5. ADOPTION OF THE AGENDA

5.1 MOTION COUNCIL 2024-01-03:03

President /Archeology

Be it resolved to adopt the agenda as presented.

CARRIED AS AMENDED

- The ISSU Councillor moved to include a new business item titled as “Motion to investigate grammarly subscription for SFSS membership”.
- The Archeology Councillor moved to strike the the notice of motion item titled as “Issues Policy Removal”.
- The Acting VP Internal and VP Equity spoke in favor of striking the notice of motion titled as “Issues Policy Removal”.
- The VP Events spoke in favor of striking the notice of motion titled as “Issues Policy Removal”.
- The Acting VP Internal clarified that SFSS will not stop services for the Jewish students. They support the Jewish students as much as they support Palestinian students. They will not discriminate Jewish students on the basis of them being Jewish.
- One of the members mentioned that the Jewish students have been involved in this organization throughout this period, including themselves. During their time as the AVP Internal, they did a thorough review of IP10, taking into consideration Israeli and Jewish scholars of holocaust history.
- The MBB Councillor clarified to the chair that this discussion is taking place to remove the notice of motion and there will be no discussion on this after that. They spoke in favor of striking this motion.
- The SFPIRG Councillor mentioned that they would like to give their time to the students instead of taking their own speaking list.
- One of the members mentioned that they are speaking today because they are against the motion to repeal all 12 of the issues policies. This mass repeal would undermine and dismiss all of the hard work of various groups that has been undertaken in the last few years to create policy protection of the rights of students including specific marginalized communities within our school, including Palestinian students. From what they are hearing and reading, the repeal of all the issues policies may be happening with the veiled intention of repealing one policy in particular. This is Issue 10, the Palestinian Liberation Issues Policy. This policy protects students in their advocacy for a free Palestine, which means an end to Israeli occupation of Palestinian territories, an end to the oppression of Palestinians by Israeli forces, and an end to the genocide that is currently happening in Gaza by the state of Israel, in which Canada is complicit.
- Repealing these policies would result in the further marginalization of Palestinian students, their families, and those who stand in solidarity with them. They would also affirm that
supporting a free Palestine does not in any way constitute anti-Semitism, and Jewish students have the right to request an issues policy of their own. This motion puts multiple oppressed groups in our school at risk of further marginalization and undermines the rights of all students who deserve affordable tuition, a living wage, climate justice, and other rights laid out in the issues policies.

- From their experience, the world does not afford equality to all, despite rhetoric to the contrary. Power and privilege exist in all societies and to pretend that we are all equal with equal needs is a straight-up lie. These issues policies acknowledge the imbalance of power that exists, and they are important for student advocacy and struggle. Without them, the groups they represent will be pushed back in their efforts and those with more power will move forward in theirs. If there is a desire for equity in this space, then the motion will be struck down.

- One of the members mentioned that they support the striking of the motion to repeal the Issues Policies.

- Before Tedx in November they were targeted by a small group of students because they support the Palestinian people who are facing genocide according to UN experts. They attempted to remove them as a Tedx speaker as my topic ironically talks about their experience with Islamophobia.

- They reached out to a professor in the Is faculty who believed setting up a meeting with the student union president would be helpful. Unfortunately, it was not. On Dec 1st they met with Liam and their professor in a zoom meeting to share their experience. Before they got the opportunity to tell their story Liam brought up his mission to remove the issues policy stating it was divisive. Our meeting had nothing to do with that. They began questioning his reasoning for this and they found his answers inadequate and uneducated. Particularly as this is their area of study.

- Sadly in their department they will be studying this genocide in the future and how people and institutions reacted to it. It is our responsibility as humans to support all people that face genocide, apartheid, occupation and human rights abuses especially when there are people working hard to justify genocide and when our government is complicit in it.

- We have students at SFU who are Palestinian and have had their family members murdered by the state of Israel.

- If you are uncomfortable with the diversity of SFU students and their experiences Then you shouldn't have leadership positions in the student union. Repealing this issues policy and not standing with Palestine is a grave injustice and does not represent the majority of the student body. Therefore, they support the motion for a cease fire and referendum

- One of the members mentioned that they are speaking today as they are extremely concerned about the motion to repeal all Issues Policies and they would like to highlight 3 points on why they call on the SFSS Council to strike against this motion.

- Firstly, the SFSS Issues Policies protect equity, justice, and student advocacy at SFU. These
are important values to an engaged and safe SFU community that must be protected.

• Second, the attempt to appeal SFSS Issues Policies is undemocratic. It lacks consultation with all the student groups impacted and involved with developing the policies as well as the student groups that voted in favor for them. Therefore, the SFSS is not representing its constituents by taking these proposed actions.

• The Issues Policies have been developed over years with careful and intensive consultation of affected groups. Appealing it would effectively undo years of student activism and negatively impact the marginalized communities that these policies support. (as other speakers have discussed.)

• Third, this comes at a time when support for IP10 and beyond is especially relevant. The ongoing genocide in Gaza has killed over 20,000 Palestinians. Student unions such as McGill, UoFt and UBC have joined the global solidarity movement with Palestine by adopting pro-Palestine policies. In light of the current events, it is urgent for SFSS to support Palestinian liberation by calling for a ceasefire and calling for ending SFU complicity to genocide; and most certainly NOT removing policies currently in place to support Palestinian students and Palestinian liberation.

• One of the member mentioned that they are a Jewish student at SFU. They mentioned that as per Council Policy R-5, they are to represent at Council equally and are not to be discriminated against.

• They mentioned that they wanted to respond to our Acting VP Internal comments earlier where they stated that the SFSS does not ban students from SFSS services which is completely untrue.

• On February 2023, the Jewish student union were banned from booking a room in the SUB for an anti-Semitism education event solely due to the fact that the JSA did not use the IP-10 definition of anti-Semitism. One that JSA had no input in its creation. The definition within IP-10 does not represent the lived experience of the entire Jewish student body. It neglects the anti-Semitism that the Jewish people faced due to the conflict. This is a most common type of Semitism they faced today.

• They hope that the Council listen to the Jewish Student Community and have the SFSS rewrites the IP-10 to reflect their lived experiences. As Jewish people, they have the right to express the hate they have experienced not the executives who will never experience the hate or the anti-Semitism during their life time.

• In response the Acting VP Internal mentioned that they agree that it would be terrible if Jewish people are referred to as money hungry or other terrible words which causes hurt and raises anti-Semitism.

• They feel that they should avoid such languages. They feel that we should be specific on how they criticize Israel on its action to ensure that we are not being anti-semitic and that we are criticizing the political actions of the government and not the religious action of the people.

• They highlighted that its mentioned in IP-10 which explicitly states the difference of criticizing the political actions and not the religious ones.
• In response to the event they were denied at SFSS, they mentioned that, they were not
denied for tabling for the Anti-Semitism event, they did end up going to SFU for tabling and
not SFSS.
• The member mentioned that it was not tabling it was an anti-Semitism education event.
• The Acting VP Internal mentioned that it was room booking and that they booked a room
with SFU and not the SFSS. They did not stop them but provided some suggestions. By no
means the issues policies were invoked to ban them from booking a room for the event. In
fact, they encourage to do so. But, they went for other options.
• The member mentioned that the policy states that the Jewish student does not have the
right to define their lived experience and that they strongly disagree with them. And, that it
was stated that their definition does not align with the SFSS.
• The Acting VP Internal in response mentioned that it was not something that was told to
them. They apologise for the fact that their definition is different from ours. And, that
proper consultation was not done with them before creation of IP-10. But, their definition
does not endorse anti-Semitism and they are allowed to book the room. They were not
denied to book the room just because of the definition.
• The Archeology Councillor moves to reorder the agenda and take new business item titled
as “SFSS Calls for a Permanent Ceasefire and Defends Palestinian Liberation Solidarity at
SFU” after the adoption of the agenda.
• The Acting VP Internal moved to amend the old business item titled as “Approval of
Finance Policy”.

6. NEW BUSINESS

6.1 SFSS Calls for a Permanent Ceasefire and Defends Palestinian Liberation Solidarity at SFU-
MOTION 2024-01-03:04

SUBMITTED BY: Archaeology Councillor
ATTACHMENTS: SFSS Motion - 2024 SFSS - Call for Ceasefire and Defend Palestine Liberation
Solidarity at SFU
President / Archaeology

Whereas in 1948, the current state of Israel was established through the expulsion of a majority of
the Indigenous Palestinian population, turning them into refugees who decades later still cannot
exercise their fundamental right to return as stipulated in UN General Assembly resolution 194;

Whereas since 1967, Israel has occupied and colonized the West Bank, Gaza, and East Jerusalem,
building illegal Jewish-only settlements – which the UN has called a “flagrant” violation of
international law – as well as an 8-metre segregation wall – condemned by the International Court
of Justice;

Whereas Israel is currently conducting a ruthless bombing campaign and genocide killing at least
an estimated 20,000 Palestinians and displacing over 2 million people multiple times to date since
October 7, 2023 in Gaza and the West Bank, similar to the 2014 and 2021 bombing campaigns on
Gaza in which so many Palestinian civilians were killed by the Israeli military;

Whereas Israel continues to suppress and enact violence and occupation across Palestine, allowing the proliferation of illegal settlements in the West Bank and East Jerusalem, as well as continuing a current siege and military blockade of Gaza, controlling Gaza’s air, land and sea ports;

Whereas on July 9, 2005, 171 Palestinian civil society organizations called upon people of conscience around the world to implement a global campaign of boycott, divestment and sanctions (BDS) against Israel, similar to those applied to South Africa in the apartheid era;

Whereas the SFSS Council Passed a Motion opposing the Colonization of Palestine in May 2021 which called for the end to the Occupation and established a working group to draft and formulate SFSS’ support for Palestine through a SFSS Palestine Liberation Issues Policies;

Whereas the SFSS Free Palestine Working Group and various additional groups endorsed the Palestinian Liberation Issues Policy, namely, SFU Student for Justice in Palestine (SJP), UBC Solidarity for Palestinian Human Rights (SPHR), the Palestinian Youth Movement Vancouver (PYM), BDS Vancouver – Coast Salish, SFU Arab Student Association (ASA), SFU Migrants Students United (MSU), SFU International Student Advocates (ISA), SFU First Nations, Métis & Inuit Student Association (FNMISA), SFU Students of Caribbean & African Ancestry (SOCA), SFU Disability and Neurodiversity Alliance (DNA), The Simon Fraser Public Interest Research Group (SFPIRG), SFU Radical Individual’s for Solidarity and Equity (RISE), SFU International Studies Student Association (ISSA), SFU 350, Anti-Racism Coalition Vancouver (ARC), Canadian Voices Against Racism (CVAR), and The Caucus among many others;

