6. NEW BUSINESS
6.1 Executive Officer Signing Authority Change Over – MOTION COUNCIL 2023-01-11:04
SUBMITTED BY: Acting VP Finance and Services
/Vaibhav

Whereas multiple Executive Committee changes have left the Society with one Executive Committee signing officer – the President;

Whereas this has resulted in delays in processing Cheque signing as Management Staff have to be signing more cheques than normal;
Whereas the Acting VP Finance and Services has encountered issues in cheque reimbursement processing due to lack of their signing authority;

Whereas Bylaw 7(12)(p) stipulates that the VP Finance is a signing authority of the Society;

Be it resolved that Council grant signing authority to Acting VP Finance and Services until the end of their term in their role as Acting VP Finance and Services;

Be it further resolved that Council task the President and Acting VP Finance and Services carry out this change with our banking partners and any other organization we have a signing authority registration(s) with.

**CARRIED UNANIMOUSLY**

- As there has been significate change to the Executive composition, the President, Abhishek, is the only non-staff signing authority; this has led to backlog of cheque signing and as such, payments.

- After discussion with Staff, it was determined that Rastko, the acting VP Finance and Services, should be given signing authority, to align with Policy, to improve efficiency and sign the backlog of cheques.

- Due to the cost associated with the adding a signing authority, the other Acting Executives will not be given signing authority.

7. **PRESENTATION**

7.1 **SFSS Federal Lobbying 2023**

**SUBMITTED BY:** VP External and Community Affairs “Eshana Baran”

**PRESENTED BY:** VP External and Community Affairs “Eshana Baran” and Bord Organizer “Ella Droko”

- Through lobbying, the SFSS advocates for SFU’s 27,000 undergraduate students.

- Three types of lobbying:
  - Direct Action
  - Grassroots Lobbying
  - Legislative lobbying

- The difference between Provincial and Federal legislative lobbying.
  - Provincial lobbying refers to lobbying with folks in the Provincial government. In the past, the SFSS has lobbied the Provincial government on concerns regarding the TMX pipeline or healthcare needs for International Students.
Federal lobbying refers to lobbying with folks in the Federal government. In the past, the SFSS along with the BC Federation of Students have successfully lobbied for the elimination of interest on federal student loans.

- In February, the SFSS will be lobbying federally for four main asks:
  - Concrete plants to address inflation and improve student affordability
  - Increase finance support for International students and students with families
    - Current policies are not inclusive to International students’ needs and their unique challenges.
  - Freeze tuition in order to support student affordability
  - Address food insecurity on Canadian campuses

- These asks will be addressed and raised through meetings with MPs.
  - Staff members have reached out to multiple MPs across all political parties and have confirmed two meetings with federal MPs, however, we are waiting to hear back regarding more meetings. These meetings will be in-person or virtually, mainly occurring in Ottawa.

- Timeline: February 13-16th
  - February 13th: Fly to Ottawa and meet with Indigenous community members
  - February 14th: Connect with Canadian Federation of Students
    - To build a relationship in order to lobby together in the future or work on campaigns together
  - February 15th: Meet with MPs
  - February 16th: Meet with MPs
  - February 17th: Fly to Vancouver

- The VP External and Community Affairs, Eshana, the President, Abhishek, the Board Organizer, Ella, the Campaigns Coordinator, Beaty, and one Councillor, to be appointed during Motion XXX, will be going to Ottawa to lobby federally.
  - The fees associated with this trip are coming from the ECA budget.

- To allow input from Membership, students can submit issues they are wanting to raise with government through a survey distributed by the Admin Coordinator.

- Emilio brought up concerns regarding the ask of ‘tuition freezing’ as the cost associated with universities are increasing, and therefore, those funds are needed. Instead, Emilio suggested to ask about keeping the initiative of ‘double grant funding’ available that was implemented during COVID. These extra grants will be ending in July 2023 and many students rely on this extra funding. Emilio has also had experience lobbying before and
is an available to answer questions.
  - Eshana is keen to bring this forward as an ask.

- Abhishek, as president, is happy to write a letter stating a councillor is to be excused from academic obligations in order to lobby. However, it’s up to each professor individual as to whether they would allow the student to be excused.

*Excludes Accessibility Committee Grant Funding

**DISCLAIMER:** The SFSS and the SFSS Coordinators reserve the right to change, delete, or otherwise modify the information which is represented in this guideline at any time. These guidelines do not represent guaranteed approval amounts.
GENERAL FUNDING POLICIES

Submission Deadlines

Grants must be submitted at least 10 business days before the date of the event/project if the amount requested is under **$1500** (not including the date of submission).

