clear that the Accessibility Committee remains a separate entity that is capable of making decisions that are ultimately separate from the DNA (Council Policies, SO-11).
- They intend on always providing meaningful participation with students, which includes the DNA. At this moment, after being threatened and blackmailed, they do not feel comfortable working together with the DNA Council representative within a close capacity at this point. There seems to be a narrative that they have caused harm to the DNA, which they are disappointed to hear, as they have always intended to provide a critical, yet respectful voice whenever expressing any contention. As a student who lives with disability and neurodiversity, they encounter barriers and accessibility issues on a daily basis. Even though many disabled students may not agree entirely with the actions of the DNA, it is important that there are welcoming spaces created for everyone who is experiencing

disability, and that is what they intend to achieve within the Accessibility Committee.

- They still stand by my mission to reinstate the Accessibility Committee, as there are urgent accessibility concerns that need to be addressed, and it is important that we support disabled students. They have received explicit permission based on policy review that this specific provision is proper according to our policies and by-laws. Procedurally, they have ensured that we are making the proper provisions regarding ensuring that the Accessibility Committee is active and addressing the needs of disabled students.
- The DNA Councillor asked if our VPUAA have received specialized training from our former VPUAA, do they have any testimony or signed hours to show that and if there were any threats towards their safety why did they not reach out to the university yet.
- The VPUAA responded that in terms of proof they have their work reports, because this was a part of their orientation training from last semester by the outgoing executives. In terms of escalation, they did not feel it to be necessary to bring it to a public atmosphere.
- The DNA Councillor expressed that our presentation was pretty clear and suggests the our SFSS President should chair the committee until Chair of committee is elected.
- The VPUAA mentioned that they received explicit permission based on policy review. This specific provision that they have proposed is proper, according to our policies and bylaws, and procedurally, they have ensured that we are making the proper provisions regarding the Accessibility Committee, and are active and addressing the needs of disabled students.
- The SEES Councillor expressed that they understand the problems being proposed and the presentation provided before hand. However, they personally have multiple disorders and when reached out to DNA, they have never responded to them and they have not done a single thing for them. The Accessibility Committee here is

actually trying to do something. They mentioned that they feel this is an entirely political agenda for DNA to control the Accessibility Committee as much as physically possible.

- The Computer Science Councillor suggested if this motion can be postponed.

8.1.2 Amend to Make VPUAA Chair and SASU Councillor Vice-Chair of AC - MOTION COUNCIL 2022-08-24:07

SUBMITTED BY: Computing Science Councillor “Shariq Ahsan”

CARRIED

In Favor (15): Criminology, French, Health Science, Mathematics, Philosophy, Psychology, Society of Arts and Social Sciences, Sociology and Anthropology, Software Systems, Sustainable Energy Engineering, President, VP Internal and Organizational Development, VP Finance and Services, VP University and Academic Affairs, VP Events and Student Affairs.

Against (0):

Abstain (13): Archeology, Bachelor of Environment, Biomedical Physiology and Kinesiology, Communications, Computing Science, Data Science, Economics, Education, History, Science Undergraduate Society, Disability and Neurodiversity Alliance, Residence Hall’s Association, VP External and Community Affairs.

- The VPUAA amended the motion to appoint the VPUAA as the chair of the committee and the Sociology and Anthropology Councillor as the Vice-chair of the committee.
- In response to the DNA Councillor regarding how the amended motion materially change the problem, the Mathematics Councillor mentioned that the original motion appointed Sociology and Anthropology Councillor and our VPUAA and co-chair’s of accessibility committee. This amendment appoints our VPUAA as the Chair and appoints

Sociology and Anthropology Councillor as the Vice chair, which is permissible under the structure of SO-11.

- The DNA Councillor mentioned that while they do agree that it does address a procedural difficulty in that they cannot be co-chairs. So they are listing the VPUAA as chair, and the Sociology and Anthropology Councillor as vice-chair. It still does not solve the difficulty that accessibility committee has to appoint a chair, not council, and in the absence of a chair in which committee cannot call, and no member wants to willingly step forward our SFSS president automatically has to chair the committee until someone is elected.
- The Mathematics Councillor mentioned that previously accessibility committee has had a chair appointed by council. If we refer back to 2022 board year, our former VPUAA was appointed by Council and not the accessibility committee as the chair of the committee.
- The Board Organizer mentioned that historically the accessibility committee has been under the VP Events, but was shifted on to the VP Equity and VPUAA portfolio.

- DNA Councillor and VP External voted against this motion.

8.1.3 Move to Postpone motion 8.1 indefinitely - MOTION COUNCIL 2022-08-24:09

SUBMITTED BY: Computing Science Councillor “Shariq Ahsan”

Shariq / Aiden

CARRIED

- Sociology and Anthropology Councillor abstains, VPUAA and Science Undergraduate Society Councillor voted against this motion.
- The VPUAA expressed that they would like to vote against this motion as there is a lot of work needing to be done at this point. The new semester is just about to begin and there are a lot of disabled students who needs help. By postponing this motion to another two weeks would delay the support that could have been offered to the disabled students.

CARRIED AS AMENDED UNANIMOUSLY

- The Board Organizer expressed that their intention was to start the working group by the summer. But, at this point as the classes are starting next week they made an edit to the motion so as to not strike the working group until September 14th as it would give everyone some extra time. They mentioned that the working group is very labor intensive and by giving some time people can see if they can commit to this and see their class schedules to decide on whether they can continue this work.
- Three calls for nomination were called by the President.
- The VPUAA nominated themselves.
- The VPUAA nominated the French Councilor and they did not accept the nomination.

13. DISCUSSION ITEMS

13.1 Gondola Celebration

SUBMITTED BY: VP External and Community Affairs “Eshana Baran”

- The VP External mentioned that this would be happening on September 13th. They invited City Councillors and Joy Johnson for this. They also mentioned that the budget that the ECAC have is not feasible to organize the event. They would like to bring forward a motion in future to Council to get the funds to be able to celebrate this event.
- The celebration would involve speech from alumni’s and Joy Johnson.

14. 30 MINUTES Q&A

- In response to the student regarding if the zoom meeting can be made more accessible in future for the council meeting, the President mentioned that they are working with the Board organizer and administration to resolve this. Also, they are waiting to get a heads up regarding security before this goes ahead.

The Board Organizer expressed that our zoom links have been compromised in the past. So, we implemented the system where councillors joined the meetings with “cllr” before their name. We turned out a third party authentication so zoom links had to be connected to SFU accounts to be able to join the meeting.

The VP External mentioned that our calendars have access to meetings and it was not utilized before. This is under process to make sure the membership has access to meeting links and this is as accessible as possible.

- In response to the student regarding if the motions put forward on the agenda are fact checked before being presented to Council and what is the process for fact checking the motions, the President mentioned that usually the person put forwards the motion and it is put forward on our agenda unless it has any major problem for it.

The VP finance mentioned that in regards to fact checking, if there is something wrong with the motion, it is the responsibility of council to look through the motion and flag it before we move forward with it.