Whereas all departmental student unions, faculty student unions, constituency groups and affiliated groups as part of the SFSS Council that were present on April 20, 2022, unanimously voted in favour and passed the Palestinian Liberation Policy which outlined SFSS support for Palestine after widespread membership support for and multiple groups endorsing;

Whereas the SFSS constitution outlines the purpose of the society to coordinate and promote all undergraduate student activities, of, by, and for the undergraduate students of Simon Fraser University, to promote, among other goals democratically determined by the Society, the principles of public, universally accessible, high-quality post-secondary education, and of meaningful undergraduate student participation in all aspects of University governance, and to facilitate collective action by undergraduate students at Simon Fraser University, within the Province of British Columbia, and elsewhere in support of these principles, in a manner that is reflective of the anti-oppressive mandate of the SFSS as outlined in SFSS Bylaw 6(16);

Whereas the student movement has historically been a driving force in advocating for social justice and change, actively participating in and supporting various movements, from opposing the Vietnam War, championing the Black Power movement in the 60s, aligning with labour rights
movements, endorsing movements including Idle No More, and opposing apartheid in South Africa up until the 1990s, illustrating our unwavering commitment to societal progress, justice, and equity;

Whereas the SFSS has supported and empowered marginalized students, actively participating in past student movements such as the Tuition Action against government defunding of public education and campaigns for divestment, sanctions, and boycotts against apartheid South Africa, leading to the establishment of the Issues Policies that protect and clarify the society’s stances on crucial matters, including Reproductive Rights, Black History Month, Accessibility, Living Wage, Tuition Affordability, Climate Justice, Indigenous Inclusion and Reconciliation, Disability Justice, Anti-Racism, Policing and Militarization, Palestinian Liberation and an ongoing commitment to further causes, in furtherance of Bylaw 6(16) which outlines that all activities and endorsements of the Council reflect the anti-oppressive mandate of the Society;

Whereas the SFSS is yet to make a statement, take action or support student advocacy on campus in the face of the recent bombing campaign, complete siege, and genocide in Gaza to align itself with the SFSS Issues Policies which states the society supports such actions,

Be it further resolved that the SFSS Council call for a permanent ceasefire in Palestine, the end to the siege and genocide in Gaza, and for an end to the Israeli occupation in occupied Palestinian territories, and reaffirm its support for the current Palestinian Liberation Issues Policy previously passed by Council;

Be it further resolved that the SFSS Council call upon the Canadian Government to put all the resources at their disposal to ensure a permanent ceasefire;

Be it further resolved that the SFSS Council announce the passing of this motion and outline the previous motions passed with the resources in the Background as outlined;

Be it further resolved that the SFSS Council endorse the SFU Students for Justice in Palestine open letter to SFU, currently signed and endorsed by multiple groups including: the SFU Graduate Student Society, Teaching Support Staff Union (TSSU), Palestinian Youth Movement (PYM), Independent Jewish Voices Youth Bloc, United in Struggle, Simon Fraser Public Interest Research Group (SFPIRG), SFU Disability & Neurodiversity Alliance, SFU Ukrainian Students Society, SFU Students of Caribbean and African Ancestry (SOCA), Psychology Student Union (PSU), SFU Music + Sound Student Union, Sociology and Anthropology Graduate Student Association, The Peak Publications Society, Muslim Students Association (MSA), Arab Students Association (ASA), SFU350, Bangladesh Student Alliance (BSA), Undergraduate Student Solidarity (USS), Migrant Students United at SFU, SFU Slam Poetry Club, Ambedkar Reading Group, United Migrant Front, Roots on the Roof, Sustainabiliteens, Thaqalyn Muslim Association (TMA), and counting;

Be it further resolved that the SFSS Council put to the next referenda to adopt at Membership
level by referenda, the current Palestinian Liberation Issues Policy previously passed by Council in 2022 as attached, to be voted on by Membership via a vote at referendum, with the submitter of this motion submitting the referendum question, and the question be outlined to membership as follows:

Whereas an Issues Policies may be adopted by Membership at the Membership level and if passed can only then afterwards be repealed at the Membership level, as per bylaw 6(11);

Whereas non-passage of an Issues Policies by referenda would mean the Policy will continue to be an Issues Policies at the SFSS Council level;

Whereas the SFSS Council previously unanimously passed the SFSS Palestinian Liberation Issues Policy in solidarity with the Palestinian people after the previous bombardment of Gaza in 2021, and now there is a continuing genocide and siege on Gaza since October 7, 2023, resulting in the death of an estimated 20,000 Palestinians and further displacement of 2 million people;

Whereas the people of Palestine continue to face occupation and blockade by the current State of Israel and the Palestinian Liberation Issues Policy was adopted to be in solidarity with the Palestinian people and passed unanimously,

Be it resolved that the SFSS Membership adopt the SFSS Palestinian Liberation Issues Policy at the Membership level, as permitted by SFSS Bylaw 6(11)

Be it further resolved that the referendum question is accompanied with the following references as background to be accompanied with the motion for referenda:
1) The actual Palestine Liberation Issues policy itself as attached
2) Original motion submitted during the original passage of the policy,
3) The SFSS Council statement after SFSS Council passed the policy

CARRIED
Abstentions (4): SEES, SSSS, EVCS, and ESSS.

- The SFPIRG Councillor mentioned that this motion is coming at a time of ongoing genocide.
- One of the members mentioned that this is not political, this is humanitarian, this is students for justice.
  - The MBB Councillor moved to add the following amendment to the motion “We unequivocally condemn Hamas’ terror attacks on Israel on October 7th, the appalling loss of life, and the heinous acts of violence perpetrated in those attacks, including sexual violence.
  - We condemn Hamas’ unacceptable treatment of hostages and call for immediate and unconditional release of the remaining hostages.
  - We recognise Israel must respect international humanitarian law. Civilians and
civilian infrastructure must be protected. We are alarmed at the diminishing safe space for civilians in Gaza. The price of defeating Hamas cannot be the continuous suffering of all Palestinian civilians.”

- One of the member spoke against the amendment proposed by the MBB Councillor to protect the interest of the students. They also mentioned that not everyone agree with what Canadian government has to say, so by using the exact wording of what they mentioned might not be a good thing to do.
- One of the members mentioned that if the student union has concerns about factual information and history.
- They recommend consulting the history and IS department as it is really important to differentiate nationalist history and narratives versus actual history that has no nationalist agenda, the Canadian stance is flawed and contradicts international law.

8.1 Investigate grammarly subscription for SFSS membership- MOTION 2024-01-03:09
SUBMITTED BY: Indigenous Studies Student Union
President / ISSU
Whereas the SFSS exists as an organization that aims to provide support and benefits to membership in their academic studies;

Whereas many students utilize Grammarly in their studies;

Whereas Grammarly premium is very expensive for the average student;

Whereas student unions such as the Toronto Metropolitan University Students Union, McGill and the NGUSS (University of Northern British Columbia) provide students the option to purchase Grammarly premium for their studies for as low as $10 per year (a significant discount of over 75% from the regular price);

Be it resolved we research and investigate the possibility of providing discounted access to Grammarly premium to SFSS membership.

Be it further resolved we connect if needed with the UNBC, McGill or TMU student unions investigate how they gained access to this discounted service

Be it further resolved that if reasonable, within our power, and financially viable after investigation and research we provide SFSS membership with access to discounted Grammarly premium subscriptions.

CARRIED UNANIMOUSLY

- The Acting VP Internal mentioned that this is a cool initiative to provide students access to Grammarly at a discounted rate. They suggested perhaps if we can ask if SFU can provide Grammarly for free as they do Microsoft office.
- Also, this could be something VP University can ask the SFU for.
- The ISSU mentioned that other universities are doing it in a way that they are not spending the money but providing services in terms of partnerships. Some universities charge $10 annually with the option of opt out.

Whereas the President bypassed the Equity and Sustainability Committee, and the Governance Committee, in advancing a motion to remove the Issues Policies from SFSS Policy;

Whereas President Liam Feng failed to meet the requirements outlined in the Issues Policies for making changes to them, for instance;

- President Liam Feng failed in his duty to consult with the affected groups, in particular the First Nations, Métis & Inuit Student Association or an equivalent which according to IP-7 “must be consulted and must endorse any changes considered to this issue’s policy”;
- President Liam Feng failed to follow IP-4, specifically 1-d(iv) by not “Consulting with SFU Disability and Neurodiversity Alliance and the SFSS Accessibility Committee [making changes] to this policy”;

Whereas By-Law 7(8) states “Without limiting the provisions in these By-Laws, Council may pass Regulations further restricting the powers the Executive Committee may exercise in between meetings of Council”.
Be It Resolved to restrict the Executive Committee from bringing motions that amend, suspend, or remove the Issues Policies or any action to the effect thereof;

Be it further Resolved that any motions or actions to the effect thereof which seek to amend, suspend, or remove the Issues Policies must be recommended by both the Equity and Sustainability Committee, and the Governance Committee, before being considered by Council.

Be it finally Resolved to direct the Oversight Committee on Executive Officers to investigate the actions of President Liam Feng for any breaches of By-Law, Policy, or Issues Policy relating to actions taken by the President to remove the Issues Policies.

Be it further resolved that any changes, amendments, suspensions, or removals to the Issues policies first be consulted with CGs and other relevant groups.

Be it further resolved that investigation includes communications between President Liam Feng and the University

CARRIED AS AMENDED
Against (2): VPUAA and SSSS.
Abstentions (1): VP Events.

*The BSU Councillor left the meeting at 7:32 PM

• There is a direct conflict of interest for the president to vote on this motion.
• The President left the meeting at 7:16 PM.
• The SFPIRG Councillor moved to amend the last be it resolved clause and add the below outlined clause as “Be it further resolved that any motions or actions to the effect thereof which seeks to amend, suspend, or remove the Issues Policies must be recommended by both the Equity and Sustainability Committee, the Governance Committee and as well as Constituency and other student groups relating to relevant issues policies before being considered by Council.
Be it further resolved that investigation includes communications between the president and the University to see what collusion took place, if any, for the removal of these policies.

