### Definitions

7.1 **“Territorial Acknowledgement”** is the act of acknowledging the history and on-going act of colonialism, and that we work, play and operate on the traditional, ancestral, and unceded territories of these First Nations.

7.2 **Unceded** means that this land has never been surrendered, relinquished, or handed over in any way. This acknowledgement shall be made by the Chair at the beginning of every meeting before any other meeting business is conducted. We recognize that these acknowledgements are only one small part of disrupting and dismantling colonial structures, and that we must also actively center and prioritize all of the Society’s work around standing in solidarity with Indigenous student groups and Host nations. Standing in solidarity includes but not limited to advocating for Indigenous rights and sovereignty, showing up for Indigenous led actions, amplifying Indigenous voices, and building reciprocal relationships. For more information and education on Land Acknowledgements read Native Land Digital’s resource on “Territory Acknowledgement”.

7.3 **“Pronouns”** means what is used to refer to someone in lieu of using their name. Ensuring people’s pronouns are respected pushes the Society towards actively breaking down the enforcement of societal gender norms. We recognize that respecting people’s gender identity, especially for queer, gender non-conforming, non-binary, Two-Spirit, and transgender people, that may not conform to societal binary standards is important in making a safe and inclusive space in the Society. Pronouns can include but are not limited to He/Him, She/Her, They/Them, Ze/Zir, and Xe/Xem. Additionally, some people might not use pronouns. It is always best to ask how someone wants to be referred to instead of assuming.

**Equity & Sustainability Committee**

9.1 Council shall maintain the Equity and Sustainability as a standing committee. Any change to these terms shall be at the discretion of Council with proper consultation with all student groups that have a representative on this Committee.

**Purpose**

9.2 The purpose of this Committee shall be to center historically-excluded students in the community at Simon Fraser University within the framework of the Simon Fraser Student Society. These spaces have been notoriously governed by dominant figures in societies while excluding the most marginalized people, such Black, Indigenous, Persons of Colour; poor or low socio-economic status; immigrants; international students; sex workers, women, queer, transgender, gender non-conforming people and other LGBTQIA2S+ communities; youth and the elderly; and people with disabilities, mental health exceptionalities, and drug- addictions, etc. The SFSS acknowledges that knowledge and experience of marginalized individuals

who have lived experience are key in order to properly practice anti-oppression and Equity, Diversity, & Inclusion (EDI).

9.3 This Committee's purpose is to work towards dismantling intersecting forms of systemic oppression which includes but is not limited to: classism, ableism, capitalism, colonialism, anti-Blackness, misogyny, gender-based violence, xenophobia, Islamophobia, anti-Semitism, ageism, homophobia, transphobia, fatphobia, the various types of racism, etc.

## Definitions

### *General Definitions*

9.4 **"Constituency Group"** shall have the same meaning as in the SFSS By-Laws.

9.5 **"Marginalization"** refers to a process of social devaluation that serves to justify disproportional access to scarce social and material resources. It is a process that pushes a group or groups of people to the edge of society by not allowing them an active voice, identity or place in it. It does this through the exclusion or isolation of people from being able to participate in political, social and economic mainstreams than others in society who hold power and privilege can participate in.

9.6 **"Intersectionality"** was coined by Scholar Kimberlé Crenshaw, the term means that all systems of oppression are connected. Intersectionality recognizes that an individual is never just one thing, but a collection of identities and experiences. In many, if not most cases, it also acknowledges that one person can hold both privileged identities as well as identities that are marginalized. Furthermore, the theory states that there are various established identities that depend on demographics like gender, sexuality, age, race, ethnicity, religion, socioeconomic status and in this - different individuals or groups experience specific types of systemic oppression and discrimination.

9.7 **"Barrier"** is defined as an overt or covert obstacle; used in equity-based approaches, to mean a systemic obstacle to equal opportunities or outcomes; an obstacle which must be overcome for equality to be possible.

9.8 **“Equality vs Equity”** Equality is the ideology that everyone has access to the same opportunities. Equity recognizes that not everyone has the same advantages and attempts to close those gaps. The idea of equity is that we cannot all be equal until we recognize the differences that privilege some and disadvantage others. In more practical terms, equality would be giving everyone the same sized shoe whereas equity would be giving everyone a shoe that fits their particular size.

9.9 **“Privilege”** is defined as systemic advantages based on certain characteristics that are celebrated by society and preserved through its institutions. These can include, but are not limited to, being white, having money, being straight, or not having a disability. People are often unaware that these characteristics can act as privileges as they are so effectively normalized. Privilege is not earned but is awarded automatically based on characteristics and traits of an individual.