Grants must be submitted at least 20 business days before the date of the event/project if the amount requested is **$1500 to $4999** (not including the date of submission).

Grants must be submitted at least 40 business days before the date of the event/project if the amount requested is **$5000 and over** (not including the date of submission).

Changes to Grants

Revisions can be made to a grant request by emailing a Member Services Coordinator with the requested changes.

Member Services Coordinators should be notified if there are changes to the event location, the date and time of the event, the types of items being requested, the quantity of items, dollar amounts requested, number of attendees, and the revenue reported.

If the nature of the event/project changes entirely, the grant will be rejected/revoked, or changed back to “draft” status and groups must submit a new request within the appropriate deadlines.

Changes to the amount of funding will not be permitted after the grant has been approved.

Grants for External Projects/Events

For events with external guests, only costs associated with external guests who provide services directly related to the event will be covered (e.g. guest speakers, judges).

Costs for external attendees will not be covered (e.g. students from other schools, other members of the public who are not SFU students).

Projects that do not directly engage SFU students (e.g. care packages for charities, events geared toward high school students/children, etc.) will receive limited funding and grants will be decided on a case by case basis.

Alcohol and Drugs

No SFSS funding can be used for the purchase of alcohol and/or any controlled substance(s).

DISCLAIMER: The SFSS and the SFSS Coordinators reserve the right to change, delete, or otherwise modify the information which is represented in this guideline at any time. These guidelines do not represent guaranteed approval amounts.
Lost, Stolen, or Damaged Items

The SFSS will not be held liable for items purchased with funds from an approved grant if they are lost, stolen, or damaged. Groups must pay out of pocket for replacements.

Conflict of Interest

A conflict of interest exists where a club or student union executive directly benefits or profits from decisions made in their role as executive. Conflicts of interest may also arise when the benefit is being given to executives of other clubs and student unions, SFSS Board Members, or Council Members. SFSS executives should not personally benefit directly from SFSS funding. Where there is a conflict of interest, funds will not be approved; this applies to but is not limited to honorariums, speaker gifts, and prizes. Group trust account funds or personal funds can be used.

Constraints on Approval

Grants will not be approved until the room booking for the event venue is confirmed, if the venue is on SFU campuses. If contracts need to be signed for off-campus event venues, this should be provided to the SFSS for review and approval prior to the submission of a grant. Club and Student Union Executives have no signing authority.

Grants will not be approved for events or projects that have already taken place before the grant is approved. Retroactive expenses will not be reimbursed. Funds will only be reimbursed for expenses incurred after the grant is approved.

Grant funding for SFU services and related fees (e.g. catering, AV, Facilities, venue costs) will only be approved if the venue was booked through the SFSS. If groups are booking rooms and spaces through a different SFU department, they will have to fund these costs themselves; SFSS will only fund non-SFU related expenses in this case.

SFSS Community & Inclusivity

Grant applications must demonstrate a link to the SFSS Mission: "To improve the health and wellbeing, academic conditions, social experience, and financial conditions of its members". Events and projects must be open to all SFSS members. Applications must be complete or they may not be considered.

Events and projects must align with the SFSS Issues Policies.
Revenue

If the event/project is generating revenue, it cannot benefit a private group or individual. This means that the funds cannot be used for something or someone that does not benefit the group members — it cannot be for your own business or personal profit. The entire estimated revenue amount must be reported in the “Budget” section of the grant form, and any remaining revenue should be deposited into the group Trust Account or reported to the Coordinators and deposited into the group’s external bank account after the event is over. Executives members should not be placing group funds into their own personal bank accounts. SFSS funds should always be placed in the group’s Trust Account provided by the SFSS or the group’s external bank account.

Funding Vs. Orders

Grants are not a means for submitting actual orders - they are just a means of getting funding approved. This means that if you request funding for AV equipment and venue costs in the grant, additional steps will have to be taken to request the AV equipment or the venue itself. Grant approval means that funding for the event has been approved, but does NOT mean that your orders have been submitted or confirmed. Those orders must be submitted to the SFSS Student Centre within the appropriate deadlines.

Annual Funding Limits & Fiscal Year

The SFSS fiscal (financial) year runs from May 1 until April 30 of the following year. Funds that are approved on an annual basis are approved for a fiscal year, not a calendar year.

E.g. If a group received the maximum funding for t-shirts for the fiscal year, they would not be approved for funding for t-shirts again until the next fiscal year starts on May 1, not on January 1.

Reimbursement

In order to be reimbursed from SFSS funds, groups must submit the required Cheque Requisition form, along with itemized, original receipts (no photos or scanned copies), and any additional paperwork required by the SFSS Student Centre.

The forms and receipts must be submitted no later than 60 days after the date of the event.