• The SSSS Councillor mentioned that this motion will give a lot of power to a couple of people and it is dangerous.
• The MBB Councillor clarified the SSSS Councillor that the relevant policies have to go through the relevant committees for changes of issues policies and the structure of SFSS – how it is dictating policies and bylaws.
• If anyone would like to bring a change to Issues Policies, they should email the Acting VP Internal and the VP Equity.
• The SFPIRG Councillor retracted their amendment.
• The Acting VP Internal proposed the following amendment “Be it further resolved that any changes, amendments, suspensions, or removals to the Issues policies first be consulted with CGs and other relevant groups.

Be it further resolved that investigation includes communications between President Liam Feng and the University.”

Acting VP Internal / MBB
CARRIED UNANIMOUSLY

10. 30 MINUTES Q&A

• In response to one of the members regarding if the President was forced to bring this up or if there was group who forced them to bring this up, the President mentioned that this is something they brought up. It is just a different of opinion others have. They feel that everyone would have a different opinion to run the society and it is normal.
• They did not expect not only students but also the executive team would come up all together to disagree on this. They respect the fact that everyone cares about something, and they would not like to take away something that the students do not want.
• In response to one of the members regarding why this was done in a rushed way and no consultation was done, the President mentioned that they forgot to formally draft a notice of motion. The second reason was - not talking to the relevant groups that was a tragedy. They thought if they went through all constituency groups it would take a lot of time as they only have 4 months left. And, if they go to talk to everyone, everyone would have a different voice and it can delay the matter.
• The MBB Councillor mentioned that the OCEO would be looking into this and further information would be clear after the OCEO does its investigation.
• In response to the President regarding what the OCEO would be looking at, would they look at the President’s hours in the work report, the MBB Councillor mentioned that they always look at that and they requested them for the November and December work report. Also, they would look into the communications of them and the VPUAA.
• In response to the President regarding what happens if they talked to the VPUAA, the MBB Councillor mentioned that they would request the President to share the conversations and send it over to the OCEO.
• The President mentioned that the conversations were verbal, in response the MBB Councillor mentioned that in that case they would invite the President to the OCEO and interview them.

INTRODUCTION
PURPOSE OF THIS MANUAL

The SFSS Issues Policies shall serve to clarify the stance of the Society on social, political and economic issues relating to student life and post-secondary education that are important to the SFSS membership. The SFSS Issues Policies shall also serve as a resource and a guide to assist in the development of campaigns, stakeholder relations and media strategies employed by the Society.

The SFSS shall limit its Issues Policies to issues directly pertaining to student life and post-secondary education. The issues covered by these policies are developed through member engagement activities.
POLICY REVIEW AND APPROVAL PROCESS

Each policy will be reviewed annually. Where no change is required, the policy will remain in its current state. Where need or opportunities for improvement arise, the policy shall be created, changed, or repealed as outlined in the SFSS Policy Manual.
Preamble
The United Nations 2030 Agenda for Sustainable Development calls for “ensuring universal access to sexual and reproductive health and reproductive rights”. It supports [individuals] in “mak[ing] their own informed decisions regarding sexual relations, contraceptive use and reproductive health care”. These reproductive rights provide individuals with choice. The SFSS is a trans-inclusive organisation thus, this policy does not just apply to cisgender women. This policy uses the term trans-inclusive as an umbrella term to mean inclusive of transgender, non-binary, genderqueer, gender neutral/agender, and gender non-conforming identities and experiences.

The SFSS recognizes that debate, discourse, and access to information about sexual and reproductive health and reproductive rights (including abortion, contraception and pregnancy) is a commonplace – and important – part of campus life. This debate includes individuals who adopt beliefs that are pro-choice and pro-life.

Pro-choice is the view that individuals with reproductive capacity should have the right to make decisions on their own sexual and reproductive health, and advocates for personal autonomy and self-determination over their own bodies.

Pro-life is the view that opposes the practice of abortion and its legality, and advocates for supporting the right to life of a fetus. Some supporters believe there are some cases where abortion should be permitted, while others do not.

Both pro-choice and pro-life are broad viewpoints with no clear definition. Not all prochoice nor all pro-life supporters maintain the same position with respect to access to abortion.
Policy

1. The SFSS supports:
   a. The provision of non-judgemental information on sexual and reproductive health and reproductive rights (including abortion, contraceptives and pregnancy), and support for students, parents and families in making decisions relating to their sexual and reproductive health;
   b. Discourse regarding sexual and reproductive health and reproductive rights, and in particular, that recognizes students’ rights to physical and mental well-being, integrity, dignity, privacy and access to reproductive health services; and
   c. Information to access safe, publicly-funded health services including but not limited to reliable contraceptives, abortion services and family planning information and services.

2. The SFSS opposes:
   a. Campaigns, actions, or lobbying activities (including the posting or distribution of materials) that interfere, intimidate or attempt to intimidate students from making informed decisions about sexual and reproductive health and reproductive rights;
   b. Distribution of disturbing photographs, media or other materials, including materials that cause (or have the potential to cause) mental distress or are intended to shock, disturb or harass students into adopting a particular belief with respect to sexual and reproductive health and reproductive rights (including abortion);
   c. Any policy, rule or law that fails to recognize students’ entitlement to access to health care, including abortion services and contraception;
   d. Harmful medical practices and procedures, such as female genital mutilation and forced sterilization.

3. The SFSS will not recognize as a club or provide any SFSS resources to groups who do not demonstrate their respect and commitment to the principles set out in paragraphs 1 and 2 above. Providing SFSS resources includes but is not limited to funding, facilities booking, staff time, and other organizational or financial resources.

Preamble
Black History Month started as Negro History Week in the United States in 1926, led by the work of African-American scholar Dr. Carter G. Woodson. In Canada, Black History Month was officially recognized by the Canadian House of Commons in 1995. This incredible milestone was spearheaded by the Honourable Jean Augustine, the first Black woman to sit in the House of Commons.

During Black History Month, it is important that the SFSS highlights the many Black achievements outside of trauma and struggle, and also focus on celebrating Black love, art, and joy. Celebrating Black History Month on a national-scale is crucial to fighting Black erasure and anti-Black racism in Canada.

Black erasure is the wide-scale marginalization and indifference of Black people, their history, and contributions across disciplines, rendering Black people invisible in society.

Anti-Black racism is deeply embedded passive or active discrimination specifically directed against Black and African-descent people in relation to their unique history with regard to colonization and enslavement. Anti-Blackness devalues Blackness, while systemically marginalizing Black communities, the issues that affect them, and the institutions created to support them.
The intentionality that the SFSS brings into Black History Month educating people on Black contributions in Canada should set the tone for how to appreciate Blackness all year-round, while recognizing the diversity of the Black community.

The SFSS passed a motion on February 1, 2019 to formally recognize Black History Month at Simon Fraser University. In addition, during June 2020, the SFSS took a stance by standing in solidarity with Black lives. It is important that we continue to tangibly uphold the statements that we made during this time, “working with Black student organizers and allies... holding our University accountable in any efforts for Equity, Diversity, Inclusion and Justice”. In doing so, the Society must celebrate the work and efforts of current Black people and organizations.

Policy

1. The SFSS supports:
   a. Proactively celebrating and supporting Black History Month efforts led by Black students and groups;
   b. Education, awareness, and solidarity with self-liberation efforts of Black and African peoples;
   c. Educators and students embedding Canadian Black history in post-secondary institutions;
   d. Recognizing Black people in areas outside of solely racism and social justice, and celebrating Blackness year-round;
   e. Black student representation and empowerment in student governing positions and continuous efforts for recruitment;
   f. Amplifying of Black student organizers and groups on campus, and amplifying calls for specific protection and supports for Black communities as it relates to policies, practices, programming, and resources within the SFU community; and
   g. The ethical collection of disaggregated race-based data and research that could inform prevention, intervention, and strategies to protect the human rights of Black communities, and support equity initiatives to reduce disproportionate impacts of anti-Black racism.

2. The SFSS opposes:
   a. Efforts to ignore or dismiss Black History Month initiatives or initiatives to support the equity and empowerment of Black communities;
b. The co-opting of Black advocacy initiatives without redress and recognition of the work Black communities have been doing and continue to do; and

c. Efforts to censor Black activism and advocacy, or diminish the role and history of marginalization, slavery, colonialism, and institutional oppression of Black communities.

Preamble
Tuition has become increasingly unaffordable over the past several decades as post-secondary institutions rely more on tuition fees for funding and less on government funding. Tuition costs remain one of the largest barriers for undergraduate students in receiving a post-secondary education.

The Tuition Freeze Now! SFU Tuition Report urges for tuition increases to be mitigated wherever possible by Simon Fraser University (SFU). Since 2000, the largest tuition hikes occurred between 2001/02 and 2004/05, and since the Government of British Columbia implemented a tuition increase limit cap of 2% in 2005, tuition has been consistently increasing by 2% for domestic undergraduate students up to, and including, the 2021/22 University fiscal year.

The SFSS Council passed a motion on October 4, 2019 to formally oppose undergraduate tuition increases and call for a tuition freeze at SFU. In addition, the SFSS Membership passed a motion at the October 26, 2020 Annual General Meeting, where over 600 students gathered to condemn SFU for tuition increases implemented in the 2020-21 academic year. The vote passed with 96% of SFSS Members in favour.

Policy
1. The SFSS supports:
   a. the University implementing a tuition freeze, and subsequently, lowering tuition for students,
   b. more public funding being provided to post-secondary institutions by the Government of British Columbia,
   c. collaborating with Simon Fraser University to lobby the Government of British Columbia for more public funding of post-secondary institutions,
d. implementing a tuition increase limit cap of 2% by the Government of British Columbia for international students,

e. facilitating collective action amongst students in British Columbia and Canada, including petitions, rallies, boycotts, and strikes, and other such actions to advocate for a tuition freeze, and subsequently, lowering tuition for students,

f. the SFSS being provided a budget draft from the University with a minimum of 30 days to review the draft budget and provide feedback.

2. The SFSS opposes:

a. campaigns, lobbying, or activities that advocate for an increase in tuition rates of domestic students,

b. the SFSS and undergraduate students being excluded from the University budget consultation process,

c. the University increasing the tuition rates of international students in order to supplement the cost of tuition rates of domestic students,

d. the privatization of post-secondary education.
Preamble
Disability Justice is a framework created in 2005 by the Disability Justice Collective in response to the exclusion of queer Black, Indigenous and people of colour from the mainstream disability rights movement. Disability justice goes beyond the framework of disability rights, as it recognizes that ableism and other forms of oppression are intertwined. Disability justice outlines ten principles: intersectionality, leadership by those most affected, anti-capitalism, solidarity across different activist causes and movements, recognizing people as whole people, sustainability, solidarity across different disabilities, interdependence, collective access, and collective liberation.