9.10 **“Anti-oppression”** is defined as work that involves dismantling the various systems of oppression (the “-isms”) that are deeply embedded into the fabric of society and advocates for the deconstruction of those systems and works to redress their consequences.

*Race/Culturally Related Definitions*

9.11 “**BIPOC**” is defined as Black, Indigenous, People of Colour. This is an acronym that makes the distinction of racialized individuals who face disproportionately more barriers than other groups including, but not limited to, systemic oppression, colonization, racism, capitalism, dispossession.

9.12 “**Racialized**” refers to anyone who experiences racism because of their race, skin colour, ethnic background, accent or culture. Racialized people are people of colour, Indigenous peoples and ethnic and cultural minorities.

9.13 “**Racism**” is defined as a system of disadvantage based on race. It empowers people with the ability to act on the belief that people of different races have different qualities and abilities, and that some races are inherently superior or inferior. Racism manifests in many ways, from dislike and avoidance of people based on their race to discrimination against them on an institutional level to acts of race based violence. It also exists on various level:

(a) “**Individual Racism**” defined as racism may be expressed in an overt manner but also through everyday behaviour that involves many small events in the interaction between people. This is often described as “everyday racism” and can be subtle in nature.

(b) “**Institutional or Systemic Racism**” defined as racism is evident in organisational and government policies, practices, and procedures and “normal ways of doing things” which may directly, indirectly, consciously or unwittingly promote, sustain, or entrench differential advantage for some people and disadvantage for others.

(c) “**Societal Racism**” defined as racism is evident in cultural and ideological expressions that underlie and sustain dominant values and beliefs. It is evident in a whole range of concepts, ideas, images and institutions that provide the framework of interpretation and meaning for racialized thought in society. It is

communicated and reproduced through agencies of socialisation and cultural transmission such as mass media, schools, colleges and universities, religious doctrines and practices, art, music and literature. It is also reflected in everyday language.

9.14 “**Anti-Black Racism**” refers to the pervasive and systemic nature of racism that actively targets Black bodies and communities. It is the recognition that even within racialized communities Black people are seen as the furthest from whiteness and are viewed as inferior. Anti-Black racism can take the form of underrepresentation of Black people on college and

university campuses, high rates of police violence in Black communities or the maintenance of negative stereotypes that regard Black people as dangerous, lazy or criminal.

9.16 **“Anti-Indigeneity”** is defined as the manifestation of hatred and violence against the original people of any given territory being colonized.

9.17 **“Colonialism”** is defined as the establishment, maintenance, acquisition and expansion of colonies through violence in one territory by people from another territory. The way in which colonization manifests itself may vary depending on the global location. In all forms, colonialism creates an unequal relationship between the dominant colonial state and between the Indigenous peoples of the colonized territory.

9.18 **“Whiteness”** is defined as a socially and politically constructed ideology based on beliefs, values, behaviours, habits and attitudes which result in the unequal distribution of power and privilege based on skin colour. Whiteness is a marker of social, political and economic status that is always changing based on historical context.

9.19 **“White Privilege”** refers to the systemic advantages afforded to white people with European ancestry around the world over those who are racialized and/or have ancestry that is not European. In a white supremacist system, white privilege and racial oppression are two sides of the same coin. White privilege is an historically based, institutionally perpetuated system of:

- (a) Preferential prejudice for, and treatment of white people based solely on their skin colour and/or ancestral origin from Europe.
- (b) Exemption from racial and/or national oppression based on skin color and/or ancestral origin from Africa, Asia, Oceania, the Americas and the Middle Eastern world.
- (c) Institutions and culture (economic, legal, military, political,

educational, entertainment, familial and religious) which privilege

peoples from Europe over peoples from Africa, Asia, the Americas and the Middle Eastern World.

9.20 **“White Supremacy”** is defined as a historically based, institutionally perpetuated system of exploitation and oppression of continents, nations, and racialized peoples by white peoples and nations of the European continent for the purpose of maintaining and defending a Eurocentric system of wealth, power and privilege.

Ableism is a system that places value on people’s bodies and minds based on societally constructed ideas of normalcy, intelligence and excellence. These constructed ideas of normalcy, intelligence and excellence are deeply rooted in anti-Blackness, eugenics and capitalism. This form of systemic oppression leads to people and society determining who is valuable or worthy based on people’s appearance and/or their ability to satisfactorily produce, excel & “behave.” Importantly, you do not have to be disabled to experience ableism.