Insufficient Funding

If a group incurs event charges from SFU MECS that exceeds the amount of grant funding approved and the balance of their other funds (Resource Funding, Petty Cash, or Core), the outstanding charges will be deducted from their Trust Account. If the Trust Account does not have sufficient funds to cover the costs, the group will be asked to make a deposit into the account to offset the negative balance.

DISCLAIMER: The SFSS and the SFSS Coordinators reserve the right to change, delete, or otherwise modify the information which is represented in this guideline at any time. These guidelines do not represent guaranteed approval amounts.
POLICIES FOR STUDENT UNIONS ONLY

Grant applications under $100 will not be approved and must be paid from Core.

Core contribution of 10% of the grant amount is required from larger SUs and CGs, 5% from smaller DSUs.

SFSS FEDERAL LOBBYING REPORT

The Simon Fraser Student Society (SFSS) wholeheartedly acknowledges that the student union and Simon Fraser University (SFU) are located on the Unceded Traditional Territories of the Coast Salish People(s), including the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumíxw (Squamish), Sel̓íl̓witulh (Tsleil-Waututh), kʷikʷəƛ̓əm (Kwikwetlem) and q̓icə̓y̓ (Katzie) Nations. Unceded means that these territories have never been handed over, sold or given up by these nations, and we are currently situated on occupied territories.

ISSUE

The policy-making process is not always inclusive, and powerful groups and stakeholders may have disproportionate influence, leading to policies that negatively impact vulnerable groups. Moreover, politicians may not always be attuned to or have insight into the lived experiences of certain groups, such as students. Lobbying allows groups such as the Simon Fraser Student Society (SFSS) to influence public policy, bring forward important insights and data about the experiences of students, and create more informed and inclusive policies. The SFSS engages in lobbying at all levels of government to ensure that the needs of our membership are brought to the attention of public officials and politicians, with the goal of persuading them to create policies that better address the needs of our membership.

BACKGROUND

Since 2010, the SFSS has engaged in various lobbying methods, including:

1. Lobbying carried out through direct communication between the Society, federal officials and university administration,
2. Collaboration with other student unions and organizations,
3. Participating in established government advisory and expert groups and parliamentary inter-groups,
4. Using traditional and social media to shape policy debates and influence decision-making;

CURRENT STATUS

Lobbying activities by the Society have yielded great success at multiple levels. Some results include: the successful push for a nationwide ban on the use of single-use plastic, resulting in the passing of a bylaw by the Vancouver City Council banning plastic straws, single-use beverage cups,
single-use utensils, and shopping bags; and successfully lobbying for economic relief to students and recent graduates during the COVID-19 pandemic (CESB).\(^1\)

The following campaigns are ongoing with the hope of successful lobbying at the federal level:

- **Tuition Hikes**: despite the fact that most students had to transition to online learning during the COVID pandemic, leave on-campus housing, and face precarious employment opportunities (both on and off campus), the cost of tuition has continually risen. We are advocating to the federal government to increase funds to post-secondary schools, provided that these institutions decrease and/or stabilize tuition costs. This campaign is closely linked to our request for caps on international student fees, as in BC, while domestic students have a yearly cap increase of up to 2% on tuition fees, international students do not.

- **International Student Health Fee**: in BC, international students pay a monthly fee to access health care, a basic human right. We are advocating for fairness for international students in accessing healthcare, hoping international students will be able to lead more comfortable and healthy lives across British Columbia.

- **Students Against TMX Campaign**: despite the Canadian government's approval of the Trans Mountain pipeline expansion, we hope that our continued lobbying to the federal government will lead to the immediate cessation of the expansion of the pipeline.

- **Affordable Housing for Students**: on average, Canadians living in metropolitan areas like Toronto and Vancouver spend 76% and 80% of their income on rent, respectively\(^2\). We hope to co-develop a housing strategy which includes provisions such as mandating developers in areas near university campuses to include dedicated, affordable units for students.

- **Tank Farm Safety Campaign**: The Burnaby Mountain Tank Farm poses a serious threat to the lives of students on SFU Burnaby Campus. Our campaign aims to appeal to the municipality to consider building a fire station on Burnaby Mountain.

- **Sexual Violence Prevention Support**: though well intentioned, the passing of Bill 23 in BC has resulted in additional sexual violence prevention associated costs for institutions. This campaign aims to call for a review of sexual violence and misconduct policies, federal policy regulation, and oversight and accountability procedures.

**KEY CONSIDERATION**

Lobbying is one of the most effective ways the SFSS continues to meet its campaigns and advocacy promises. As an aside, SFSS’ lobbying efforts do not involve any financial or material gain or reward for public office holders and politicians.