In 2017, the Canadian Survey on Disability showed that 1 in every 5 Canadians aged 15 or older have one or more disabilities. With the impacts of marginalization, climate change and other issues of contemporary life, this number shows no signs of decreasing. It is imperative that the SFSS recognizes that disabled people and people with disabilities are already a crucial part of our institutions, and that it is our responsibility to make sure that they are well-served by those institutions.

Accessibility is only the first step towards true disability justice, but it is a necessary one. All people need accessibility, but there are many people for whom their accessibility is considered by default.

When you have a disability, your accessibility is often unconsidered or treated as an afterthought. Legal requirements are insufficient and ignored, and organizations often fail to take the time necessary to include your needs in their plans.

The SFSS recognizes that accessibility must be a crucial part of their organization. It also recognizes that it cannot be the entirety of their commitment to disability justice and to serving disabled students and students with disabilities.
Definitions

Disability Justice is a framework that recognizes all bodies as unique and essential, that have strengths and needs that must be met. It also recognizes that all bodies are confined by ability, race, gender, sexuality, class, nation state, religion, and more that cannot be separated. Disability justice includes a vision borne out of collective struggle, where disabled people can flourish in a world that values and celebrates them. It involves a commitment to liberation from ableism, as well as liberation from all forms of marginalization. While a disability rights framework focuses on disability and the reduction of ableism, disability justice insists on solidarity with other movements for justice, and centres the interconnected nature of marginalization. Our understanding of disability justice follows ten principles, which can be found here.

Gatekeeping is the ableist belief that without proper diagnosis, documentation, visibility of disability, or experience of disability, one is not disabled or disabled enough for their experience to be recognized as one of a disabled person.

Disability is a broad category of physical, mental, intellectual, sensory and communication needs that interact with barriers to hinder a person’s full and equal participation in society. A disability may be long-term or temporary, and may or may not be easily apparent to others.

Ableism is a form of systemic oppression that places value on people’s bodies and minds based on societally constructed ideas of normalcy, intelligence, excellence and productivity. Ableism is hostile towards people with disabilities, and is deeply rooted in anti-Blackness, eugenics, colonialism and capitalism. You do not have to be disabled to experience ableism.

Access Needs are something a person needs to communicate, learn, and take part in an activity, such as a meeting or an event. Everyone has access needs, which may be met or unmet depending on the situation. An individual may communicate how their access needs can be met either publicly or privately to the Chair of a meeting. The members of a meeting shall do everything in their power to ensure that the access needs of each individual person present at a meeting, whether virtual or in person, are met. Conflicting access needs between multiple individuals will be addressed collaboratively on a case-by-case basis to ensure that all individuals can communicate, learn, and take part in meetings and events.

Accommodations are modifications made to a place, system, or service so that it can be accessed by a person facing barriers. SFSS groups must make themselves available for a person facing barriers to disclose their needs and seek accommodation.

Barrier is anything that prevents a person from fully participating in a particular environment or service because of barriers or structural oppression (ableism, racism, etc.) Barriers can be physical, architectural, communications-based, attitudinal, technological, a policy, or practice.

Intersectionality a lens for examining how different forms of marginalization interact with one another and exacerbate each other. Intersectionality focuses on the experiences of those who are
marginalized by multiple systems of power, and resists the notion that all forms of inequality happen independent of each other. It was coined by Kimberlé Crenshaw as a legal term focused on the experiences of Black women.

**Universal Design** is a design that works for everyone. Includes the expansion of current design parameters to be inclusive of a broader range of users, regardless of their disability, age, size, living situation or identity. 12 Universal design puts the onus on the group offering the service, rather than the person with the disability.

**Person-first language** is language that emphasizes individuality, putting a person before a diagnosis. An example would be “person with a disability.” Some people prefer using person-first language while others prefer identity-first language.

**Identity first language** is language that emphasizes the identity of a person. An example would be “disabled person.” Some people prefer using identity-first language because it subscribes to the social model of disability.

**Social model of disability** is a way of viewing the world that says people are disabled by societal and systemic barriers rather than an individual impairment or difference.

Equitable treatment/equity is fair treatment, access, and opportunity that acknowledges diversity and eliminates barriers that prevent certain groups from being included or being able to participate.

**Diversity** is recognizing that each individual is unique and has differences in their identity. Diversity includes visible and non-visible attributes, including but not limited to: disability, race, culture, gender, age, religion, sexual orientation, socioeconomic status, education level, marital status, language, and physical appearance.

**Inclusion** is the practice or policy of providing access to opportunities and resources for people who may otherwise be excluded or marginalized.

Preamble

A living wage is the minimum required full-time wage that covers living costs including housing, clothing, food, transportation, childcare, medical expenses, and other related costs. A living wage is calculated by examining the costs of basic goods and services and deriving the lowest possible income one could earn to be able to afford those necessities. A living wage is the lowest possible wage that protects the wage-earner from material poverty. It does not cover costs such as home ownership, credit card debt, savings, caring for elderly family members, etc. It is also calculated for a family of 4 with two children renting a 3-bedroom apartment. A living wage varies by location, with various towns and cities having a higher living wage than others. The living wage was set at $19.50/hr for Metro Vancouver in 2019.

Union rights extend to employees being able to form a union and collectively bargain for improved working conditions including better wages, benefits, and workplace safety. Unions can also advocate for larger societal issues including root causes of poverty, policy, and proper funding of social services like healthcare, education, public housing, childcare, and social assistance.

SFSS
The SFSS has been a living wage employer for its Union and administrative staff for well over a decade.

SFU
SFU employs students as co.ops, teaching assistants, research assistants, student temporary staff, and permanent staff. Some of these positions are paid a living wage, some are not, and some are volunteer.
SFU Co-op
Students gain valuable experience and income through the SFU co-op system. However, not all of these positions are paid a living wage. It would be resource-heavy to lobby each company that goes through the SFU co-op system.

Provincial Government
The provincial government is empowered to set the minimum wage for BC.

Policy

The SFSS Supports
1. Students earning a living wage from their employer
2. Undergraduate students earning a living wage from a co-op job
3. Partnering with living wage advocacy groups to help campaign for a living wage for students
4. The SFSS paying its student employees a living wage
5. Working with other pro-union employers, advocates, and organizations to lobby local, provincial, and federal governments for a living wage and improved working conditions for all students and workers
6. Research assistants, teaching assistants, sessionals, and SFU support staff unionizing and collective bargaining for better working conditions
7. Efforts with labour unions and student unions advocating for a living wage and improved working conditions for all students and workers

The SFSS Opposes
1. Unpaid Internships
2. Chronic underfunding of education and social services
3. Underpaid research assistants at SFU

Acknowledgment
The Simon Fraser Student Society (SFSS) wholeheartedly acknowledges that the student union and Simon Fraser University (SFU) are located on the Unceded Traditional Territories of the Coast Salish People(s), including the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish), Sélíwitulh (Tsleil-Waututh), kʷikw̓�̕w̓ł̓əm (Kwikwetlem) and q̓ic̓əy̓ (Katzie) Nations. Unceded means that these territories have never been handed over, sold or given up by these nations, and are currently situated on occupied territories.

In recognition of being on the Unceded Traditional Territories of the Coast Salish People(s), the SFSS acknowledges the importance of carrying out the principles of climate justice in a good and meaningful way by following the lead of Indigenous People(s). The SFSS commits to building relationships with Host Nations, and Indigenous students at SFU and as well as to amplify and support their work. The SFSS also recognizes that environmental and sustainability movements in Canada have been and still are predominantly white and privileged and so the SFSS seeks to amplify and support the work of Indigenous land and water defenders that have been protecting the land since time immemorial.

Preamble
The United Nations’ Intergovernmental Panel on Climate Change (IPCC) Special Report on Global Warming of 1.5 ºC (SR15) calls for “rapid and far-reaching transitions in energy, land, urban and infrastructure (including transport and buildings), and industrial systems” to limit global warming to 1.5 ºC. An increase in global temperature of 2 ºC is predicted to result in catastrophic and irreversible effects such as massive loss in biodiversity and species extinction, more frequent extreme weather events, and major transformation of ecosystems. Additionally, these effects trickles down to our food, water, and health care system that will not just impact everyone globally, but as well as disproportionately impacting Black, Indigenous, and People of
Colour (BIPOC) and marginalized communities that are already experiencing existing inequalities and the on-going effects of climate change. Furthermore, Canada is also warming at twice the rate of global average and is one of the highest per capita emitters of greenhouse gases.

The SFSS represents over 26,000 undergraduate students that make up the majority body of SFU and as the next generation of youths that will be most impacted by climate change, has a responsibility to foster activism, advocacy, and civic engagement that are necessary to address climate change. In order to do so in a meaningful and equitable way, we must approach it through a climate justice lens, in close collaboration with racialized and marginalized groups on campus such as the SFU First Nations, Métis & Inuit Student Association (SFU FNMISA), Students of African and Carribean Ancestry (SOCA), and SFU Disability and Neurodiversity Alliance (DNA), that addresses the root causes of climate change that includes but not limited to the fossil fuel industry, extractivism, racism, capitalism, white supremacy, settler colonialism, policing, ableism and patriarchy. The SFSS has a role to investigate and act on SFU’s entanglement with these dominant systems of power in alignment with the university’s commitment to anti-racism, climate action, decolonization, and reconciliation. Lastly, the SFSS also has the responsibility to hold institutions and all levels of governing bodies on and off campus accountable when it comes to climate action, decolonization, and reconciliation as addressing climate change requires a global and collective effort.

The SFSS passed a motion on October 4th, 2019 recognizing that we are in a climate crisis, commit to reducing our collective carbon footprint on campus, stand in solidarity with students striking for the climate globally while also requesting academic amnesty for students, and call on SFU to divest away from fossil fuels. Additionally, the SFSS has also passed motions on February 5th, June 12th, 2020 and March 12th, 2021 to stand in solidarity with Indigenous land and water defenders that are facing colonial violence for protecting their unceded territory against the Coast Gaslink and Trans Mountain Expansion pipeline that are being built without the free, informed and prior consent of Indigenous Host Nations and communities. SFSS is well positioned to lead the way in creating a culture of civic engagement that supports students, staff and faculty in speaking out for climate justice and engaging in political advocacy.

Definitions
Reconciliation is defined as “establishing and maintaining a mutually respectful relationship between Aboriginal and non-Aboriginal peoples in this country. In order for that to happen, there has to be awareness of the past, acknowledgement of the harm that has been inflicted, atonement for the causes, and action to change behaviour.”