SO-10: BLACK INDIGENOUS PEOPLE OF COLOUR COMMITTEE

<i>POLICY TYPE: COUNCIL POLICY</i>		
<i>POLICY TITLE: BLACK INDIGENOUS PEOPLE OF COLOUR</i>		
<i>COMMITTEE POLICY REFERENCE NUMBER: SO-10</i>		
Adopted: 2021-05-01 Next Scheduled Revision: April 2024 Previous Revisions: June 2022		
Position	Signature	Date
President		

10.1 Council shall maintain the Black Indigenous People of Colour Committee as a standing committee. Any change to these terms shall be at the discretion of Council with proper consultation with BIPOC student groups and communities.

**Purpose**

10.2 The purpose of this committee is to ensure and prioritize the voices of the Black, Indigenous and People of Colour (BIPOC) community at Simon Fraser University within the framework of the Simon Fraser Student Society, and that the lived experience of racialized folks is always considered, recognized and acknowledged. Historically Black, Indigenous, and People of Colour disproportionately face more barriers due to the constructs that have been established without BIPOC folks in mind. Academia and university settings are not exempt from the mistreatment and misappropriation of BIPOC voices.

**Preamble**

10.3 Academia as we know has been used as a tool to assimilate and indoctrinate racialized voices. This committee is to ensure that Black, Indigenous and People of Colour have the ability to speak on issues that directly affect our BIPOC communities within SFU and their educational experience. This committee shall work with Council and the SFSS to properly support racialized students from a BIPOC perspective. The role of this committee should be to support, voice opinions and give advice to where the

SFSS and SFU are lacking and to close the gaps and barriers that racialized students face in their university experience.

10.4 The SFSS prioritizes Indigenous voices, and we acknowledge that the SFSS is located on the traditional, unceded territories of the Coast Salish peoples, including the x<sup>w</sup> məθk<sup>w</sup>əyəm (Musqueam), Sk̓ wxwú7mesh Úxwumixw (Squamish), Sel̓ilw' itulh (Tsleil-Waututh), k<sup>w</sup> ik<sup>w</sup>əł əm (Kwikwetlem) and q̓ičə y' (Katzie) Nations.

### Definitions

10.5 “BIPOC” is defined as Black, Indigenous, People of Colour. This is an acronym that makes the distinction of racialized folks who face disproportionately more barriers than other groups due to the systemic oppression, colonization, racism, capitalism, dispossession etc.

10.6 “Racialized” - Racialized refers to anyone who experiences racism because of their race, skin colour, ethnic background, accent or culture. Racialized people are people of colour, Indigenous peoples and ethnic and cultural minorities.

10.7 “Barrier” - An overt or covert obstacle; used in equity-based approaches, to mean a systemic obstacle to equal opportunities or outcomes; an obstacle which must be overcome for equality to be possible.

10.8 “Colonialism” - Colonialism is the establishment, maintenance, acquisition and expansion of colonies through violence in one territory by people from another territory. The way in which colonization manifests itself may vary depending on the global location. In all forms, colonialism creates an unequal relationship between the dominant colonial state and between the Indigenous peoples of the colonized territory.

10.9 “Privilege” - Privileges are systemic advantages based on certain characteristics that are celebrated by society and preserved through its institutions. These can include being white, having money, being straight, not having a disability, etc. People are often unaware that these characteristics can act as privileges as they are so effectively normalized. Privilege is not earned but is awarded automatically based on characteristics and traits of an individual.”

10.8 “Marginalization” - a process of social devaluation that serves to justify disproportional access to scarce social and material resources. It’s a process that pushes a particular group or groups of people to the edge of society by not allowing them an active voice, identity or place in it. It does this through the exclusion or isolation of people from being able to participate in political, social and economic mainstreams than others in society who hold power and privilege can participate in.

10.9 “Systemic Barriers” refers to the systems that have been established without Black, Indigenous, and People of colour in mind and are often excluded.

Date Approved: 2021-04-

SFSS Council

10.10 "Systemic Oppression" refers to how the systems of our society have inherently created disadvantages to Black, Indigenous, and People of colour. Including but not limited to patriarchy, sexism, heteroism, racism, ableism, ageism, militarism, and colonialism.

10.11 "EDI" is defined as Equity, Diversity and Inclusion. EDI is brought forward from individuals who have lived experience, and the SFSS acknowledges that these are key factors in order to properly practice EDI.