Climate Justice is defined as a concept that frames the issue of climate change as not only a purely environmental issue but also as an ethical, moral, and political issue. It acknowledges that the poorest communities and less-developed countries that contributed the least to climate change will bear the brunt of the effects of climate change. So the richest countries and most privileged communities that contributed the most to climate change have the moral and ethical responsibility to assist and uplift those that are most vulnerable to the effects of climate change.
Settler colonialism is defined as a form of colonization with the goal of removal and erasure of Indigenous People(s) from their land to be replaced by settlers and to profit off the land\textsuperscript{15}.

Patriarchy is defined as a social system in which men hold the majority of power and authority in political leadership, institutions and society, and reproduce the domination and oppression of women.

White supremacy is defined as the belief that white people are superior to Black, Indigenous, and People of Color (BIPOC) and supports the cultural, political and economic domination of BIPOC folks.

Decolonization is defined as “an act of reversing the process of colonization, generally by raising the consciousness or awareness of the oppressive state in which First Nations peoples find themselves”\textsuperscript{16}.

Free, informed and prior consent (FPIC) is defined as ensuring Indigenous People(s) are able to make decisions, freely without coercion or intimidation, based on full information on the scope and impacts of any development or projects on their ancestral lands, prior to the start of the development or project\textsuperscript{17}.

Extractivism is defined as the process of extracting natural resources for short economic profits at the expense and minimal benefit to the communities where the resources are being extracted\textsuperscript{18}.

LandBack is defined as the reclamation and returning of land, language, ceremony, medicine, and kinship to Indigenous People(s)\textsuperscript{19,20,21}.

The Simon Fraser Student Society (SFSS) wholeheartedly acknowledges that the student union and Simon Fraser University (SFU) are located on the Unceded Traditional Territories of the Coast Salish People(s), including the xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh Úxwumixw (Squamish), Sélílwitulh (Tsleil-Waututh), kʷik̓w̓əl̓əm (Kwikwetlem) and qic̓əy̓ (Katzie) Nations. Unceded means that these territories have never been handed over, sold or given up by these nations, and we are currently situated on occupied territories.

Skwxwú7mesh Úxwumixw refers to Burnaby Mountain as Lhukʷlhukʷáyten, ‘where the bark gets peeled’ in spring.” The name is derived from the Skwxwú7mesh Úxwumixw word for arbutus, lhulhuḵw’ay, which comes from lhulh’ (peel), and means “always peeling”.

Indigenous people(s) have occupied these territories since time immemorial. When we recognize place names like Lhukʷlhukʷáyten we are acknowledging the original histories that have been here since time immemorial, prior to the colonization of these spaces we currently have the privilege of being a part of.

Preamble
The SFSS has committed to centering reconciliation efforts into the advocacy work that has occurred and is ongoing. The SFSS is committed to recognizing Indigenous People(s) inherent right(s) and title(s) to the land, as well as the right to self-determination in any capacity. Section 35 of the Constitution Act, 1982 reads:
"The existing aboriginal and treaty rights of the aboriginal peoples of Canada are hereby recognized and affirmed."

The Constitution Act of 1982 supersedes all other laws enforced in Canada. The SFSS upholds, affirms, and recognizes traditional and contemporary forms of Indigenous governance. We recognize that colonial forms of governance have been imposed and do not encompass the entirety of Indigenous ways of knowing and traditional forms of governance and decision making (i.e. through ceremonial practices or protocol). The ongoing harm that has been imposed through assimilation and genocidal practices on Indigenous People(s) has created systemic barriers that are entrenched within our western forms of governance. We acknowledge the complex histories that Indigenous People(s) have with the education system, governmental structures, justice systems, child and welfare, health care system, and other forms of Western structures that continue to contribute to the ongoing injustices.

The SFSS wholeheartedly supports Indigenous Control Over Indigenous Education which was formally outlined in Indian Control of Indian Education: 1972 Policy Paper (ICIE 1972) and amended in 2010 to First Nations Control of First Nations Education (FNCFNE), which was developed and brought forward by The National Indian Brotherhood now known as the Assembly of First Nations (AFN). We acknowledge and support the FNCEFNE since we believe that Indigenous students' experience is unique and there are systemic barriers that are specific to Indigenous People(s) while they are on their academic journey.

The objectives of the FNCFNE outlined are:
- Indigenous People(s) have adequate access to the education system that is rooted in Indigenous knowledge systems (i.e. Indigenous languages, values, & traditional knowledge)
- Federal, provincial, territorial & Indigenous nations must collaboratively work on ensuring that access to culturally relevant education systems is established to support Indigenous learners on their academic journey. This includes and pertains to infrastructure, funding, and accountability.
- Recognition of a fiduciary responsibility to ensure consultations between Indigenous communities and the federal and provincial governments commit to ensuring there are policy structures and strategic planning in place to support and commit to Indigenous folks’ prioritization of education.

The SFSS commits to ensuring that we support and amplify Indigenous Students’ voices as we believe that all students deserve to learn in an environment that does not cause harm. We also believe that reconciliation in an academic setting can not occur unless Indigenous students are supported and centered, this is how we ensure we do work with an open mind and open heart.

The SFSS commits to working towards supporting Indigenous People(s) during and throughout their academic journeys to ensure that reconciliation is prioritized within the student union and is ongoing.

Acknowledgements:

We acknowledge our place, positionality, and privilege while being able to do our work on *Lhukw'lhukw'āyten*. We recognize the importance of ensuring we are recognizing the lands we are uninvited guests on. The SFSS is committed to working on, establishing, and maintaining a relationship with the Host nations, this is and will be critical for any work that happens in the future. We also recognize how important it is to ensure that the work we do is centered on recognizing this in all capacities. The SFSS is committed to acknowledging the lands that are situated on all three campuses. We also understand that Indigenous community members have been and continue to work towards reconciliation and decolonization. It is not our place to co-opt but to ensure that we amplify and are in solidarity with Indigenous folks on all of our campuses.

Anti-Colonialism and Education:

Indigenous People(s) relationship to education and its entirety is complex, the *Indian Act* of 1876 made it attainable to enact forms of genocide and assimilation against Indigenous People(s). The *Indian Act* outlined assimilation practices that legitimized the notion of solving the “Indian Problem”. Under the guise of education, the Canadian government and religious organisations drove assimilation and genocidal practices against Indigenous communities that have created long-lasting impacts. The Indian Residential School (IRS) system attempted to eradicate Indigenous languages, culture, and customs by enforcing westernized views.

“1885 Residential schools were said to be necessary to remove children from their influence of the home as the only way “of advancing the Indian civilization”

(Lawrence Vankoughnet, Deputy Superintendent General, to Prime Minister Macdonald).

Indigenous People(s) today are still living with the intergenerational impacts that the IRS system left. The SFSS is committed to pushing back against colonial practices that still impact Indigenous students in post-secondary institutions and is committed to supporting Indigenous students to learn in a safe and supportive environment within SFU. This reconciliation commitment is also not limited to SFU, we acknowledge we must be in solidarity and recognize the work and commitments that Indigenous students have to finish their academic journeys.

“Postsecondary education is key to unlocking the full potential of Aboriginal British Columbians and their communities, and to British Columbia’s success” (BC Ministry of Advanced Education, 2012, p. 1).

Indigenous Governance and Sovereignty:

Governance and policy have been used as a tool to legitimize the harm that has occurred to Indigenous peoples. There have been countless ways in which Indigenous People(s) have been negatively impacted through colonial decision-making bodies and policies.
The SFSS is committed to recognizing and affirming Indigenous forms of governance and sovereignty. In order to fully commit and practice what true reconciliation is we must ensure that we acknowledge and practice wherever possible these decolonial ways of governance. We understand that western and colonial ways of governance have been imposed on Indigenous communities and that these ways do not and can not encompass true Indigenous forms of governance. We respect and commit to prioritizing traditional protocol and Indigenous ways of knowing in any circumstance possible. The autonomy must be left to the Indigenous communities’ discretion since we believe that Indigenous People(s) understand and know how to best support their community members. That being said, the SFSS has a duty to ensure, within their capacity, that these decision-making capacities exist within respective communities.

We uphold principles that are restorative and reciprocal; these are embedded in the frameworks of Indigenous governance, self-determination, and sovereignty. The relationship to the land, language, and ceremony are all encompassing and are the foundation of Indigenous traditional ways of knowing.

Indigenous People(s) have been the original land protectors since time immemorial across Turtle Island. We believe that every living being has rights and responsibilities to fulfill their duties. The relationships and responsibilities are given context through Potawatomi Ethnobotanist, Plant Ecologist and Professor at SUNY College of Environmental Science, Robin Wall Kimmerer’s book *Braiding Sweetgrass*.

“Corn, beans, and squash are fully domesticated; they rely on us to create the conditions under which they can grow. We too are part of the reciprocity. They can’t meet their responsibilities unless we meet ours.”

Forms of traditional knowledge as shared above encompass our responsibilities to the lands we are on. When we uphold frameworks of Indigenous self-determination, sovereignty, and autonomy, we also address the right to protect the land. We acknowledge that we have a responsibility to be in solidarity with Indigenous communities when we address these issues that have occurred because of colonialism and other forms of systematic oppression. We acknowledge that movements need to be led by Indigenous People(s). We further acknowledge that by being on these territories we have a responsibility to amplify but not co-opt these movements. We affirm that we need to work towards social equity and social justice. Climate crises and environmental genocide disproportionately impact Indigenous People(s) ability to practice and fulfill their rights and responsibilities to the land. There have been various harms caused and that are currently ongoing that directly impact Indigenous People(s). We recognise that through colonial practices such as capitalism and the commodification of the land for resources, there has been the forced dispossession of the land from Indigenous People(s). As a society, we need to redress the harm that has occurred and is ongoing.
Consultation and Commitments:

The SFSS is committed to ensuring that proper consultation processes and protocols are followed with Indigenous community members within the SFU community and community-at-large. This includes but is not limited to ensuring that when we are asking for support from the community to ensure we are following through with reconciliation commitments. We also acknowledge that while we undertake consultation work with Indigenous community members, we must commit to respecting and honoring community members in proper remuneration. Furthermore, we acknowledge the need for consultation to be put in the hands of Indigenous community members, students, and People(s).

The SFSS acknowledges that proper consultation must occur for reconciliation to happen. There have been many occurrences where decisions about Indigenous People(s) have been made on their behalf and with that, we have seen the harm that has occurred from that mindset. Unilateral decision-making when it involves Indigenous community members will not be tolerated, and we will work towards ensuring that Indigenous voices will always be prioritized when it comes to decision-making processes. We are committed to the ongoing work with Indigenous community stakeholders and that moving forward this will always be done in a respectful and timely manner to ensure no harm is caused in the processes.

Reconciliation and Decolonization:

The SFSS recognizes the importance of prioritizing reconciliation efforts not only within the SFSS but holding accountability to the reconciliation efforts that have been called to action at SFU.

The mandate of the Aboriginal Reconciliation Council (ARC) reads:

“To build SFU’s capacity to recruit, educate, and support Aboriginal students to be successful in their programs.”

We acknowledge the problematic tendency that comes with terms such as “reconciliation” and “decolonization.” We are committed to ensuring that this work is transformative, ongoing, and redresses the harms that have occurred against Indigenous People(s) within so-called Canada. Reconciliation should not be composed of empty promises and decolonization should not be seen as a checked box. The SFSS recognizes how important it is to center Indigenous students and community members in the ongoing work to ensure this is done with an open heart and open mind. The complexities of these concepts are much more than statements - they are calls to action. We believe there is a lifetime of learning required to ensure we support our commitments to Indigenous communities.

Celebrating Indigenous Resilience:

We acknowledge that Indigenous People(s) are not static and Indigenous resilience in all its forms should be celebrated and recognized. The ability for Indigenous People(s) and also Indigenous academics to continue their education is such a huge accomplishment in itself. Indigenous communities, teachers, advocates, creators, writers, and families are pushing back against the colonial systems that created these barriers for us to succeed in these spaces.

Justice Murray Sinclair said, “Education got us into this mess, and education will get us out of it.”

Everyday that Indigenous students step foot in a post-secondary institution is a statement against oppression. We commend the sacrifices and efforts that have been made by previous generations of Indigenous academics and staff for our current generation to be here. Indigenous students' voices are central to reconciliation, decolonizing, and Indigenization of these institutions. Reconciliation in an academic setting cannot occur unless you include Indigenous students. It is our job to leave this place better than we left it so we can ensure the next seven generations can have a solid foundation to be successful and learn in an environment that was intended to support and foster their learning.

We acknowledge that there is work that is occurring and the commitments that need to be done. Celebrating Indigenous resilience is key to ensuring we are recognizing the hard work and accomplishments of our Indigenous community members.

Preamble
The SFSS recognizes that varying forms of oppression are connected, and that addressing racism also requires redressing all other forms of oppression and structures rooted in colonialism. Systemic barriers that prevent Black, Indigenous, and People Of Colour (BIPOC) from reaching their full potential within institutions are a direct result of the exclusion of racialized people from the creation and implementation of programs, policies, and practices.

There is a history of marginalization of Black, Indigenous, and People Of Colour (BIPOC) in SFU and SFSS’s decision-making processes, particularly of Black and Indigenous communities despite the fact that they are subject to unique forms of intersecting racism. The SFSS believes in working towards dismantling intersecting forms of systemic oppression, which includes but is not limited to; classism, ableism, capitalism, colonialism, anti-Blackness, misogyny, gender-based violence, xenophobia, Islamophobia, anti-Semitism, homophobia, transphobia, ageism, fatphobia, the various types of racism, etc.

Definitions

BIPOC is defined as Black, Indigenous, People of Colour. This is an acronym that makes the distinction of racialized folks who face disproportionately more barriers than other groups due to intersecting forms of systemic oppression, colonization, racism, capitalism, dispossession etc.

Racism is defined as systemic and individual discrimination through the institutional policies and practices of society that have inherently created disadvantages to Black, Indigenous, and People of Colour. Racialized refers to anyone who experiences racism because of their race, skin colour,
ethnic background, accent or culture. Racism involves groups of power shaping the cultural beliefs and values that support racist policies and practices.

**Anti-racism** is structured around conscious efforts and deliberate actions to provide equitable opportunities for all people on an individual and systemic level.

**Oppression** is defined as when a dominant group, whether knowingly or unknowingly, abuses a marginalized group. This pervasive system is rooted historically and maintained through individual and institutional/systematic discrimination, personal bias, bigotry, and social prejudice, resulting in a condition of privilege for the dominant group at the expense of the marginalized group. Various societal institutions such as culture, government, education, etc. are all complicit in the oppression of marginalized groups while elevating dominant social groups.

**SFSS supports**

1. **In Governance**
   a. The use of Society and University resources to amplify and practically and tangibly support the efforts of Black, Indigenous, and POC students and groups doing anti-racism and anti-oppression work

Definitions
BIPOC is an acronym for Black, Indigenous and People of Colour.

Marginalized Communities includes communities that have historically been marginalized economically, socially, and politically, including, but not limited to, BIPOC, low-income individuals, individuals with low socioeconomic status, immigrants, sex workers, LGBTQIA2S+ communities, youth and the elderly, people with disabilities, individuals with mental health exceptionalities, and individuals with drug addictions.

Abolition of Police advocates for replacing policing with improved systems of public safety - systems that do not disproportionately impact marginalized communities.

Defunding the Police means ceasing investment in public or private money into policing and prison infrastructure.

Transformative Justice is a way of practicing alternative justice that acknowledges individual experiences and identities and works to actively resist the state’s criminal injustice system. Transformative Justice recognizes that oppression is at the root of all forms of harm, abuse and assault. As a practice, it therefore aims to address and confront those oppressions on all levels and treats this concept as an integral part to accountability and healing.

Restorative Justice is a process to involve, to the extent possible, those who have a stake in a specific offense and to collectively identify and address harms, needs and obligations, in order to heal and put things as right as possible.
**Oppression** means when a dominant group, whether knowingly or unknowingly, abuses a marginalized group. This pervasive system is rooted historically and maintained through individual and institutional/systematic discrimination, personal bias, bigotry, and social prejudice, resulting in a condition of privilege for the dominant group at the expense of the marginalized group. Various societal institutions such as culture, government, education, etc. are all complicit in the oppression of marginalized groups while elevating dominant social groups.

**Preamble**

Multiple studies have shown that police presence often leads to harmful consequences for marginalized communities. Police presence in schools lead to higher arrests, particularly among Black and Indigenous students, students of colour, and disabled students. This places additional financial barriers on students and exacerbates health inequalities, contributing to the continued oppression of marginalized groups.

The SFSS recognizes that Black, Indigenous, racialized, and gender-oppressed people, migrants, those living with mental health issues and disabilities, people who use criminalized drugs, and people without housing have experienced disproportionate harm due to policing instead of receiving support. The SFSS also recognizes that the “violent infrastructure of prisons and policing also negatively impacts the land, water, air, and other-than-human beings through environmental degradation, disrupted relations, and capitalist extraction.”

The SFSS stands in solidarity with Black Lives Matter, and with all Black lives that have been touched by state-sanctioned violence at the hands of the criminal justice system, the police, and the Royal Canadian Mounted Police (RCMP). We reject the notion that police violence is unique to the United States, as our Black and Indigenous communities continue to be over-policed and subject to violence at disproportionately high rates in Canada (BC Civil Liberties Association, 2020).

Preamble

Palestinian liberation refers to the effort to overcome Israeli settler colonialism and end the decades-old occupation within Historic Palestine, which includes the ‘48 territories (the present-day State of Israel), the West Bank, and Gaza.

The State of Israel was built through the dispossession and ethnic cleansing of more than 700,000 Palestinians from their homes, villages, and lands. Since 1948, the State of Israel has been occupying and colonizing Palestinian land, discriminating against Palestinians across the entirety of Palestine as well as displacing and denying the right of return to more than 7 million Palestinian refugees across the world. Israeli expulsion and colonialism are at the core of Palestinian experience, especially in reference to Palestinian refugees and the right of return.

Israel enforces its settler-colonial regime of occupation through forced expulsions, disposessions, and ethnic cleansing, activities used to eradicate the Indigenous population. Ethnic cleansing is defined as “rendering an area ethnically homogeneous by using force or intimidation to remove persons of given groups from the area, a purposeful policy designed by one ethnic or religious group to remove by violent and terror-inspiring means the civilian population of another ethnic group from certain geographic areas.” This state of oppression has been reinforced through discriminatory and colonial policies based on ethnic supremacy for Jewish citizens of Israel. Palestinians at home as well as those living in exile in the diaspora as well as their allies are subject to censorship and doxxing (i.e., posting personal dossiers online and adding names to blacklists like the infamous “Canary Mission”), with devastating effects on their careers, education, and livelihoods, when
they attempt to highlight Israeli settler colonialism and Western complicity.

As outlined in the Human Rights Watch report "A Threshold Crossed: Israeli Authorities and the Crimes of Apartheid and Persecution," the B'tselem report "A regime of Jewish supremacy from the Jordan River to the Mediterranean Sea: This is apartheid," and the Amnesty International report “Israel’s Apartheid Against Palestinians: A Cruel System of Domination and a Crime Against Humanity,” the State of Israel is in clear violation of international law in its treatment of Palestinian citizens of Israel as well as those living in occupied territories.

The State of Israel violates international humanitarian law and international human rights law; provisions contained in the Fourth Geneva Convention, the International Covenant on Civil and Political Rights, the International Convention on the Suppression and Punishment of the Crime of Apartheid, the International Convention on the Elimination of All Forms of Racial Discrimination, and the Rome Statute of the International Criminal Court are regularly breached wherever Israeli civil and military institutions exercise their control.

There have been numerous UN resolutions denouncing the creation and ongoing expansion of illegal settlements in Occupied Palestine, but these have been ignored by the State of Israel and its international supporters. Governments around the world refuse to hold Israel accountable for these violations.

Multinational companies and global institutions assist in the Israeli oppression of Palestinians by ignoring these atrocities and continuing business as usual with Israel. Under the Nuremberg Principles I and II, individuals are responsible for adhering to the principles of international law. Guided by Nuremberg Principle VII, the Simon Fraser Student Society sees itself obligated to support the Palestinian pursuit of self-determination and to resist the illegal actions of the State of Israel.

Because International law, governments, and other legal apparatuses have steadfastly refused to pursue justice for Palestinians since 2005 Palestinian civil society has called for its supporters to become active in the grassroots Boycott, Divestment, and Sanctions (BDS) movement as a means of participating in the pursuit of Palestinian liberation.

**Forms of Boycott: Academic, Cultural, and Economic**

- **Academic Boycott:** Palestinian civil society calls for an academic boycott of Israeli academic institutions complicit in the oppression of Palestinians. Refusing to normalize oppression, many academic associations, student governments, and unions, as well as thousands of international academics, have come out in support of the academic boycott of Israel. In North American campuses, this has taken the form of ending ties with university “Go Global” programs at Tel Aviv or Haifa University.

- **Cultural Boycott:** Israel uses culture as a form of propaganda to whitewash its occupation, settler-colonialism, and the system of apartheid rule over Palestinians. Just as South African anti-apartheid activists called on international artists, writers, and cultural institutions to culturally boycott South Africa, the Palestinian Campaign for the Academic and Cultural Boycott of Israel (PACBI) urges international cultural workers and cultural organizations, including unions and associations, to
boycott and/or work towards the cancellation of events, activities, agreements, or projects involving Israel, its lobby groups, or its cultural institutions. International venues and festivals are asked to reject funding and any form of sponsorship from the Israeli government. Thousands of artists across the world have refused to perform in Israel, including Roger Waters and Lauryn Hill.

- **Economic Boycott:** International companies aid and abet Israel’s violations of international law, by operating in Israeli settlements and acting as contractors for the Israeli military and government. BDS-based campaigning has led to major companies such as Veolia and Orange selling their Israeli holdings and leaving Israel. A range of investors have divested from Israeli and international companies linked to illegal Israeli settlements, including 112 named by the UN. Both the UN and the World Bank have declared that BDS is having an important economic impact on Israel.

A cultural, academic, or economic boycott does not target anyone based on anything other than being complicit in the oppression of Palestinians. It targets institutions, their partners, and representatives based on their complicity in Israel’s violations of international law, and who are clearly implicated, through their silence or active participation, in supporting, justifying, and whitewashing Israel’s occupation and systematic denial of Palestinian lands, dignity and rights.

**Divestment:** To divest is to withdraw funds. International companies such as G4S and HP profit from helping Israel maintain its system of settler colonialism. Divestment campaigns have focused on these and others to put pressure on them to end their complicity with Israeli’s oppression of Palestinians.

**Sanctions:** Sanctions are defined in international law as measures of states against another state which contradict the principle of peaceful cooperation. Sanctions were the final blow to the apartheid regime in South Africa. The BDS movement has called for governments to sanction Israel. Some governments have responded by mounting military embargoes, ending economic links, and cutting diplomatic ties. Sanctions can also include ending all trade with Israeli settlements and the suspension of free trade and other bilateral agreements with Israel.

The BDS movement is built on three demands:
1) Ending Israeli occupation and colonization of all Arab lands and dismantling the Wall;
2) Recognizing the fundamental rights of the Arab-Palestinian citizens of Israel to full equality;
3) Respecting, protecting, and promoting the rights of Palestinian refugees to return to their homes and properties as stipulated in UN resolution 194.

The Palestinian Liberation Issues Policy provides an opportunity for the SFU community to follow in the footsteps of other leading Canadian academic institutions where their community has supported divestment. In February 2022, the University of Toronto Student Union passed a motion mandating that it divest from “all firms complicit in the occupation of Palestinian Territory.” Two universities in Montreal embraced a similar approach: a 71% majority of the McGill undergraduate student body voted in favor of a Palestine Solidarity Policy. Concordia University’s Student Union has also passed a motion condemning Israeli Apartheid. Additionally, UBC’s student union, the AMS, voted in March 2022 to call for UBC to divest itself of holdings in 9 arms manufacturing companies that aid in Israel’s oppression of Palestinians and to condemn Israeli apartheid as well as the Israeli occupation of Palestine.
Definitions

Zionism: Zionism is a colonial ideology that calls for establishing a Jewish nation-state in Palestine having a Jewish majority and institutionalizing Jewish privilege in Israel. In Palestine, this necessitated first the ethnic cleansing of the Indigenous population during the 1948 Nakba and subsequently maintaining an apartheid regime. There were few Zionists present in Palestine before the 20th century; creating a Jewish state necessitated the expulsion of the Palestinians and the creation of an apartheid state. Read more (Note: This article outlines an answer to the myth of Zionism not being a colonialist venture).

Anti-Zionism: Opposition to the establishment and maintenance of a state rooted in Jewish supremacy and colonization of Palestinian land and sustained through home demolitions, checkpoints, imprisonment, segregation, ID system, and overall subjugation of Palestinian life and dignity. Anti-Zionism fits into a wider anti-colonial framework globally, including within Turtle Island.

Anti-Palestinian racism: The Arab Canadian Lawyers Association defines anti-Palestinian racism as “racism involving attacking, smearing, silencing or stereotyping of Palestinians. This racism can be implicit, overt, or systemic and can be perpetrated against Palestinians and non-Palestinians. Anti-Palestinian racism takes various forms, including: violence or the justification of violence against Palestinian lands, property, or persons; failing to acknowledge Palestinians as a people with a collective identity, belonging, and rights in relation to occupied and historic Palestine; excluding or pressuring organizations, governments or individuals to exclude Palestinians or Palestinian perspectives; denying or causing to be denied the human rights and equal dignity and worth of Palestinians; and smearing Palestinians with tropes such as being antisemitic, terrorist sympathizers, or opposed to shared national/democratic values. This also includes denial of the 1948 Nakba and enforcing the Palestinian exception to progressive politics.” Read more here.

Anti-Semitism: Anti-Semitism is racism, hostility, prejudice, vilification, discrimination, or violence, including hate crimes, directed against Jewish people, as individuals, groups, or as a collective, because they are Jewish. Its expression includes attributing to Jewish people, as a group, characteristics or behaviours that are perceived as dangerous, harmful, frightening, or threatening to non-Jewish people. Anti-Semitism should be considered as abhorrent as other forms of racism and discrimination. Unfortunately, defenders of Israel are promoting the International Holocaust Remembrance Alliance (IHRA) definition of anti-Semitism, which is designed to stifle criticism of Israel and of Zionism by wrongly equating it with anti-Semitism. Read more at www.noihra.ca.

The Boycott, Disinvestment, and Sanctions (BDS) movement: a non-violent movement formed in 2005 by more than 170 Palestinian non-governmental organizations, unions, and civil society groups aimed to campaign for and protect the rights of Palestinians through the application of international pressure on Israel to compel it to comply with international law.

Preamble

The SFU Bookstore reports that students spend hundreds of dollars a year on course materials on top of the ever-increasing cost of tuition. In 2019 and 2020, students spent on average $244.17 and $100.00 per semester on course materials, respectively. The SFU Bookstore only records course materials sold through the Bookstore — this does not include expenses from quiz and assignment software.

SFU instructors can help eliminate barriers to education by switching from expensive commercial textbooks to Open Educational Resources (OER). OER refers to openly licensed and freely available textbooks, readings, multi-media files, software, games, assessment tools, and even entire courses. OER are listed under the public domain free from copyright restrictions and can be shared, remixed, and used for commercial and non-commercial purposes. OER enables instructors to customize course material to be specific to their course and what they intend to teach.

Since 2016, faculty-led OER projects funded by the SFU OER Grants Program have saved students over $1 million. BCcampus reports that open textbook adoptions in British Columbia alone have saved students over $20 million since 2012. In addition to reducing the financial burden of university expenses, OER are proven to improve student engagement and learning achievement.

IP-12: ACCESSIBLE AND EQUITABLE EVENTS

POLICY TYPE: ISSUES POLICY

POLICY TITLE: Accessible and Equitable Events Issues Policy

POLICY REFERENCE NUMBER: IP-12

Adopted: April 27, 2022
Next Scheduled Revision: April 2024
Previous Revisions: April 2023

Preamble

The accessibility and equitability of events determines whether an event is safe for members of marginalized communities to attend. Without accessibility, the event excludes and prevents the participation of Disabled members, as well as any members whose accessibility needs may not be met. Similarly, without equitability the event creates an environment which excludes members of marginalized communities out of concerns for their safety. Regardless of their content, events should be as accessible and equitable as possible. There should be attention paid and processes followed to ensure that events, the content of events and the participants of said events are safer. Events should produce safer environments, where joy, celebration, criticism, knowledge, and discomfort can be shared. It is important to note, however, while criticism and discomfort can be productive, harm is destructive.

Accessibility and equity are processes and not checklists. They must be considered prior to the event, during the event and after the event, and involve ongoing dialogue and collaboration with marginalized communities. This is critical as accessibility and equity oppose the oppression that marginalized communities face, which is also an ongoing process of the use of power to disempower, marginalize, silence or otherwise subordinate one group to further privilege the oppressor. To effectively implement anti-oppression efforts, one must continuously fight to challenge the systems of oppression and to equalize the power imbalances in our communities.

An example of an anti-oppression framework is disability justice, where the ten principles of disability justice are intersectionality, leadership of those most impacted, anti-capitalistic politic, commitment to cross-movement organizing, recognizing wholeness, sustainability, commitment to cross-disability solidarity, interdependence, collective access, and collective liberation. Intersectionality is of particular importance to ensuring that accessibility is not just defined by disability, but an active process that prioritizes collective access and liberation for all.

Definitions
Ableism is “a form of systemic oppression that places value on people’s bodies and minds based on societally constructed ideas of normalcy, intelligence, excellence and productivity. Ableism is hostile towards people with Disabilities, and is deeply rooted in anti-Blackness, eugenics, colonialism and capitalism. You do not have to be Disabled to experience ableism.”

Access/Accessibility is when a service, device, or space can be used by everyone. This includes everyone being able to acquire the same information, engage in the same interactions, and have the same opportunities, with the same effectiveness, integration, and ease of use.

Barriers are anything that prevent a person from fully and comfortably participating in an environment because their needs are not being met. Barriers can be physical, cognitive, sensory, architectural, communications-based, attitudinal, technological, a policy or practice. Barriers are often more common or severe for those who are Disabled or otherwise marginalized due to the influence of structural oppression (such as ableism, racism, classism, misogyny, homophobia/homomisia, transphobia/transmisia, colonialism, etc.)

Collective access is “access that we intentionally create collectively, instead of individually.” Since often the onus to create access is placed on the individual who needs it, collective access requires a commitment from everyone to create access for all.

Disability justice is a “multi-issue political understanding of disability and ableism, moving away from a rights-based equality model and beyond just access, to a framework that centers justice and wholeness for all disabled people and communities.” It was coined in 2005 by Black, brown, queer, and trans members of the Disability Justice Collective, including Patty Berne, Leroy Moore, Mia Mingus, Eli Clare, and Sebastian Margaret.

Disabled is a political identity claimed by many people who are barred from full and equal participation in society due to physical, mental, intellectual, sensory and communication barriers. The Disabled identity is often used to oppose the idea that something is inherently “wrong” with Disabled people’s bodies and minds, and to instead indicate that it is society which disables people who fall outside its socially-constructed idea of normalcy. Those who are Disabled may only be disabled temporarily, or may be disabled long-term. They also may or may not be disabled in a way that is easily apparent to others.

Equity is fair and just treatment, access, and opportunity that acknowledges diversity and eliminates barriers that prevent certain groups from being included or being able to participate.

Marginalization is the treatment of a person, group, or concept as insignificant and/or less than.

Wheelchair accessible is any space which provides thirty-six-inch throughways and sixty-by-sixty inch turning radiuses for wheelchairs, as well as a lack of stairs or other obstacles that could obstruct the path of a person using a wheelchair.

SFSS Motion for Submission - SFSS Calls for a Permanent Ceasefire and Defends Palestinian Liberation Solidary at SFU:

Whereas in 1948, the current state of Israel was established through the expulsion of a majority of the Indigenous Palestinian population, turning them into refugees who decades later still cannot exercise their fundamental right to return as stipulated in UN General Assembly resolution 194;

Whereas since 1967, Israel has occupied and colonized the West Bank, Gaza, and East Jerusalem, building illegal Jewish-only settlements – which the UN has called a “flagrant” violation of international law – as well as an 8-metre segregation wall – condemned by the International Court of Justice;

Whereas Israel is currently conducting a ruthless bombing campaign and genocide killing at least an estimated 20,000 Palestinians and displacing over 2 million people multiple times to date since October 7, 2023 in Gaza and the West Bank, similar to the 2014 and 2021 bombing campaigns on Gaza in which so many Palestinian civilians were killed by the Israeli military;

Whereas Israel continues to suppress and enact violence and occupation across Palestine, allowing the proliferation of illegal settlements in the West Bank and East Jerusalem, as well as continuing a current siege and military blockade of Gaza, controlling Gaza's air, land and sea ports;

Whereas on July 9, 2005, 171 Palestinian civil society organizations called upon people of conscience around the world to implement a global campaign of boycott, divestment and sanctions (BDS) against Israel, similar to those applied to South Africa in the apartheid era;

Whereas the SFSS Council Passed a Motion opposing the Colonization of Palestine in May 2021 which called for the end to the Occupation and established a working group to draft and formulate SFSS’ support for Palestine through a SFSS Palestine Liberation Issues Policies;

Whereas the SFSS Free Palestine Working Group and various additional groups endorsed the Palestinian Liberation Issues Policy, namely, SFU Student for Justice in Palestine (SJP), UBC Solidarity for Palestinian Human Rights (SPHR), the Palestinian Youth Movement Vancouver (PYM), BDS Vancouver – Coast Salish, SFU Arab Student Association (ASA), SFU Migrants Students United (MSU), SFU International Student Advocates (ISA), SFU First Nations, Métis & Inuit Student Association (FNMISA), SFU Students of Caribbean & African Ancestry (SOCA), SFU Disability and Neurodiversity Alliance (DNA), The Simon Fraser Public Interest Research Group (SFPIRG), SFU Radical Individual’s for Solidarity and Equity (RISE), SFU International Studies Student Association (ISSA), SFU 350, Anti-Racism Coalition Vancouver (ARC), Canadian Voices Against Racism (CVAR), and The Caucus among many others;

Whereas all departmental student unions, faculty student unions, constituency groups and affiliated groups as part of the SFSS Council that were present on April 20, 2022, unanimously voted in favour and passed the Palestinian Liberation Policy which outlined SFSS support for Palestine after widespread membership support for and multiple groups endorsing;
Whereas the SFSS constitution outlines the purpose of the society to coordinate and promote all undergraduate student activities, of, by, and for the undergraduate students of Simon Fraser University, to promote, among other goals democratically determined by the Society, the principles of public, universally accessible, high-quality post-secondary education, and of meaningful undergraduate student participation in all aspects of University governance, and to facilitate collective action by undergraduate students at Simon Fraser University, within the Province of British Columbia, and elsewhere in support of these principles, in a manner that is reflective of the anti-oppressive mandate of the SFSS as outlined in SFSS Bylaw 6(16);

Whereas the student movement has historically been a driving force in advocating for social justice and change, actively participating in and supporting various movements, from opposing the Vietnam War, championing the Black Power movement in the 60s, aligning with labour rights movements, endorsing movements including Idle No More, and opposing apartheid in South Africa up until the 1990s, illustrating our unwavering commitment to societal progress, justice, and equity;

Whereas the SFSS has supported and empowered marginalized students, actively participating in past student movements such as the Tuition Action against government defunding of public education and campaigns for divestment, sanctions, and boycotts against apartheid South Africa, leading to the establishment of the Issues Policies that protect and clarify the society's stances on crucial matters, including Reproductive Rights, Black History Month, Accessibility, Living Wage, Tuition Affordability, Climate Justice, Indigenous Inclusion and Reconciliation, Disability Justice, Anti-Racism, Policing and Militarization, Palestinian Liberation and an ongoing commitment to further causes, in furtherance of Bylaw 6(16) which outlines that all activities and endorsements of the Council reflect the anti-oppressive mandate of the Society;

Whereas the SFSS is yet to make a statement, take action or support student advocacy on campus in the face of the recent bombing campaign, complete siege, and genocide in Gaza to align itself with the SFSS Issues Policies which states the society supports such actions,

Be it further resolved that the SFSS Council call for a permanent ceasefire in Palestine, the end to the siege and genocide in Gaza, and for an end to the Israeli occupation in occupied Palestinian territories, and reaffirm its support for the current Palestinian Liberation Issues Policy previously passed by Council;

Be it further resolved that the SFSS Council call upon the Canadian Government to put all the resources at their disposal to ensure a permanent ceasefire;

Be it further resolved that the SFSS Council announce the passing of this motion and outline the previous motions passed with the resources in the Background as outlined;

Be it further resolved that the SFSS Council endorse the SFU Students for Justice in Palestine open letter to SFU, currently signed and endorsed by multiple groups including: the SFU Graduate Student Society, Teaching Support Staff Union (TSSU), Palestinian Youth Movement (PYM), Independent Jewish Voices Youth Bloc, United in Struggle, Simon Fraser Public Interest
Research Group (SFPIRG), SFU Disability & Neurodiversity Alliance, SFU Ukrainian Students Society, SFU Students of Caribbean and African Ancestry (SOCA), Psychology Student Union (PSU), SFU Music + Sound Student Union, Sociology and Anthropology Graduate Student Association, The Peak Publications Society, Muslim Students Association (MSA), Arab Students Association (ASA), SFU350, Bangladesh Student Alliance (BSA), Undergraduate Student Solidarity (USS), Migrant Students United at SFU, SFU Slam Poetry Club, Ambedkar Reading Group, United Migrant Front, Roots on the Roof, Sustainabiliteens, Thaqalyn Muslim Association (TMA), and counting;

Be it further resolved that the SFSS Council put to the next referenda to adopt at Membership level by referenda, the current Palestinian Liberation Issues Policy previously passed by Council in 2022 as attached, to be voted on by Membership via a vote at referendum, with the submitter of this motion submitting the referendum question, and the question be outlined to membership as follows:

"Whereas an Issues Policies may be adopted by Membership at the Membership level and if passed can only then afterwards be repealed at the Membership level, as per bylaw 6(11);

Whereas non-passage of an Issues Policies by referenda would mean the Policy will continue to be an Issues Policies at the SFSS Council level;

Whereas the SFSS Council previously unanimously passed the SFSS Palestinian Liberation Issues Policy in solidarity with the Palestinian people after the previous bombardment of Gaza in 2021, and now there is a continuing genocide and siege on Gaza since October 7, 2023, resulting in the death of an estimated 20,000 Palestinians and further displacement of 2 million people;

Whereas the people of Palestine continue to face occupation and blockade by the current State of Israel and the Palestinian Liberation Issues Policy was adopted to be in solidarity with the Palestinian people and passed unanimously,

Be it resolved that the SFSS Membership adopt the SFSS Palestinian Liberation Issues Policy at the Membership level, as permitted by SFSS Bylaw 6(11)"

Be it further resolved that the referendum question is accompanied with the following references as background to be accompanied with the motion for referenda:
1) the actual Palestine Liberation Issues policy itself as attached
2) original motion submitted during the original passage of the policy,
3) the SFSS Council statement after SFSS Council passed the policy
BACKGROUND:

On April 20, 2022, the Simon Fraser Student Society voted to adopt a policy on Palestinian liberation. Issues Policies guide our student union’s approach to social justice when it comes to financial, socio-political, and academic advocacy relating to student life and post-secondary education that impact undergraduate students as allowed by the SFSS Bylaws. Many Palestinians on campus have for years pushed for the SFU community to establish solidarity and stand with the Palestinian people.

Establishing this Palestine Liberation Issues Policy systemically enables undergrads to advocate for the Palestinian and anti-Zionist cause at SFU, as well as lobby the Canadian government using SFSS funding, resources, physical support for rallies, etc. On April 20, 2022, the Simon Fraser Student Society voted to adopt a policy on Palestinian Liberation and did so unanimously after endorsements from many groups.

Amidst the bombardment in Gaza currently where over 20,000 Palestinians have been killed and there a petition is ongoing that calls on SFU to end its silence on the ongoing actions of Israel against the Palestinians in Gaza, it is unfortunate the timing of which a motion to repeal the policy is brought. The SFSS should instead be pushing, as a student union calling for a permanent ceasefire, the protection and safeguarding of freedom of expression and academic freedom to criticize the State of Israel, the immediate divestment of war contractors and complicit institutions funding and supporting genocide, and the immediate establishment of mental health supports and academic concessions for Palestinian, Arab, Muslim, and Jewish students due to the distress the siege and occupation of Palestine is causing, as all called for by the Students for Justice in Palestine Open Letter to SFU President Joy Johnson and Board Chair Angie Lamarsh.

It is not divisive to stand up for human rights, it is JUST and a unifying force behind all humans of conscience and it is important the SFSS continues to be in solidarity with Indigenous and marginalized people everywhere.

The SFSS Bylaws allow the establishment of Issues Policies and the SFSS should:
1. strike the motion to repeal the Palestinian Liberation Issues Policy and all other Issues Policies, and instead,
2. pass this policy to call for a Permanent Ceasefire and Defend Palestine Liberation Solidarity at SFU.
